

Sunset Review

The Credit Union Commission and Credit Union Department were subject to a Sunset review by the 81st Texas Legislature in 2009. The Sunset process allows the Legislature to review the mission and operations of the state agency to determine whether there is a need for the agency to continue to exist. As a result of the review, the Legislature approved legislation to continue the Department as an independent agency for 12 more years. The final report detailing the Legislature's actions related to the Department's sunset review in 2009, as well as the self evaluation report prepared by the Department's staff in 2007, are included below.
