I. INTRODUCTION

It is the purpose of the Commission Policies Manual to provide a codification of Commission policies established directly or indirectly through the recorded actions of the Commission. As new policies are enacted or present policies revised or rescinded by the Commission, such additions or changes will be issued by the Commissioner and, inserted in the Commission Policies Manual in the proper place according to subject. It is essential that in order for such a document as this to be effective and useful, it be kept current. The format and system is organized accordingly.

The manual is structured for use by the Commission as a ready reference to existing policies and to aid in determining areas where policies are lacking or where policies need review and possible revision. It is also designed to provide administrative staff with full knowledge of all Commission policies that have been established.

2. **Special Meetings.** Special meetings may be called by the Chair, the Commissioner or any five members of the Commission at such times, dates, and places as become necessary for the transaction of Department business. Notice of all special meetings shall be posted in compliance with applicable provisions of the Texas Open Meetings Act.

4. **Public Input for Non-Agenda Items.** At the beginning of each meeting, the Chair will provide an opportunity for the public to comment on matters regarding rulemaking that are not scheduled items on the agenda. Persons wishing to comment must state their name and who they represent for the record. Unless authorized by a majority vote of the meeting quorum, the comments of those persons will be limited to no more than five (5) minutes.
5. **Public Input for Agenda Items.** For each item on the agenda, the Chair will provide an opportunity for the public to comment. Unless authorized by a majority vote of the meeting quorum, the comments of those persons will be limited to no more than ten (10) minutes.

6. **Transaction of Business.** The Commission may transact official business only when in session and shall not be bound in any way by any statement or action on the part of any individual member except when such statement or action is in pursuance of specific instructions of the Commission. No order or decree shall be adopted by the Commission except in open meeting and in accordance with the Texas Open Meetings Act (Chapter 551 of the Government Code).
7. **Agenda.** The Chair, in cooperation with the Vice-Chair and the Commissioner, shall prepare and submit to each member of the Commission, prior to each meeting, an advance copy of an agenda, outlining matters that should be considered and such other matters, materials, and information as members have requested to be included for consideration.

Copies of such reports should be made available to all members of the Commission.

10. **Rules of Order.** Meetings of the Commission shall generally be informal, with customary motions and secondings. Robert's Rules of Order shall apply if so declared by the Chair, or by a majority of members present at any meeting. If Robert's Rules of Order are invoked, a parliamentarian will be designated by the Chair.

The format of the minutes shall generally follow the agenda and will include pertinent dialogue where feasible.
12. **Recessed Meetings.** A meeting of the Commission and its committees may recess to the next calendar day when it does not complete consideration of a particularly long subject. If two or more days have elapsed since deliberation on the item was suspended, an additional and separate posting requirement can be waived by a majority vote of the meeting quorum when circumstances require a meeting to be held and no practical means exists to post notice prior to reconvening the meeting.
13. **Attendance Expectations.** Members of the Commission are expected to attend all regularly scheduled meetings. It is understood, however, that there may be times when members must miss a meeting due to circumstances beyond their control such as illness, bereavement, military obligations, jury duty, or weather conditions. Upon a motion of a member, the Commission may vote to excuse these types of absences on a case-by-case basis. The minutes of each meeting shall reflect whether the absence of a member was excused by the Commission.

Members are expected to provide prior notice to the Commission of any meeting they will miss. Notice of an unexpected absence due to illness or other emergency shall be given as soon as possible. Missing a meeting without notification is unacceptable and such absence will not be subsequently excused by the Commission.

F. **Motions for Oral Arguments**

As provided in 7 TAC Section 93.603, any party who has filed a motion for appeal to the Commission and who has timely requested oral argument may, if approved, argue the case to Commission during the public meeting called to consider the matter. In order to promote administrative efficiency and to expedite decisions on properly filed requests, the Chair is authorized to grant or deny the request. If granted, the Chair will set the time that will be allowed for argument and may determine the issues on which argument will be allowed. The party must complete argument in the time allotted and may continue after the expiration of the allotted time only by a majority vote of the meeting quorum. A party's failure to request oral argument waives the party's right to argue. But even if a party has waived oral argument, the Chair may direct the party to appear and argue.

Oral argument should emphasize and clarify the written arguments in the motion for appeal. The party should assume that all members of the Commission have read the motion before oral argument and the party should be prepared to respond to questions. A party should not refer to or comment on matters not involved in or pertaining to what is in the record.

III. **GENERAL POLICIES OF THE COMMISSION**

It is the policy of the Commission to:

- A. Welcome suggestions from the public and to solicit professional and technical advice and the thinking of citizens from all walks of life.
- B. Conduct its deliberations and to arrive at its decisions by acting as a full Commission, and to never delegate the power of decision to any permanent or standing committee.
- C. Function as a policy-forming Commission and seek the advice and counsel or professional leadership from within the Department, through the Commissioner, as well as from outside sources in establishing programs for the benefit and welfare of the people of Texas, and to carry out the intent and spirit of the Legislature.
- D. Provide the Commissioner with the opportunity to be heard and render his advice and recommendations on all matters under consideration by the Commission prior to the final action.

- E. Give direction and support to the Commissioner in carrying out the policies established by the Commission and in the discharge of his general administrative duties and responsibilities.
- F. Deal with the Department, both as a Commission and as individual members, only through the Commissioner or his/her designee.
- G. Consider the design of the service delivery system of the Commission to be a matter of policy.
- H. Support an affirmative action program to ensure equal employment opportunity and nondiscrimination because of race, color, religion, age, sex, national origin, or handicap in the provision of services and in personnel practices and procedures.
- I. Support the general health of both visitors and employees of the Credit Union Department by declaring that there will be NO SMOKING allowed in the Credit Union Department Building.
- J. Establish a Credit Union Department sick leave pool pursuant to Chapter 661 of the Government Code, Subsection A, to assist employees who suffer a catastrophic injury or illness and have exhausted all accrued leave. The sick leave pool will be under the day-to-day control of the Commissioner who may appoint an employee of the Department to administer its operation.
- K. Continually improve the quality of its rules, by minimizing regulatory burdens on the public and the credit union movement, and generally by ensuring that its rules achieve legislative goals effectively and efficiently. The Commission will be guided by the following principles in its promulgation and review of rules.
 - 1. Burdens imposed on the credit union movement and the public should be minimized. Before issuing a rule the Commission will give careful consideration to the need for such an issuance. Frequently, a rule is required by statute. Alternatively, the Commission may identify a need for a supervisory tool to implement its statutory obligations, or to clarify its position for the benefit of the credit union movement or the public. Once the need for a rule is determined, the Commission will seek to minimize to the extent practicable the burdens which such issuance imposes on the credit union movement and the public. New reporting and recordkeeping requirements imposed by a rule will be carefully analyzed. The effect of the rule on competition within the movement and the financial services industry will be considered. Particular attention will be focused on the impact that a rule will have on small credit

unions and whether there are alternatives to accomplish the Commission's goal which would minimize any burden on small credit unions. Prior to issuance, the potential benefits associated with the rule will be weighted against the potential costs.

2. Rules should be clearly and understandably written. The Commission will seek to make its rules as clear and as understandable as possible for those persons who are affected by them. In developing or reviewing existing rules, the Commission will consider the rule's structure as well as the specific language used; both are important components to achieving a clear and useful rule.
3. The public should have a meaningful opportunity to participate in the rulemaking process. The Commission will seek to improve its rules during the development phase. Whether a new rule is being promulgated or an existing one revised, the Commission will give careful consideration to the implications of its actions as public policy. Public participation in the rulemaking process is an opportunity for the Commission to hear directly from affected members of the public with important experience and thoughtful insights related to the pertinent issues. A person or credit union may petition the Commission for the issuance, amendment, or repeal of any rule by submitting a written petition to the commissioner. The petition should include a complete and concise statement of the petitioner's interest in the subject matter and the reasons why the petition should be granted.
4. All rulemaking will be carried out in accordance with the Administrative Procedures Act, by which the Commission will provide the public with notices of proposed rulemaking and opportunities to submit comments on the proposals. All comments and proposed alternatives received during the comment period will be considered prior to the issuance of a final rule. The Commission takes final action on proposed rules as promptly as circumstances allow. If a significant period of time elapses following publication of a proposed rule without final action, the Commission will consider withdrawing the proposal or republishing it for comment. If the Commission decides to reconsider a proposed rule that has been withdrawn, it will begin the rulemaking process anew.

5. Rules should be reviewed periodically. To ensure that the Commission's rules are current, effective, and efficient and continue to meet the principles set forth in this statement of policy, the Commission will periodically undertake a review of each rule. The Commissioner will, consistent with applicable laws, establish a schedule and procedures for the reviews. Factors to be considered in determining whether a rule should be revised or eliminated include: the continued need for the rule; opportunities to simplify or clarify the rule; the need to eliminate duplicative and inconsistent rules; and the extent to which technology, economic conditions, and other factors have changed in the area affected by the rule. The result of this review will be a specific decision for each rule to be either revised, rescinded or retained in its then-current form.

IV. RESPONSIBILITIES OF THE COMMISSION

- A. The Commission shall be responsible to the public for the overall conduct of the Department with specific reference to:
 1. Responsibility for the management and administration of the Department's funds, subject to any restrictions or requirements imposed by the Government Code.

If the facts of the grievance support the Commissioner's response, the Chair or his designee shall affirm the Commissioner's resolution. Otherwise, the Chair or his designee shall initiate an investigation,

reach a final decision, and furnish a copy of the findings and final decision to the Commissioner and the grievant within 10 working days following receipt of the grievance by the Chair. The 10 working days may be extended by the Chair with the concurrence of the grievant.

The review and response to the employee grievance are confidential and will be treated as such. Any discussion regarding the grievance should be restricted to those individuals who are responsible for responding to the complaint and those having knowledge pertinent to the investigation, resolution and/or response.

- E. **Public Members.** The disadvantage that public members may have by not having a sponsor organization to fund attendance at training conferences is recognized and shall be considered in formulating budget requests and in scheduling public members for conferences.

- A. Upon taking office as members of the Commission, all members will receive a Commission pin that identifies them to the public as an official overseeing the regulation and supervision of the state credit union system.
- B. Upon the resignation of or completion of a term of office for a member, the Commission will adopt a resolution of appreciation to recognize the service of that member. The Commissioner shall provide details related to conservatorship activities as follows:
1. Conservatorship orders issued during the past quarter,
 2. Deviations from the standard contract, if any, and
 3. A summary of the cost of each conservator by credit union.
- U. The Commissioner shall immediately notify the Commission members of any request for a hearing to appeal a conservation order.

XII. AUTHORITY TO APPROVE DOCUMENTS INVOLVING BUDGETED FUNDS

The Commissioner is authorized to delegate to any officers or employees of the Department authority to place their signatures on any account pertaining to funds of the Department.

XIII. STRATEGIC GOALS

Four strategic goals guide the operations of the Department and directly support the vision of the Commission:

- To ensure a safe and sound credit union industry.
- To provide a flexible regulatory framework that enables credit unions to provide a full competitive array of financial services.
- To safeguard the interest of credit union members.
- To develop a professional and motivated staff that provides quality service to the citizens of Texas and supports achievement of Department's statutory mission.

XIV. LEGAL COUNSEL

The Commissioner, other Department staff, and Commission members shall consult with the Attorney General's Office as needed on matters germane to their duties and responsibilities.

Outside legal counsel other than the Attorney General shall be retained only upon approval of the Commission and Attorney General.

XV. ETHICAL STANDARDS

It is of the highest importance that the people of the State of Texas have complete confidence in the integrity of their public servants. This need is especially critical in the area of financial services regulation. The responsibility for supervising and regulating the credit unions of the State carries with it the duty to adhere to the highest ethical standards and principles. It is for this reason that these standards are adopted by the Credit Union Commission.

- A. **Principles.** Maintaining the trust and confidence of all those with whom the Department comes into contact is critical to the Department's success. That trust and confidence depends on the Department's reputation for acting ethically, with integrity and to the highest professional standards. Therefore, the Department, its staff, and Commission Members shall strive at all times to avoid acting in such a way as would, accidentally or otherwise, bring the Department into disrepute.

- B. **Code of Conduct.** The Department does not proscribe limits to or interfere in the way staff or Commission Members choose to enjoy their personal or private time. However, staff and Commission Members must be aware that, in the eyes of the public, any Department-related activity in which they are involved cannot be wholly divorced from their association with the Department, and therefore may reflect on the Department or be attributed to it. In any situation which they are or may appear to others to be acting on behalf of the Department, staff and Commission Members shall take care to ensure not only that personal motivations and interest do not conflict with those of the Department, but also that they do not appear to do so to the perception of an outside observer. Staff and Commission Members shall therefore uphold the Commission's Ethical Standards in all situations where they might reasonably be regarded as representing the Department. Specifically, Department staff and Commission Members must avoid action, whether or not specifically prohibited by statute, which might result in or create the appearance that they are:

- Using public office for private gain;
- Giving preferential treatment to a person or group;
- Losing the ability to make independent and impartial decisions or recommendations; and
- Conducting themselves in a manner that would adversely affect the public's confidence in the integrity of the Department.

C. **Code of Ethics.** In all actions, activities and relationships the Department, its staff, and Commission Members will act with the highest standards of integrity and objectivity. Specifically, they must:

- Act with honesty and integrity, and never knowingly mislead any person.
- Be impartial, ensuring that they declare and make known personal interests and do not give or receive any inducement which could, or could be seen to, be corrupt or conflict with the interest of the Department.
- Comply with applicable laws, rules and regulations.
- Maintain the confidentiality of information entrusted to them by the Department or credit unions except when authorized or otherwise legally obligated to disclose.
- Deal fairly with credit unions, credit union members, and staff.
- Provide information that is accurate, objective, relevant, timely, and understandable.
- Protect and ensure the proper use of State resources and assets.
- Promptly report any illegal or unethical conduct to management or other appropriate authorities.

D. **Conflict of Interest.** As representatives of the Department, staff and Commission Members are obligated to place the interest of the Department, in any transaction involving the Department, ahead of any personal interest or personal gain and to disclose all facts in any situation where potential conflict of interest may arise. Involvement in any activity or occupation in which an individual may have a "private or personal" interest with an entity under the Department's jurisdiction could be interpreted by the public as a potential conflict of interest, and thereby a breach of ethical standards. Any such involvement must be properly disclosed by the individual who will then recuse him- or herself from any dealings with the entity.

E. **Equal Opportunity.** The Department shall be committed to providing a work environment that values diversity and provides opportunities regardless of race, color, religion, gender, national origin, sexual orientation, marital status, age, or disability. This commitment applies to both applicants and staff in all phases of

employment including recruiting, hiring, placement, training, development, transfer, promotion, demotion, performance reviews, compensation, benefits, and separation from employment.

- F. **Specific Restrictions.** Lending transactions and deposit relationships with credit unions by individuals having regulatory authority over those institutions could be interpreted by the public as a conflict of interest. Such unfavorable perceptions could diminish public confidence in credit unions or the regulatory agency. Therefore, neither the Commissioner nor the Deputy Commissioner may be a member of, or be directly or indirectly indebted to, any credit union under the Department's jurisdiction, or any affiliate of such credit union. In addition, examiners may not become directly or indirectly indebted to a credit union supervised or regulated by the Department or an affiliate of a credit union supervised or regulated by the Department. Any other individual employed by the Department may become a member of or be indebted to a credit union provided that the terms of the arrangement are no more favorable than those available to the general membership and the relationship is fully and properly disclosed to the Department before funding. The prohibition on indebtedness to a credit union or an affiliate does not apply to an examiner if the indebtedness was permissible when incurred and became prohibited as a result of employment by the Department or circumstance over which the examiner has no control, including a merger or purchase or sale of assets involving a credit union or an affiliate. An examiner may not knowingly participate in or consider any matter concerning the credit union or affiliate to whom the examiner is indebted. An examiner's indebtedness already in existence before the effective date of this policy change, may be continued as long as no additional funds are advanced and the indebtedness is not modified on terms more favorable than those extended to other credit union members.
- G. **Outside Activities.** It is recognized that the Commissioner and other staff may be asked to serve on the boards, councils or other governing or advisory bodies of various business, civic, professional, and social organizations in non-compensated positions. Such service is generally deemed to be in the best interest of the Department because it broadens the experience of the individuals involved and exposes the Department to a larger audience of business, civic, professional, and social leaders. Such involvement, however, must be properly disclosed by the individual.

- H. **Department Policies.** The Commissioner may, as deemed necessary or appropriate, adopt more specific policies to refine or implement these standards.

XVI. USE OF TECHNOLOGY

The Commission recognizes that technology is an enabler: it can help government operate efficiently and even expand services. Recognizing that the development of technology resources must be conducted in a secure, deliberate, and cost-effective manner, the Commission is committed to using technology to support Department priorities and program delivery, to increase productivity, and to enhance services to the public.

To implement this commitment for greater use of technology, the Department will research and propose appropriate and affordable technological solutions for improving the Department's ability to accomplish its statutory mission. All technological solutions, at a minimum, shall:

1. ensure that the public can easily find information about the Department on the Internet;
2. ensure that credit unions and their members who need to use a Department service or function are able to:
 - a. interact with the Department through the Internet;
 - b. access any service or function that can be provided effectively through the Internet;
 - c. be respectful of individual privacy;
 - d. be secure from unauthorized access; and
 - e. be developed through the Department's planning processes and within budget.

XVII. NEGOTIATED RULEMAKING AND ALTERNATIVE DISPUTE RESOLUTION

The Commission is committed to the use of alternative dispute resolution (ADR) and negotiated rulemaking (NRM) as management tools to resolve disputes at an early stage, in an expeditious, cost effective, and mutually acceptable manner. The Commission adopts this policy to express its support for the appropriate use of ADR and NRM. The procedures used by the Department shall conform to the applicable model guidelines set out by the

State Office of Administrative Hearings and shall comply with the requirements of Chapters 2008 and 2009 of the Government Code.

This policy is intended to apply to the resolution of disputes in contract administration, disputes in litigation (except as noted below), and internal disputes, such as those between employees and management. It is not intended to apply to examinations and investigations. In addition, the need to ensure that law enforcement function is not compromised, the need to ensure uniform treatment, and the need for judicial resolution or precedent, make ADR generally unsuitable for challenging enforcement of state laws and rules. This policy is also not intended to apply to situations where the Department seeks a temporary restraining order. Taking into account these factors, as well as budgetary constraints, the Department will consider the use of a consensus building process, using a neutral facilitator and a balanced negotiating committee composed of representatives of all interests that the situation will affect.

The Commission believes that NRM will be most appropriate when the new or existing rule that the Department is developing or amending would have a major effect on the industry or the public and is not mandated by statute or federal regulation. In situations where the formality of NRM is not necessary, the Department will consider using interest-based negotiation or policy dialogue to solicit stakeholders' views of and suggestions for proposed new or amended rules, as well as any other issues that affect the industry or public.

The Department's ADR and NRM proceedings will rely on a neutral third party from the State Office of Administrative Hearings to facilitate resolution of the situation. The Commission believes that ADR and NRM are most successful where a neutral or impartial third party, with no vested interest in the outcome of a situation, allows the parties themselves to attempt to resolve the situation. Neutrality will maintain the integrity and effectiveness of the ADR and NRM program. In furtherance of its commitment to ADR and negotiated rulemaking, the Commission designates the Assistant Commissioner to coordinate the implementation of the policy, to serve as the resource for any necessary training, and to collect data concerning the effectiveness of the procedures.

The choice of when and how to use ADR and NRM is within the discretion of the commissioner, subject to the agreement of the parties, and does not create any right to judicial review of the commissioner's decision. In addition, the policy does not obligate the Department to offer funds to settle any case, or to accept a particular settlement or resolution of a dispute.

XVIII. BUDGET POLICY

The financial integrity of the Department is of vital importance. Written financial policies assist the Commission and staff in the financial management of the Department, save time and energy when discussing financial matters, engender public confidence, and provide continuity over time as Commission and staff changes occur.

- A. Goal.** The goal of the Commission's budget process is to achieve a balanced budget while maximizing resources and allocating those resources to align with the Department's statutory mission. To achieve this goal, the commissioner has the responsibility to submit an annual operating budget to the Commission each fiscal year. This policy outlines the general guidelines for budgeting and the budget process at the Department. The Department budget expresses, in terms of dollars, the funded programs and plans of the Department for the fiscal year and the estimated revenues necessary to finance these programs and plans.
- B. Strategic Plan.** The Department's strategic plan provides the framework for the annual budget process. The commissioner is responsible for identifying resources needed to achieve the goals in the Commission approved strategic plan.
- C. Balanced Budget.** The Commission is required annually to approve a budget for the Department. Typically, budgeted expenditures should not exceed budget revenues in any given year. All or a portion of the reserve fund balance, however, may be used for such things as non-recurring expenditures or to replace temporary declines in revenues at the discretion of the Commission.
- D. Commission Guidelines.** Each budget year will have unique assumptions depending on circumstances and Commission priorities. A schedule of these budget assumptions will be prepared each budget cycle and approved by the Commission at its February meeting. It is the responsibility of the commissioner to insure that all budget assumptions for a given fiscal year are incorporated into the budget and are carried out operationally.
- E. Budget Adoption.** The budget shall be adopted not later than August 31 of each year; but, in the event the budget is not adopted, the budget for personnel and essential operating supplies made in the previous fiscal year shall be extended until the new budget is adopted.

- F. Budget Controls.** The Department shall develop appropriate controls and procedures and insure that established control limits are not exceeded. Summary management reports should be prepared quarterly for the Commission to evaluate the current financial status of the agency.
- G. Limitation on Department Employment Levels.** Without the approval of the Commission, the commissioner may not use budgeted funds to pay all or part of the salaries or benefits of a number of employees which would cause the number of the employees to exceed the figure indicated in the budget. This limitation, however, does not restrict the statutory authority of the commissioner to negotiate, contract, or enter into an agreement for professional or personal services to carry out the powers, duties, and responsibilities of the Department.
- H. Revenue.** Generally, projected revenues available to balance a fiscal year budget will be determined solely from the operating fees generated from 7 TAC Section 97.113 and any examination fees paid by residential mortgage loan originators employed by a CUSO. One-time revenue sources may be used for one-time expenditures, such as capital items or short-term contractual obligations of durations of less than twelve months.
- I. Revenue Estimates.** The Department will submit revenue estimates annually to the Commission. Revenues should be estimated using a conservative approach to avoid any budget shortfalls during the fiscal year.
- J. Fees.** The Department is self-supporting; therefore, fees must be established at a level that ensures, at a minimum, the recovery of the full cost of operating the Department. The Department will review all fees, at least biannually, and recommend changes based on factors such as the impact of inflation, indirect cost adjustments, and any other related expenses that impact the cost of providing services to credit unions and the citizens of Texas.
- K. Collections.** The Department will monitor revenue collection throughout the fiscal year. When revenue is less than estimated, the commissioner shall initiate action consistent with prudent financial management and notify the Commission of such action.
- L. Replacement/Capital Improvement Plan.** Annually, an updated three-year Replacement/Capital Improvement Plan (RCIP) will be developed and submitted to the Commission for approval. The RCIP must include:

1. A list of proposed maintenance projects or capital improvements with cost estimates and the recommended time schedules for each item.
 2. Capital projects presented in the RCIP will show related new operating and maintenance costs.
- M. Unexpended Funds/Excess Revenue.** Unobligated and unexpended funds in the budget and any revenue collected in excess of budgeted expenditures will be retained in the interest-bearing deposit account in the Texas Treasury Safekeeping Trust Company for future use as determined by the Commission.
- N. Limitation on Use of Funds.** The Department may only expend funds for items set out in the expenditure classifications of the Comptroller's Manual of Accounts.
- O. Reimbursements.** Any reimbursement or refund of expenditures received by the Department for an authorized program or service will be credited back to the budget items or accounts from which the expenditures were originally made.
- P. Position Classification Plan.** Expenditures for the salaries of staff will be governed by Chapter 654, Government Code, Chapter 659, Government Code and Article IX, Section 2.01 of the Appropriations Act for the current biennium.
- Q. Salary Limits.** Staff will be paid salaries at rates within the applicable salary schedules provided in Article IX of the Appropriations Act for the current biennium.
- R. Scheduled Exempt Position.** The Commission shall set the salary of the commissioner. The rate of compensation provided for the commissioner shall be guided by Chapter 654, Government Code, Chapter 659, Government Code and the Scheduled Exempt Position Salary Rates established in Article IX, Section 3 of the Appropriations Act for the current biennium.
- S. Travel Expenses.** All requests for payment or reimbursement of travel related expenses will comply with Chapter 660, Government Code, Article IX of the Appropriations Act for the current biennium, and the Comptroller's Rules.
- T. Reimbursement Rate.** Commission Members and staff traveling on official state business will be reimbursed at rates that will not exceed the rates announced by the Comptroller for other State employees.

- U. **Retired Employees.** The Department's annual budget shall provide sufficient funding to pay the Department's share of retired employee health care cost.
- V. **Supervisions and Conservatorships.** Any funds received by the Department pursuant to supervision or conservatorship proceedings, as authorized by Section 126.001, Finance Code, are approved to pay/reimburse costs related to such proceedings, including the salary and per diem of the appointed supervisor or conservator.
- W. **Gifts or Grants.** Any gifts or grants approved by the Commission will be separate authority to expend funds for the purpose indicated, and will be accounted for separately from the budget.
- X. **Performance Measures.** The Department's annual budget and operating plan should also include performance measures for each major goal of the agency. Performance measures are predicated on the expected outcomes of services and programs and should focus on the most meaningful results. Performance measures must be updated annually at a minimum.
- Y. **Amendments to the Budget.**
 - 1. Funds budgeted may be transferred by the commissioner from one budget item to another budgeted item in an amount not to exceed 12.5 percent of the budgeted item from which the transfer is made.
 - 2. Revisions of Overall Expenditure Total. Budget revisions to one or more functional areas that increase the overall Department budget must receive the prior approval of the Commission.

XIX. RESERVE POLICY

This policy is adopted by the Commission to serve as a framework for the Commission to determine the purpose, amount, and restrictions on reserves of the Department.

- A. **Objective.** The Commission recognizes that maintaining sufficient reserves will ensure adequate funding for the needs and obligations of the agency including:
 - Sustaining the agency through an unexpected financial crisis.
 - Financing contingencies or emergencies as defined by the Commission.
 - Purchasing equipment and repairing and maintaining facilities to assist staff in meeting the mission of the agency.

- Covering extraordinary liability claims and deductible levels specified in the agency's insurance policies.
- Funding required lump sum payments of accrued vacation and sick leave

Adequate reserves will minimize the impact of these events on future assessments and ensure that the resources used to generate today's programs are replaced by those credit unions that are receiving the benefits today.

B. Reserves for the Department. The Department will maintain a Contingency Fund Reserve consisting of six sub-accounts, each of which has a specific purpose, calculated level of need, and restrictions on use. The sum of the aggregate funds in the six sub-accounts is limited to \$845,000, unless a different level is determined by the Commission to be necessary to sustain the Department's operations. The sub-accounts are:

1. Building & Equipment Account

Purpose: To provide funds for fixed asset purchases and deferred capital/maintenance projects to repair or renovate the Credit Union Department Building.

Restriction of use: The Commission may release funds from the Building and Equipment Account for each budget cycle that anticipates fixed asset purchases or any time unanticipated major building repairs or maintenance expenses arise.

Level: The Building & Equipment Account will be equal to an amount deemed sufficient by the Commission to fund needs over the upcoming 5 years, which at a minimum balance shall be 2.5% of the Department operating budget or \$70,000, whichever is less. The following guidelines will be used in determining sufficiency of the fund level:

- Ongoing equipment replacement will be scheduled at regular intervals to minimize the impact on cash flow while preserving the agency's need for updated technology and facilities.
- Equipment needs specific to new program development and delivery will be included in those specific proposals rather than as part of the larger agency replacement and upgrade schedule.

2. Operations Account

Purpose: To provide operating funds to sustain the agency through an unexpected financial crisis or emergency.

Restriction of use: The Commissioner will advise the Commission of significant events affecting the agency that require use of the account. The Commission may release funds from the Operations Account.

Level: The Operations Account level should be sufficient to fund a total of one month of agency expenses or \$235,000, whichever is less. The examination and supervisory functions are considered essential to the mission of the Department and would be continued long-term, even in the event of economic or political adversity. One month is assumed to be a reasonable adjustment period. This timeframe is set to allow the Commission and management to determine which programs are essential to the continued operations of the agency, assess the factors that necessitate the use of account funds and make plans to operate within new parameters of the agency and its environment.

3. Lump Sum Accrued Leave Payment Account

Purpose: To provide funding to pay accrued vacation and sick leave as required by the Texas Government Code Sections 661.031-.038 and Sections 661.061-.068.

Restriction of use: The Commissioner will advise the Commission of significant events relating to an employee's separation/terminating state employment that require use of the account.

Level: The Lump Sum Accrued Leave Payment Account level should be sufficient to cover the projected accrued liability at the beginning of each fiscal year or \$200,000, whichever is less. The actual activity affecting the account will be evaluated annually to determine if the amount needs to be adjusted further. Actual payments of vacation and sick leave to retiring/terminating employees, and the appropriate payroll taxes and expenses thereon, will be the only charges to this account. Vacation or sick leave used will not be charged to this account.

4. Audit Account

Purpose: To provide funds to pay for unanticipated or excessively long audits by the State Auditor's Office or other State agencies.

Restriction of use: The Commission is authorized to release funds from the Audit Account for any unanticipated audit.

Level: The Audit Account will be not more than \$30,000.

5. Enforcement & Regulatory Response Account

Purpose: To provide a fund to bolster the examination and supervision programs when it is necessary to significantly increase monitoring of credit unions or to pay unusual legal costs associated with operating the Department or enforcing credit union compliance with applicable laws.

Restriction of use: The Commissioner will advise the Commission of significant events affecting the agency that require use of the funds. The Commission may release funds from the Enforcement & Regulatory Response Account.

Level: In order to lessen the effect on credit unions of a special assessment, the Enforcement & Regulatory Response Account will be not more than \$300,000.

6. **Insurance Account**

Purpose: To provide funds to cover extraordinary liability claims and deductible levels specified in the agency's insurance policies.

Restriction of use: The Commissioner will advise the Commission of significant events affecting the agency that require use of the funds. The Commission may release funds from the Insurance Account.

Level: The Insurance Account will be not more than \$10,000.

C. Investment of Reserve Funds. Since capital preservation and liquidity are the two main objectives for the investment of Contingency Reserve funds, investments will be one with a short-term and safety focus. Following are the investment guidelines for the investment of reserve funds:

- Maturity for any investment should be no more than 12 months.
- At least 25% of the investments shall have a maturity of less than 90 days.
- All investments must be made through the Texas Treasury Safekeeping Trust Company.

All income earned from the investment of the funds contained in the Contingency Fund Reserve will be credited to the Operations Account.

D. Adjustment of Reserve Levels. Account levels will be set each year in conjunction with the preparation of the Department's annual budget. Any funds in excess of the prescribed sub-account level or the Contingency Fund Reserve aggregate limit as of August 31 of each year shall be used to reduce the operating fees for Texas credit unions during the next fiscal year.

In the event that any of the account levels fall below the prescribed level, the Department will propose strategies to replenish the applicable account balances over a period not to exceed two years. The strategies for replenishing the accounts may include using one-time revenues, reducing expenses, suspending programs not linked to strategic goals, increasing revenues, or any combination of those strategies. If the results of the reserve drawn down and its replenishment causes an extreme burden on credit unions, then the replenishment may, by Commission approval extend beyond the two years to a maximum of four years.

**CREDIT UNION DEPARTMENT, STATE OF TEXAS
COMMISSIONER SUCCESSION PLAN**

Purpose. The purpose of this succession plan (“the Plan”) is to have a process for choosing a Commissioner in the event of a planned or unplanned departure of the incumbent.

Definitions.

A *planned departure* is a voluntary retirement or resignation, or a resignation requested by the Commission with an effective date of thirty days or more.

An *unplanned departure* is one that results by reason of death, an immediate termination of an incumbent Commissioner by the Commission, or the inability of the Commissioner to discharge the duties of the office. An unplanned departure may also be deemed to occur in the event of the Commissioner’s resignation or retirement with an effective date of less than 30 days.

Inability of the Commissioner to discharge the duties of the office can be signified upon either:

1. A written declaration of the Commissioner that he or she is unable to discharge the duties and responsibilities of the office of Commissioner; or
2. Receipt by the Commission of information, which leads the Commission to conclude, in its sole judgment, that the Commissioner is unable to discharge the duties and responsibilities of the office of Commissioner.

Implementation. When this Plan becomes operative, the Commissioner Evaluation Committee (“the Committee”) shall immediately assume responsibility for the succession process. The Committee will also serve as the Commission’s search committee for purposes of carrying out the Plan. As soon as possible, the Chair of the Committee shall call for a meeting of the Committee to consider its action plan. This action plan should address, at least, the following matters:

1. If the incumbent Commissioner will continue in office, the effective date of the retirement or resignation. The date should be acceptable to the Commission and the Commissioner, should provide a reasonable time to search for a successor, and should be sufficiently in the future to permit orientation of the new Commissioner and an orderly transition.
2. If the incumbent Commissioner continues in office, whether there should be a change in the authority, duties, and responsibilities of the office.
3. The extent to which the Committee wishes to call upon the incumbent Commissioner and other staff members to assist the Committee during the transition to an interim or permanent Commissioner.

4. Whether an interim Commissioner will be required and, if so, the date upon which the person should assume office.
5. The identification of possible candidates for interim Commissioner and procedures for the selection of an interim Commissioner. The job description of the Deputy Commissioner specifies that he or she may exercise the powers and prerogatives of the Commissioner during the Commissioner's absence or inability to act.
6. Whether a search should be undertaken and, if so, how broad the search should be.
7. If a search is to be undertaken, whether to engage a consultant or search firm to assist the Committee with the search, and, if so, engaging the consultant or firm in accordance with State procurement requirements.
8. The Committee should also determine the specifics of the application process such as the deadline for applications, the confidentiality of its proceedings, procedures for identifying and interviewing candidates, whether to do background checks, procedures for narrowing the list of candidates, for checking references and for final interviews, whether final interviews should be conducted by the full Commission, and procedures for making an offer of employment.

Interim Commissioner. If the Committee determines that the appointment of an Interim Commissioner is necessary or advisable, the Chair of the Commission shall call for a meeting of the Commission to consider the matter. Any person appointed by the Commission as Interim Commissioner shall have the full authority for decision-making and independent action as the incumbent Commissioner. The Interim Commissioner shall receive a temporary salary increase to the entry-level salary of the Commissioner position or to 5% above his or her current salary, whichever is greater. In no event, however, may the interim Commissioner salary exceed the amount indicated in the Appropriation Act for Department's "Schedule of Exempt Positions".

Transition Planning. In the case of any planned or unplanned departure of the incumbent Commissioner, the Chair of the Commission, the Chair of the Committee, and the incumbent or interim Commissioner shall meet as often as necessary to plan, among other matters, the following:

1. The availability of funds for the transition, including the potential compensation package to be offered to a Commissioner candidate.
2. The orderly transition of the duties and responsibilities of the office of Commissioner to any successor; and
3. The manner in which succession events (concerns with confidentiality, departure, selection process, press releases) are to be announced, including the notification of key interested persons.

Attributes. Candidates should have the requisite personal attributes for the office of Commissioner, including:

- Sufficient experience, stature, and reputation in the credit union movement, regulation, or professional life to command respect as Credit Union Commissioner.
- Professional and business management skills, preferably gained in a credit union or regulatory agency.
- Experience of relationships at Board level in one or more major bodies.
- Intellectual strength, sound business acumen, integrity, and an ability to consider and discuss issues laterally and strategically.
- Awareness of political, regulatory, market, and consumer issues together with an understanding about not-for-profit cooperative financial institutions.
- Sound interpersonal skills and an ability to make good judgments of people.

Plan Review. The Committee shall review the Plan annually in the context of current affairs within and outside of the Department. The annual review of the Plan should include a review of the most recent position description for the Commissioner. It should also include recommendations to the full Commission for any amendments to the Plan or to the Commissioner position description. In addition, after each use of the Plan, the Committee shall meet to discuss how the Plan worked and shall make recommendations for modifications to the Plan based on its experience with the Plan.
