## **FY 2022 Annual Operating Plan & Budget**

---

### **INTRODUCTION**

In accordance with Chapter 16 of the Finance Code, the Department has crafted the following *FY 2022 Annual Operating Plan and Budget*. This document aligns the goals and measures developed for the Department's *Strategic Plan for Fiscal Years 2021-2025* with the Department's proposed budget. It aims to improve the links between the Department's resource needs, effectiveness, and outcomes.

### **THE DEPARTMENT TODAY**

The Department is a self-directed and semi-independent agency that is responsible for ensuring a safe and sound credit union system for all Texans. This is accomplished through the effective chartering, regulation, and supervision of Texas-chartered credit unions. The operations of the Department are funded primarily by semiannual assessments levied on credit unions. The Department receives no state monies from the General Revenue Fund.

As of December 31, 2020, the Department was responsible for regulating and supervising 176 credit unions. Based on the year-end call reports, Texas-chartered credit unions held \$50.7 billion in assets or approximately 40 percent of total aggregate credit union assets in Texas.

### **GOALS AND OUTCOMES**

The Credit Union Commission has established four strategic goals to guide the operations of the Department and to contribute to the achievement of its mission and performance goals. The Commission's goals are:

1. to ensure a safe and sound state credit union industry;
2. to provide a flexible regulatory framework that enables credit unions to provide a full competitive array of financial services;
3. to safeguard the interest of credit union members; and
4. to develop a professional and motivated staff that provides quality service to the citizens of Texas and supports achievement of the Department's statutory mission.

The Department works to meet these goals by, among other things, detecting violations and potential problems or issues in the Texas credit union system and ensuring that the violations are addressed; crafting rules that strengthen corporate governance and operations; ensuring credit union members are treated fairly; and making sure that the Department's human capital strategies, information technology initiatives, and resources are appropriately aligned to achieve the Department's mission, goals, and outcomes.

## **FY 2022 Annual Operating Plan & Budget**

Like other regulatory agencies, the Department has found it challenging to develop measures that accurately depict the outcomes of the agency's activities. In many instances, the effects of the agency's efforts can only be indirectly assessed. The Department intends to continue refining its work in this area as it gains more experience in integrating its budget and performance functions. As part of this effort, the Department will continue to assess alternatives for measuring outcomes that help the public gauge the Department's progress in achieving its mission, as well as assisting staff in meeting their objectives.

### **Strategic Goal 1: To Ensure a Safe and Sound Credit Union Industry**

Strategic Objective 1.1: The Department anticipates, understands, addresses, and communicates risk to credit unions. The Department seeks to fulfill this objective by:

1. establishing the appropriate regulatory framework;
2. being a prudent steward of Department resources;
3. ensuring risk-based supervision is properly implemented and focused on material risks to the industry and individual credit unions;
4. identifying emerging risk areas related to industry and individual credit unions;
5. complying with the examination requirements of [7 TAC Section 97.105](#);
6. resolving problem credit unions in a timely fashion, effectively, and when possible, without loss to the share insurance provider; and
7. taking prompt and effective enforcement actions when warranted.

Strategic Objective 1.2: The Department cooperates with other regulatory authorities on common interests. The Department seeks to fulfill this objective by:

1. working effectively with the NCUA, private share insurance providers, and other state regulators to identify and address risks and emerging issues; and
2. implementing and developing new coordination and collaboration agreements with NCUA, private share insurance providers, and other applicable state regulators regarding supervisory activities performed in credit unions and information exchange.

Strategic Objective 1.3: Supervisory methods and analytical tools keep pace with industry changes and appropriately support the broader mission of the Department. The Department seeks to fulfill this objective by:

1. utilizing analytical tools and reports to effectively use the data collected from credit unions to foster informed decision making for supervisory operations and policy;
2. deploying supervisory technology solutions to enhance data quality and provide user-friendly examiner access to key credit union and industry information; and
3. Providing transparency through the Department's reporting.
