FY 2018 Annual Operating Plan & Budget

INTRODUCTION

In accordance with Chapter 16 of the Finance Code, the Department has crafted the following *FY 2018 Annual Operating Plan and Budget*. This document aligns the goals and measures developed for the Department's *Strategic Plan for Fiscal Years 2017-2021* with the Department's proposed budget. It aims to improve the links between the Department's resource needs, effectiveness, and outcomes.

THE DEPARTMENT TODAY

The Department is a self-directed and semi-independent agency that is responsible for ensuring a safe and sound credit union system for all Texans. This is accomplished through the effective chartering, regulation, and supervision of Texas-chartered credit unions. The operations of the Department are funded primarily by semiannual assessments levied on credit unions. The Department receives no state monies from the General Revenue Fund.

As of December 31, 2016, the Department was responsible for regulating and supervising 186 credit unions. Based on the year-end call reports, Texas-chartered credit unions held \$36.8 billion in assets or approximately 39 percent of total aggregate credit union assets in Texas.

GOALS AND OUTCOMES

The Credit Union Commission has established four strategic goals to guide the operations of the Department and to contribute to the achievement of its mission and performance goals. The Commission's goals are:

1. to ensure a safe and sound state credit union industry;
2. to provide a flexible regulatory framework that enables credit unions to provide a full competitive array of financial services;
3. to safeguard the interest of credit union members; and
4. to develop a professional and motivated staff that provides quality service to the citizens of Texas and supports achievement of the Department's statutory mission.

The Department works to meet these goals by, among other things, detecting violations and potential problems or issues in the Texas credit union system and ensuring that the violations are addressed; crafting rules that strengthen corporate governance and operations; ensuring credit union members are treated fairly; and making sure that the Department's human capital strategies, information technology initiatives, and resources are appropriately aligned to achieve the Department's mission, goals, and outcomes.

FY 2018 Annual Operating Plan & Budget

Like other regulatory agencies, the Department has found it challenging to develop measures that accurately depict the outcomes of the agency's activities. In many instances, the effects of the agency's efforts can only be indirectly assessed. The Department intends to continue refining its work in this area as it gains more experience in integrating its budget and performance functions. As part of this effort, the Department will continue to assess alternatives for measuring outcomes that help the public gauge the Department's progress in achieving its mission, as well as assisting staff in meeting their objectives.
