Title 7

Part VI. Credit Union Department

Chapter 91

CHARTERING, OPERATIONS, MERGERS, LIQUIDATIONS

CHAPTER 91

Subchapter A. General Rules

§91.101. Definitions and Interpretations.

(a) Words and terms used in this chapter that are defined in Finance Code §121.002, have the same meanings as defined in the Finance Code. The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise.

(1) Act--the Texas Credit Union Act (Texas Finance Code, Subtitle D).

(2) Allowance for loan and lease losses (ALLL)--a general valuation allowance that has been established through charges against earnings to absorb losses on loans and lease financing receivables. An ALLL excludes the regular reserve and special reserves.

(3) Applicant--an individual or credit union that has submitted an application to the commissioner.

(4) Application--a written request filed by an applicant with the department seeking approval to engage in various credit union activities, transactions, and operations or to obtain other relief for which the commission is authorized by the act to issue a final decision or order subject to judicial review.

(5) Appraisal--a written statement independently and impartially prepared by a qualified appraiser setting forth an opinion as to the market value of a specifically described asset as of a specific date, supported by the presentation and analysis of relevant market information.

(6) Automated teller machine (ATM)--an automated, unstaffed credit union facility owned by or operated exclusively for the credit union at which deposits are received, cash dispensed, or money lent.

(7) Community of interest--a unifying factor among persons that by virtue of its existence, facilitates the successful organization of a new credit union or promotes economic viability of an existing credit union. The types of community of interest currently recognized are:

(A) Occupational--based on an employment relationship that may be established by:

(i) employment (or a long term contractual relationship equivalent to employment) by a single employer, affiliated employers or employers under common ownership with at least a 10% ownership interest;

(ii) employment or attendance at a school; or

(iii) employment in the same trade, industry or profession (TIP) with a close nexus and narrow commonality of interest, which is geographically limited.

(B) Associational--based on groups consisting primarily of natural persons whose members participate in activities developing common loyalties, mutual benefits, or mutual interests. In determining whether a group has an associational community of interest, the commissioner shall consider the totality of the circumstances, which include:

(i) whether the members pay dues,

(ii) whether the members participate in furtherance of the goals of the association,

(iii) whether the members have voting rights,

(iv) whether there is a membership list,

(v) whether the association sponsors activities,

(vi) what the association's membership eligibility requirements are, and

(vii) the frequency of meetings. Associations formed primarily to qualify for credit union membership and associations based on client or customer relationships, do not have a sufficient associational community of interest.

(C) Geographic--based on a clearly defined and specific geographic area where persons have common interests and/or interact. More than one credit union may share the same geographic community of interest. There are currently four types of affinity on which a geographic community of interest can be based: persons, who

- (i) live in,
- (ii) worship in,
- (iii) attend school in, or
- (iv) work in that community.

The geographic community of interest requirements are met if the area to be served is in a recognized single political jurisdiction, e.g., a city or a county, or a portion thereof.

(D) Other--The commissioner may authorize other types of community of interest, if the commissioner determines that either a credit union or foreign credit union has sufficiently demonstrated that a proposed factor creates an identifiable affinity among the persons within the proposed group. Such a factor shall be well-defined, have a geographic definition, and may not circumvent any limitation or restriction imposed on one of the other enumerated types.

(8) Day--whenever periods of time are specified in this title in days, calendar days are intended. When the day, or the last day fixed by statute or under this title for taking any action falls on Saturday, Sunday, or a state holiday, the action may be taken on the next succeeding day which is not a Saturday, Sunday, or a state holiday.

(9) Department newsletter--the monthly publication that serves as an official notice of all applications, and by which procedures to protest applications are described.

(10) Field of membership (FOM)--refers to the totality of persons a credit union may accept as members. The FOM may consist of one group, several groups with a related community of interest, or several unrelated groups with each having its own community of interest.

(11) Finance Code or Texas Finance Code--the codification of the Texas statutes governing financial institutions, financial businesses, and related financial services, including the regulations and supervision of credit unions.

(12) Imminent danger of insolvency--a circumstance or condition in which a credit union is unable or lacks the means to meet its current obligations as they come due in the regular and ordinary course of business, even if the value of its assets exceeds its liabilities; or the credit union has a positive net worth ratio equal to two percent or less of its assets.

(13) Improved residential property--residential real estate containing on-site, offsite or other improvements sufficient to make the property ready for primarily residential construction, and real estate in the process of being improved by a building or buildings to be constructed or in the process of construction for primarily residential use.

(14) Interactive teller machine (ITM) -- a video-based interactive technology which allows members to conduct transactions and credit union services driven by a centrally based teller, in a real time video or audio interaction.

(15) Indirect financing--a program in which a credit union makes the credit decision in a transaction where the credit is extended by the vendor and assigned to the credit union or a loan transaction that generally involves substantial participation in and origination of the transaction by a vendor.

(16) Loan-to-value ratio--the aggregate amount of all sums borrowed and secured by the collateral, including outstanding balances plus any unfunded commitment or line of credit from another lender that is senior to the credit union's lien divided by the current value of the collateral.

(17) Loan and extension of credit--a direct or indirect advance of funds to or on behalf of a member based on an obligation of the member to repay the funds or repayable from the application of the specific property pledged by or on behalf of the member. The terminology also includes the purchase of a member's loan or other obligation, a lease financing transaction, a credit sale, a line of credit or loan commitment under which the credit union is contractually obligated to advance funds to or on behalf of a member, an advance of funds to honor a check or share draft drawn on the credit union by a member, or any other indebtedness not classified as an investment security.

(18) Manufactured home--a HUD-code manufactured home as defined by the Texas Manufactured Housing Standards Act. (34) Secured credit--a loan made or extension of credit given upon an assignment of an interest in collateral pursuant to applicable state laws so as to make the enforcement or promise more certain than the mere personal obligation of the debtor or promisor. Any assignment may include an interest in personal property or real property or a combination thereof.

Such funds shall be considered an interest in the capital of the credit union upon liquidation, merger, or conversion.

(39) Unsecured credit--a loan or extension of credit based solely upon the general credit financial standing of the borrower. The term shall include loans or other extensions of credit supported by the signature of a co-maker, guarantor, or endorser.

(b) The same rules of construction that apply to interpretation of Texas statutes and codes, the definitions in the Act and in Government Code §2001.003, and the definitions in subsection (a) of this section govern the interpretation of this title. If any section of this title is found to conflict with an applicable and controlling provision of other state or federal law, the section involved shall be void to the extent of the conflict without affecting the validity of the rest of this title.

§91.115. Safety at Unmanned Teller Machines.

(a) Definitions. Words and terms used in this subchapter that are defined in the Finance Code §59.301, have the same meanings as defined in the Finance Code.

(b) Measurement of candle foot power. For the purposes of measuring compliance with the Finance Code §59.307, candle foot power should be determined under normal, dry weather conditions, without complicating factors such as fog, rain, snow, sand, or dust storm, or other similar condition.

(c) Safety evaluations.

(1) The credit union owner or operator of an unmanned teller machine shall evaluate the safety of each machine on a basis no less frequently than annually, unless the machine is exempted under the Finance Code §59.302.

(2) The safety evaluation shall consider at the least the factors identified in the Finance Code, §59.308.

(3) The credit union owner or operator of the unmanned teller machine may provide the landlord or owner of the property with a copy of the safety evaluation if an access area or defined parking area for an unmanned teller machine is not controlled by the credit union owner or operator of the machine.

(d) Notice. A credit union issuer of access devices shall furnish its members with a notice of basic safety precautions that each member should employ while using an unmanned teller machine. The notice must be personally delivered or sent to each member whose mailing address is in this state, according to records for the account to which the access device relates, and may be included with other disclosures related to the access device, including an initial or periodic disclosure statement furnished under the Electronic Fund Transfer Act (15 U.S.C. §1693 et seq.). The notice may be delivered electronically if permissible under Business & Commerce Code, §322.008.

(1) When notice is required. The credit union issuer must furnish the notice to its member whenever an access device is issued or renewed. If the credit union furnishes an access device to more than one member on the same account, the credit union is not required to furnish the notice to more than one of the members.

(2) Content of notice. The notice of basic safety precautions required by this subsection may include recommendations or advice regarding:

(A) security at walk-up or drive-up unmanned teller machines;
(B) protection of the member's code or personal identification numbers;
(C) procedures for reporting a lost or stolen access device;
(D) reaction to suspicious circumstances;
(E) safekeeping and secure disposition of unmanned teller machine receipts, such as the inadvisability of leaving an unmanned teller machine receipt near the unmanned teller machine;

(F) the inadvisability of surrendering information about the member's access device over the telephone or the Internet, unless to a trusted merchant in a call or transaction initiated by the member;

(G) safeguarding and protecting the member's access device, such as a recommendation that the member treat the access device as if it was cash;

(H) protection against unmanned teller machine fraud, such as a recommendation that the member promptly review the member's monthly statement and compare unmanned teller machine receipts against the statement; and

(I) other recommendations that the credit union reasonably believes are appropriate to facilitate the security of its unmanned teller machine users.

(e) Leased premises.

(1) Noncompliance by landlord. Pursuant to the Finance Code, §59.306, the landlord or owner of property is required to comply with the safety procedures of the Finance Code, Chapter 59, Subchapter D, if an access area or defined parking area for an unmanned teller machine is not controlled by the owner or operator of the unmanned teller machine. If a credit union owner or operator of an unmanned teller machine on leased premises is unable to obtain compliance with safety procedures from the landlord or owner of the property, the credit union shall notify the landlord in writing of the requirements of the Finance Code, Chapter 59, Subchapter D, and of those provisions for which the landlord is in noncompliance.

(2) Enforcement. Noncompliance with safety procedures required by the Finance Code, Chapter 59, Subchapter D, by a landlord or owner of property after receipt of written notification from the owner or operator constitutes a violation of the Finance Code, Chapter 59, Subchapter D, which may be enforced by the Texas Attorney General.

(f) Video surveillance equipment. Video surveillance equipment is not required to be installed at all unmanned teller machines. The credit union owner or operator must determine whether video surveillance or unconnected video surveillance equipment should be installed at a particular unmanned teller machine site, based on the safety evaluation required under the Finance Code, §59.308. If a credit union owner or operator determines that video surveillance equipment should be installed, the credit union must provide for selecting, testing, operating, and maintaining appropriate equipment.

The notice must include the language and be in the format prescribed by the Finance Commission of Texas in §3.34 of this title (relating to Posting of Notice in All Financial Institutions).

§91.121. Complaint Notices and Procedures.

(a) Purpose. This section implements Finance Code §15.409, which requires the Department to maintain a system to promptly and efficiently act on each complaint filed with the Department.

(b) Required Notice.

(1) Credit unions must provide their members with a notice that substantially conforms to the language and form of the following notice in order to let its members know how to file complaints:

“If you have a problem with the services provided by this credit union, please contact us at:

(Your Name) Credit Union

Mailing Address

Telephone Number or e-mail address.

The credit union is incorporated under the laws of the State of Texas and under state law is subject to regulatory oversight by the Texas Credit Union Department. If any dispute is not resolved to your satisfaction, you may also file a complaint against the credit union by contacting the Texas Credit Union Department through one of the means indicated below: In Person or U.S. Mail: 914 East Anderson Lane, Austin, Texas 78752-1699, Telephone Number: (512) 837-9236, Facsimile Number: (512) 832-0278; email: [complaints@cud.texas.gov](mailto:complaints@ cud.texas.gov), Website: www.cud.texas.gov.”

(2) The title of this notice shall be “COMPLAINT NOTICE” and must be in all capital letters and boldface type.

(3) The credit union must provide the notice as follows:

(A) In each area where a credit union typically conducts business on a face-to-face basis, the required notice must be conspicuously posted. A notice is deemed to be conspicuously posted if a member with 20/20 vision can read it from the place where he or she would typically conduct business or if it is included in plain view on a bulletin board on which required communications to the membership (such as equal housing posters) are posted.

(B) If a credit union maintains a website, the required notice or a link to the required notice must be conspicuously posted on the homepage of the website.

(C) If a credit union distributes a newsletter, it must include the notice on approximately the same date at least once each year in any newsletter distributed to its members.

(D) If a credit union does not distribute a newsletter, the notice must be included with any privacy notice the credit union is required to provide or send its members.

(c) Filing, Receipt, and Handling of Complaints.

(1) The Department shall make available, on its public website (www.cud.texas.gov) and at its office, information on how to file a complaint.

(2) A person who alleges that a credit union has committed an act, or failed to perform an act that may constitute a violation of the Texas Credit Union Act or Department rules may file a complaint in writing with the Department. The complainant may complete and submit to the Department the complaint form the Department maintains at the Department’s office and on its public website, or the complainant may submit a complaint in a letter that addresses the matters covered by the complaint form. At a minimum, all complaints should contain information necessary for the proper processing of the complaint by the Department, including, but not limited to:

(A) complainant’s name and how the complainant may be contacted;

(B) name and address of the credit union against whom the complaint is made;

(C) a brief statement of the nature of the complaint and relevant facts, including names of persons with knowledge, times, dates, and location; and

(D) Copies of any documents or records related to the complaint (original records should not be sent with a complaint).

(3) Anonymous complaints may be accepted by the Department, but the lack of a witness or the inability of the Department to secure additional information from the anonymous complainant may result in the Department's inability to secure sufficient evidence to pursue action against a credit union.

(4) The Department will review all complaints to determine whether they are within the Department's jurisdiction or authority to resolve, and will send an acknowledgement letter to the complainant within five (5) business days of receipt of a complaint. At least quarterly until final disposition of the complaint, the Department shall provide status updates to the complainant and respondent credit union, orally or in writing.

(5) Upon determining that a complaint is within the Department's jurisdiction, the Department will inform the credit union respondent of the complaint and will request a written response from the credit union. Along with a request for response, the Department will transmit to the credit union a copy of the complaint and any attachments. Within fifteen (15) days from the date of the request for response, unless the period is extended by the Department, the credit union shall provide a substantive response and set forth the credit union's position with respect to the allegations in the complaint, which shall include all data, information and documentation supporting its position, or a description of corrective measures taken or intended to be taken. The Department may request and the complainant and respondent shall provide to the Department additional information or further explanation at any time during the review of the complaint.

(6) Once the Department has received the documentation from both parties, the Department will review the information and will process the complaint in accordance with the rules of the Department. The Department will advise both parties in writing of the final disposition of the complaint.

(7) The Department shall maintain a file on each complaint filed with the agency. The file shall include:

(A) the name of the complainant;

(B) the date the complaint is received by the Department;

(C) the subject matter of the complaint;

(D) a summary of the results of the review of the complaint; and

(E) an explanation of the reason the file was closed, if the Department closed the file without taking action other than to review the complaint.

(8) The Department will maintain a database of complaints in order to identify trends or issues related to violations of state laws under the Department's jurisdiction.

(d) Complaints Closed with No Action Beyond Review. Certain complaints and disputes may be closed with no action taken other than to review the complaint. Such complaints may include those that are not within the Department authority to investigate or adjudicate, and which may be referred to as non-jurisdictional complaints. The Department, for example, will not address complaints concerning contractual matters or internal credit union practices that are not governed by the statutes or rules that the Department implements or enforces. The Department also may close without taking action other types of complaints, including undocumented factual disputes between a person and a credit union and complaints involving matters that are the subject of a pending lawsuit. The Department does not offer legal assistance and cannot represent individuals in settling claims or recovering damages. The Department does not own,

operate, or control credit unions, and the Department does not establish their operating policies and procedures. Therefore, the Department may close without taking action complaints concerning the range of services a credit union offers, complaints about bad customer service, and disagreements over specific credit union policies, practices, or procedures, or about other matters that are not governed by a law or rule under the Department's jurisdiction. The Department will inform the complainant and respondent credit union when a complaint is closed with no action taken, and will inform them of the reason for closing the case.

(e) Privacy. The information collected from complainants and respondents is solicited to provide the Department with information that is necessary and useful in reviewing complaints received from persons regarding their interactions with a credit union. A complainant is not required to give the Department any information; however, without such information, the Department's ability to complete a review, to investigate, or to prosecute a matter may be hindered. It is intended that the information a person provides to the Department will be used within the Department and for the purpose of investigating and prosecuting a complaint. A person should not include personal or confidential information such as social security, credit card, or account numbers, or dates of birth when corresponding with the Department. If it is necessary to supply a document that contains personal or confidential information, the information should be redacted before the document is submitted to the Department.

§91.125. Accuracy of Advertising.

(a) As used in this rule, an advertisement is any informational communication, including oral, written, electronic, broadcast or any other type of communication, made to members, prospective members, or to the public at large in any manner designed to attract attention to the business of a credit union.

(b) No credit union shall disseminate or cause the dissemination of any advertisement that is in any way intentionally or negligently false, deceptive, or misleading. An advertisement shall be deemed by the Commissioner to be intentionally or negligently false, deceptive, or misleading if it:

- (1) contains materially false claims or misrepresentations of material facts;
- (2) contains materially implied false claims or implied misrepresentations of material fact;
- (3) omits material facts;
- (4) makes a representation likely to create an unjustified expectation about credit union products or services;
- (5) states that the credit union's services are superior to or of a higher quality than that of another financial institution unless the credit union can factually substantiate the statement;
- (6) states that a service is free when it is not, or contains intentionally untruthful or deceptive claims regarding costs and fees; and
- (7) fails to disclose that membership is required to participate in or enjoy the advantage of the product or service (does not apply to advertisement to current members).

(c) Prior to placing an advertisement, a credit union must possess credible information which, when produced, substantiates the truthfulness of any assertion, representation or omission of material fact set forth in the advertisement.

(d) If the Commissioner notifies a credit union that an advertisement is deemed to be false, deceptive or misleading, the credit union will have ten days following the credit union's receipt of the notification to provide the Commissioner with information substantiating the truthfulness of the advertisement. If the credit union does not provide this information or the Commissioner, after receipt of the information, still deems the advertisement to be false, deceptive or misleading, the Commissioner may issue a cease and desist order to the credit union to stop the use of the advertisement.

Subchapter B. Organization Procedures

§91.201. Incorporation Procedures.

(a) An application to incorporate a credit union shall be in writing and supported by such information and data as the commissioner may require to make the findings necessary for the issuance of a certificate of incorporation.

(b) Business Plan. The application must include a business plan that covers three years and provides detailed explanations of actions that are proposed to accomplish the primary functions of the credit union. The description should provide enough detail to demonstrate that the institution has a reasonable chance for success, will operate in a safe and sound manner, and will maintain adequate capital to support its operations. Specifically the plan must:

(1) Describe the credit union's business, including the products, member services, and other activities;

(2) Provide quarterly pro forma financial information for the three years of operation, including annual totals for the Income Statement;

(3) Describe in detail all of the assumptions used to prepare the projected financial information;

(4) Discuss the capital goals and the means to achieve them;

(5) Discuss the overall marketing/advertising strategy to reach potential members;

(6) Discuss the credit union's strategy for obtaining required share and deposit insurance protection for its members' accounts; and

(7) Describe the economic forecast for the three years of the plan.

(c) The commissioner shall determine whether or not an application is complete within thirty days of its receipt and provide written notice of the determination. If the application is deemed incomplete, the notice shall provide with reasonable specificity the deficiencies in the application.

(d) Upon the determination that an application is complete, the commissioner shall make or cause to be made an investigation and examination of the facts concerning the applicant. It is essential that the investigation and examination confirm to the satisfaction of the commissioner that the proposed institution will have a reasonable opportunity to succeed.

(e) Proposed credit unions must investigate the possibility of an overlap with existing state or federal credit unions doing business in this state prior to submitting an application. When an overlap situation does arise, officials of the involved entities must attempt to resolve the overlap issue. Typically, an overlap will not be considered adverse to the overlapped credit union if:

(1) the group has fewer than 3000 primary potential members or the overlap is otherwise incidental in nature;

- (2) the overlapped credit union does not object to the overlap;
 - (3) there is limited participation by members or employees of the group in the original credit union after the expiration of a reasonable period of time; or
 - (4) a single occupational or associational based credit union overlaps a community chartered credit union.
- (f) When the applicant and a credit union agree and/or the commissioner has determined that overlap protection is appropriate, an exclusionary clause will be included in the proposed field of membership for a period of 24 months from the date the proposed credit union commences business. The commissioner, for good cause shown, may extend this period for an additional 24 months.
- (g) The commissioner may approve the application conditioned upon specific requirements being met, but the certificate of incorporation shall not be issued unless such conditions have been met within the time specified in the approval order or any extension as set forth in Finance Code §122.006.

§91.202. Bylaw and Articles of Incorporation Amendments.

- (a) The Standard Bylaws for State Chartered Credit Unions ("Standard Bylaws"), approved by the commission on February 20, 2004, or as subsequently revised or amended, constitute the bylaws which shall be used by credit union incorporators.
- (b) The commissioner is expressly authorized to approve deviations from and amendments to the standard bylaws, unless the deviation or amendment violates applicable law.
- (c) Credit unions desiring to amend articles of incorporation or bylaws must submit a written application, in such form as the commissioner may prescribe. The application shall include the text of the amendment, the date that the board of directors adopted the amendment, a brief statement explaining the purpose of the amendment, information regarding the financial impact on the credit union if the amendment is approved, and any other information the commissioner may require to make a decision on the amendment.
- (d) The commissioner shall determine whether or not an application is complete within thirty day of its receipt and provide written notice of the determination. If the application is deemed incomplete, the notice shall provide with reasonable specificity the deficiencies in the application.
- (e) The commissioner does not need to provide notice as prescribed in §91.103 (relating to Public Notice of Department Decisions and §91.104 (relating to Public Notice and Comment on Certain Applications) for applications that apply for standard optional field of membership provisions (1), (2), (3), and (4) as contained in the Standard Bylaws "Appendix A".
- (f) A credit union's board of directors may amend its bylaws to adopt any standard bylaw without approval by the commissioner provided: (1) the wording of the amendment is identical to the Standard Bylaws; and (2) the credit union submits a completed, fully executed Certification of Resolution of Amendment to Credit Union Bylaws ("Certification") to the commissioner. The commissioner will promptly acknowledge receipt of the Certification. The amendment will be effective as of the date the commissioner acknowledges receipt of the Certification.

§91.203. Share and Deposit Insurance Requirements.

- (a) All credit unions in the State of Texas shall obtain share insurance protection as provided in Chapter 95 of this title (pertaining to Share and Depositor Insurance Protection).
- (b) With the approval of the commissioner, and if recognized by its insuring organization, a credit union may, from time to time as determined by its board of directors, issue uninsured membership shares which are subordinate to all other claims, including creditors, shareholders, and the insuring organization. The commissioner may approve the issuance of such accounts conditioned upon specific requirements being met.

§91.205. Credit Union Name.

- (a) Unless a name change or assumed name has been approved by the commissioner in accordance with the Act and these rules, a credit union shall do business under the name in which its certificate of incorporation was issued.
- (b) Subject to the requirements of this rule, a credit union may adopt an assumed name. The credit union's official name, however, must be used in all official or legal communications or documents, which includes account and membership agreements, loan contracts, title documents (except for vehicle titles, which may also be under the credit union's assumed name), account statements, checks, drafts, and correspondence with the Department or the National Credit Union Administration. The assumed name may also be used in those materials so long as it is identified as such (e.g. Generic Credit Union dba GCU). Further, a credit union using an assumed name shall clearly disclose the credit union's official name when the assumed name is used on any signs, advertising, mailings, or similar materials.
- (c) A credit union shall not use any name other than its official name until it has received a certificate of authority to use an assumed business name from the commissioner and has registered the designation with the Secretary of State and the appropriate county clerk.
- (d) The commissioner shall not issue a certificate of authority to use an assumed business name if the designation might confuse or mislead the public, or if it is not readily distinguishable from, or is deceptively similar to, a name of another credit union lawfully doing business with an office in this state.
- (e) Credit union officials are responsible for complying with state and federal law applicable to corporate and assumed names. The Department does not have the power to determine or settle competing claims to a name under other statutes or under common law. Even though the Department may have issued a certificate of authority (based on the above criteria), a credit union could still be infringing on the naming rights of other parties. In particular, if the name a credit union selects is similar to a name already protected by state or federal trademark, a credit union could be forced to stop using the name. This can also be the case if another entity is

already using a similar name in a related field, even if the entity does not own a state or federal registration.

(f) Before using an assumed name, a credit union shall take reasonable steps to ensure that use of the name will not cause a reasonable person to believe the credit union's different facilities are different credit unions or to believe that shares or deposits in one facility are separately insured from those of another of its facilities.

§91.206. Underserved Area Credit Unions – Secondary Capital Accounts.

A credit union that has been approved for a designation as a Underserved Area Credit Union pursuant to Section 122.014, Finance Code may issue secondary capital accounts to members or nonmembers of the credit union on the following conditions:

(1) Prior to offering secondary capital accounts, the credit union shall file an application for approval with the commissioner. The application shall be supported by a written plan for use of the funds in the secondary capital accounts and subsequent liquidity needs to meet repayment requirements upon maturity of the accounts, along with such other information and data as the commissioner may require.

(2) The secondary capital account must be established as an uninsured secondary capital account or other form of non-share account, and shall not be insured by the National Credit Union Share Insurance Fund or any governmental or private entity.

(3) The secondary capital account must mature no earlier than five years.

(4) The secondary capital account shall not be redeemable prior to maturity.

(5) The secondary capital account holder's claim against the credit union must be subordinated to all other claims, including those of shareholders, creditors and the credit union's insuring organization.

(6) Funds deposited into the secondary capital account, including interest accrued and paid into the capital account, must be available to cover the credit union's realized operating losses that exceed its net available reserves and undivided earnings (i.e., reserves and undivided earnings exclusive of allowance accounts for loan losses), and to the extent funds are so used, the credit union shall not restore or replenish the account. The credit union may, in lieu of paying interest into the secondary capital account, pay interest accrued on the secondary capital account directly to the secondary capital account holder or into a separate account from which the secondary capital account holder may make withdrawals. Losses realized shall be distributed pro-rata among all secondary capital accounts held by the credit union at the time the losses are realized.

(7) The secondary capital account may not be pledged or provided by the account holder as security on a loan or other obligation with the credit union or any other party.

(8) In the event of merger or other voluntary dissolution of the credit union, other than merger into another Underserved Area designated credit union, the secondary capital accounts will, to the extent they are not needed to cover losses at the time of merger or dissolution, be closed and paid out to the account holder.

(9) A secondary capital account contract agreement must be executed by an authorized representative of the account holder and the credit union. The agreement must set

forth all of the terms and conditions of this section and contains a disclosure and acknowledgement by the account holder that the secondary capital account is not redeemable, will not be insured, may be used to cover operating losses of the credit union and not be replaced or replenished, and is subordinate to all other claims on the assets of the credit union, including claims of member shareholders, creditors and the credit union's insuring organization. All such contract agreements must be retained by the credit union for the term of the agreement.

(10) In the event the credit union is classified as "critically under capitalized", "marginally capitalized", "minimally capitalized", "moderately capitalized" or "uncapitalized", or the credit union has failed to undertake any mandatory supervisory action, the commissioner or any entity insuring the accounts of the credit union, may prohibit payment of principal, dividends or interest on the credit union's secondary capital accounts in accordance with powers and procedures granted under state or federal laws, as applicable. Any such unpaid dividends or interest shall continue to accrue under the terms of the account to the extent permitted by law.

(11) Credit unions with secondary capital accounts shall record the funds on its balance sheet in an equity account entitled "uninsured secondary capital accounts". The capital value of the accounts shall be kept in accordance with generally accepted accounting principles.

§91.208. Notice of Known or Suspected Criminal Violations.

(a) Each credit union shall exercise reasonable due diligence to discover, investigate, and report theft, embezzlement, and other types of criminal activity affecting the credit union. The credit union shall provide written notice to the Department within 30 calendar days for any of the following known or suspected criminal violations:

- (1) Insider abuse involving any amount,
- (2) Other transactions, including potential money laundering or violations of the Bank Secrecy Act, aggregating \$5,000 or more,
- (3) Losses resulting from robbery or burglary.

(b) When applicable, a credit union may meet the reporting requirements of this section by providing the Department a copy of a Suspicious Activity Report prepared in accordance with the NCUA Rules and Regulations 12 C.F.R. §748.1(c). The timeframe for reporting the activity to the Department in this manner may be extended up to 60 days when authorized by the regulation.

§91.209. Call Reports and Other Information Requests.

(a) Each credit union shall prepare and submit, in a manner prescribed by the commissioner, a quarterly financial and statistical report. Unless the commissioner orders otherwise, call reports (Form 5300) timely filed with the National Credit Union Administration will comply with the reporting requirements of this subsection. If a credit union fails to file the quarterly report on time, the commissioner may charge the credit union a penalty of \$100 for each day or fraction of a day the report is in arrears.

(b) Any credit union that makes, files, or submits a false or misleading financial and statistical report required by subsection (a) of this section, is subject to an enforcement action pursuant to the Finance Code, Chapter 122, Subchapter F.

(c) A credit union shall prepare and forward to the Department any supplemental report or other document that the Commissioner may, from time to time require, and must comply with all instructions relating to completing and submitting the supplemental report or document. For the purposes of this section, the Commissioner's request may be directed to all credit unions or to a group of credit unions affected by the same or similar issue, shall be in writing, and must specifically advise the credit union that the provisions of this section apply to the request. If a credit union fails to file a supplemental report or provide a requested document within the timeframe specified in the instruction, after notice of non-receipt, the commissioner may levy a penalty of \$50 for each day or fraction of a day such report or document is in arrears.

(d) If a credit union fails to file any report or provide the requested information within the specified time, the commissioner, or any person designated by the commissioner, may examine the books, accounts, and records of the credit union, prepare the report or gather the information, and charge the credit union a supplemental examination fee as prescribed in §97.113 of this title (relating to Fees and Charges). The credit union shall pay the fee to the department within thirty days of the assessment.

(e) Any penalty levied under this section shall be paid within 30 days of the levy. Penalties received after the due date will be subject to a monthly 10% fee unless waived by the commissioner for good cause shown.

(f) The Department may, in lieu of imposing the penalty authorized by subsection (a) of this section, order a credit union to pay an amount, fixed by the Commissioner, that is minimally sufficient to cause the NCUA to reduce or negate its own penalty assessment against the credit union under Section 202 of the Federal Credit Union Act (12 U.S.C. §1782) for late or false/misleading filing of a quarterly call report (Form 5300). The Department shall abate the penalty, in part if the National Credit Union Administration exercises its authority to impose a civil money penalty for the same late or false/misleading filing. The penalty, assessed by the Department, however, shall not be decreased below the amount authorized to be assessed under subsection (a) of this section.

§91.210. Foreign Credit Unions.

a) Definitions. (1) Foreign credit union -- a credit union that is not chartered or otherwise organized under the laws of this state or the United States. (2) Local service area – an area that is within reasonable proximity of a foreign credit union's office, allowing members to be realistically served from that office.

(b) Application. Prior to commencing business in this state, a foreign credit union is required to file a written application supported by such information and data as the commissioner may require to make the findings necessary for the issuance of a certificate of authority pursuant to Finance Code §122.013.

(c) Approval. The application shall not be approved unless the commissioner finds that the applicant:

(1) is acting in good faith and the application does not contain a material misrepresentation;

(2) is financially sound and has no supervisory problems;

(3) will conduct its operations in the State of Texas in accordance with the intent and purpose of the Act and Commission rules;

(4) has provided evidence of compliance with the Finance Code, §201.102 concerning registering with the secretary of state to do business in Texas;

(5) has share and deposit insurance equivalent to that required for credit unions organized under the Act;

(6) has paid a permit fee of \$500 for each and every branch office proposed to be established in the State of Texas;

(7) has fidelity bond coverage satisfactory to the commissioner; and

(8) has provided all other information the commissioner may require.

(d) Compliance with Texas law. A credit union chartered by another state shall comply with all applicable Texas laws, including those laws regarding home equity lending, loan interest rates, and consumer protection, to the same extent that those laws apply to a Texas credit union.

(e) Federal treaties. If a treaty or agreement exists between the United States and a foreign country which requires the commissioner to permit a foreign credit union to operate a branch in this state and the commissioner determines that the applicant has substantially the same characteristics as a credit union organized under the Act, then the applicant must comply with all provisions of the Act and commission rules, unless otherwise permitted by this section.

(f) Financial statements. Each foreign credit union that is operating a branch office within the State of Texas shall furnish to the commissioner a copy of its annual audited financial statements, if any, or other statements of financial conditions as the commissioner may require.

(g) Examinations. The commissioner is authorized to examine the books and records of any branch office operated in the State of Texas by a foreign credit union. The costs of examination, as prescribed in §97.113(d) of this title (relating to Supplemental Examinations), must be fully borne by the foreign credit union. The supplemental examination fee may be waived or reduced at the discretion of the commissioner.

(h) Agreements with other regulators. The commissioner shall enter into supervisory agreements with the foreign credit union regulators and, as necessary, the foreign credit unions, as authorized by Finance Code §15.411, to resolve any conflict of laws and to specify the manner in which the examination, supervision, and application processes will be coordinated with the regulators. The agreement may also prescribe the applicable laws governing the powers and authorities of the foreign branch and may address, but are not limited to, corporate governance and operational matters. The agreement, however, shall not limit the jurisdiction or authority of the commissioner to examine, supervise and regulate a foreign credit union that is operating or seeking to operate a branch in this state or to take any action or issue any order with respect to that branch.

(i) Field of membership. A certificate of authority to do business in this state is specifically issued to allow a foreign credit union to provide services to its existing field of membership. However, the commissioner may approve a foreign credit union's request to expand its field of membership to include groups with a community of interest that are within the foreign credit union's local service area if it is organized in a state or country that allows a credit union organized under the act to expand its field of membership to at least the same extent. After being satisfied that the group is within the foreign credit union local service area, the commissioner shall use the same

criteria and the same procedures as used when a Texas credit union seeks to expand its field of membership. The commissioner shall make a reasonable effort to coordinate this determination with the foreign credit union's primary regulator to assure that each agency's material interests, authorities and responsibilities are fulfilled.

(j) Location of Group. For the purposes of a field of membership expansion, the group as a whole will be considered to be within the local service area when:

- (1) A majority of the persons in the group live, work, or gather regularly within the local service area;
- (2) The group's headquarters is located within the local service area; or
- (3) The group's "paid from" or "supervised from" location is within the local service area.

(k) Prohibition against share/deposit production offices. A foreign credit union may not use its certificate of authority primarily for the purpose of deposit production. The foreign credit union is expected to reasonably help meet the credit needs of the groups in Texas that are served by the credit union. If the Commissioner determines that the foreign credit union's level of lending in Texas relative to the deposits from Texas members is less than half the average of total loans relative to total deposits for all credit unions domiciled in Texas, the credit union will not be permitted to further expand its field of membership nor open additional offices in Texas.

(l) Enforcement; penalty. The commissioner has grounds to issue a cease and desist order to an officer, employee, director, and/or the foreign credit union itself, if the commissioner determines from examination or other credible evidence that the credit union has violated or is violating any applicable Texas law or rules of the commission. If the foreign credit union does not comply with an order, the commissioner may assess an administrative penalty as authorized by §122.260, Finance Code, as well as suspend or revoke the certificate of authority.

Subchapter C. Members

§91.301. Field of Membership.

(a) General. Membership in a credit union shall be limited to one or more groups, each of which (the Group) has its own community of interest and is within the credit union's local service area. In this section, local service area generally consists of one or more contiguous political subdivisions that are within reasonable proximity of a credit union's offices. Political subdivision has the meaning assigned by TEX. LOCAL GOV'T CODE §172.003(3). For purposes of field of membership, the Group as a whole will be considered to be within the local service area when:

- (1) a majority of the persons in the Group live, work, or gather regularly within the local service area;
- (2) the Group's headquarters is located within the local service area; or
- (3) the persons in the Group are "paid from" or "supervised from" an office or facility located within the local service area.

The commissioner may impose a geographical limitation on any Group if the commissioner reasonably determines that the applicant credit union does not have the facilities and staffing to serve a larger group or there are other operational or management concerns.

(b) Other persons eligible for membership. A number of persons by virtue of their close relationship to a Group may be included in the field of membership at the option of the applicant credit union. These include:

- (1) members of the family or household of a member of the Group;
- (2) volunteers performing services for or on behalf of the Group;
- (3) organizations owned or controlled by a member or members of the Group, and any employees and members of those organizations;
- (4) spouses of persons who died while in the Group;
- (5) employees of the credit union;
- (6) subsidiaries of the credit union and their employees; and businesses and other organizations whose employees or members are within the Group.

(c) Multiple-groups.

(1) The commissioner may approve a credit union's original articles of incorporation and bylaws or a request for approval of an amendment to a credit union's bylaws to serve one or more communities of interest or a combination of types of communities of interest.

(2) In addition to general requirements, special requirements pertaining to multiple-Group applications may be required before the commissioner will grant such a certificate or approve such an amendment.

(A) Each Group to be included in the proposed field of membership of the credit union must have its own community of interest.

(B) Each associational or occupational Group must individually request inclusion in the proposed credit union's field of membership.

(d) Overlap protection.

(1) The commissioner will only consider the financial effect of an overlap proposed by an application to expand a credit union's field of membership or when a charter application proposes an overlap for a Group of 3,000 members or more.

(2) The commissioner will weigh the information in support of the application and any information provided by a protesting or affected credit union. If the applicant has the financial capacity to serve the financial needs of the proposed members, demonstrates economic feasibility, complies with the requirements of this rule, and no protestant reasonably establishes a basis for denying the request, it shall be approved.

(3) If a finding is made that overlap protection is warranted, the commissioner shall reject the application or require the applicant to limit or eliminate the overlap by adding exclusionary language to the text of the amendment, e.g., "excluding persons eligible for primary membership in any occupation or association based credit union that has an office within a specified proximity of the applicant credit union at the time membership is sought." Exclusionary clauses are rarely appropriate for inclusion on a geographic community of interest.

(4) Generally, if the overlapped credit union does not submit a notice of protest form, and the department determines that there is no safety and soundness problem, an overlap will be permitted. If, however, a notice of protest is filed, the commissioner will consider the following in performing an overlap analysis:

(A) whether the overlap is incidental in nature, i.e., the group(s) in question is so small as to have no material effect on the overlapped credit union;

(B) whether there is limited participation by members of the group(s) in the overlapped credit union after the expiration of a reasonable period of time;

- (C) whether the overlapped credit union provides requested service;
- (D) the financial effect on the overlapped credit union;
- (E) the desires of the group(s); and
- (F) the best interests of the affected group(s) and the credit union members

involved.

(5) Where a sponsor organization expands its operations internally, by acquisition or otherwise, the credit union may serve these new entrants to its field of membership if they are part of the community of interest described in the credit union's bylaws. Where acquisitions are made which add a new subsidiary or affiliate, the group cannot be served until the entity is included in the field of membership through the application process.

(6) Credit unions affected by the organizational restructuring or merger of a group within its field of membership must apply for a modification of their fields of membership to reflect the group to be served.

(e) Underserved communities.

(1) All credit unions may include underserved areas or areas designated as a credit union development district in accordance with Subchapter K (related to Credit Union Development Districts) in their fields of membership, without regard to location. More than one credit union can serve the same underserved community.

(2) Once an underserved community has been added to a credit union's field of membership, the credit union must establish and maintain an office or facility in the area under this subsection.

(3) A credit union desiring to add an underserved community must document that the area meets the applicable definition in §91.101 (relating to Definitions and Interpretations). In addition, the credit union must develop a business plan specifying how it will serve the community. The business plan, at a minimum, must identify the credit and depository needs of the community and detail how the credit union plans to serve those needs. The credit union will be expected to regularly review the business plan to determine if the community is being adequately served. The commissioner may require periodic service status reports from a credit union pertaining to the underserved area to ensure that the needs of the area are being met, as well as requiring such reports before allowing a credit union to add an additional underserved area.

(f) Parity with Federal Credit Unions.

Credit unions will be allowed to have, at a minimum, at least as much flexibility as federal credit unions have in field of membership regulation. If a credit union proposes a type of Group that the National Credit Union Administration has previously determined meets the Federal requirements, the commissioner shall approve the application unless the commissioner finds that the credit union has not demonstrated sufficient managerial and financial capacity to safely and soundly serve such expanded membership.

(g) Application.

In order to request the approval of the commissioner to add a Group to its bylaws, a credit union must submit a written application to the Department. The applicant credit union shall have the burden to show to the Department such facts and data that support the requirements and considerations in this rule. In reviewing such application, the commissioner shall consider:

(1) Whether the Group has adequate unifying characteristics or a mutual interest such that the safety and soundness of the credit union is maintained;

(2) The ability of credit unions to maintain parity and to compete fairly with their counterparts;

- (3) Service by the credit union that is responsive to the convenience and needs of prospective members;
- (4) Protection for the interest of current and future members of the credit union; and
- (5) The encouragement of economic progress in this State by allowing opportunity to expand services and facilities.

§91.302. Election or Other Membership Vote By Electronic Balloting, Early Voting, Absentee Voting, or Mail Balloting.

- (a) All credit unions should actively promote member participation in elections and other membership votes as long as the costs are reasonable and the integrity of the vote is not compromised. Any credit union instituting alternative procedures or systems to benefit members who find it difficult or inconvenient to vote at annual or special meetings must ensure that the alternative is thoroughly explained and publicized so that all members will be able to take advantage of those procedures or systems.
- (b) The board of directors, before holding an election or other membership vote that uses electronic balloting, early voting, absentee voting, or mail balloting, shall establish written election rules, including procedures to: control, tabulate and retain ballots; identify invalid ballots; and handle disputed election results and tie votes.
- (c) Any elections or other membership vote using electronic balloting, early voting, absentee voting, or mail balloting are subject to the following conditions:
 - (1) The election tellers shall be appointed by the board of directors;
 - (2) At least 30 days prior to the annual or special meeting, the board of directors will cause either a printed ballot or notice of a ballot, along with appropriate instructions, to be mailed to all members eligible to vote;
 - (3) Completed electronic or mail ballots cast during early or absentee voting must be received prior to convening the annual or special meeting;
 - (4) The votes will be tallied by the tellers and the results of the vote will be made public at the annual or special meeting.
- (d) In the event of a malfunction of the electronic balloting system, the board of directors may in its discretion order elections or other vote to be held by mail ballot only. The board may make reasonable adjustments to the voting time frames in subsection (c) of this section, or postpone the annual or special meeting if necessary, to complete the elections prior to the annual or special meeting.

maintain a website shall distribute the report at its annual meeting and must notify members at least annually that copies of the report are available upon request.

(b) The annual report shall cover the credit union's operations during the preceding calendar year and shall contain, at a minimum, the following information:

(1) the names and dates of expiration of the terms of office for each director on the credit union's board;

§91.315. Members' Access to Credit Union Documents.

(a) Required Notice. Every credit union shall provide notice to its membership of the availability of certain documents related to the credit union's finances and management.

(b) Delivery of Required Notice. A credit union shall post a copy of the required notice on its website throughout the year. The notice required by this section shall be published in the credit union's newsletter twice a year. Subchapter D. Powers of Credit Unions

§91.401. Credit Union Ownership of Property.

(a) Definitions. The following words and terms, when used in this section, shall have the following meanings, unless the context clearly indicates otherwise.

(1) Equipment includes all movable furniture, fixtures, and equipment of the credit union, its branch offices, and consolidated credit union service organizations, including automobiles and other vehicles, and any lien on the above.

(2) Immediate family member--a spouse or other family member living in the same household.

(3) Premises include the cost less accumulated depreciation, of land and buildings actually owned and occupied (or to be occupied) by the credit union, its branch offices, and consolidated credit union service organizations. This includes vaults, fixed machinery, parking facilities, and real estate acquired and intended, in good faith, for future expansion. It also includes capitalized leases, leasehold improvements, and remodeling costs to existing premises.

(4) Senior Management Employee--the chief executive officer, any assistant chief executive officers (e.g. vice presidents and above) and the chief financial officer.

(b) Investment Limitations on Premises. Without the prior written consent of the Department, a credit union may not directly or indirectly invest an amount in excess of its net worth in premises.

(c) Restrictions on Ownership of Property. A credit union shall not acquire premises for the principal purpose of engaging in real estate rentals or speculation.

(d) Transactions with insiders. Without the prior approval of a disinterested majority of the board of directors recorded in the minutes or, if a disinterested majority cannot be obtained, the prior written approval of the commissioner, a credit union may not directly or indirectly:

(1) sell or lease an asset of the credit union to a director, committee member, or senior management employee, or immediate family members of such individual; or

(2) purchase or lease an asset in which a director, committee member, senior management employee, or immediate family members of such individual has an interest.

(e) Use requirement for premises. If real property or leasehold interest is acquired and intended, in good faith, for use in future expansion, the credit union must partially satisfy the "primarily for its own use in conducting business" requirement within five years after the credit union makes the investment.

(f) Consent to Exceed Limitation. Generally, a credit union need not obtain the Department's approval to invest in premises. However, prior approval is required if the total aggregate investment in premises will exceed the credit union's net worth. A credit union shall submit such statements and reports as the Department may require in support of the higher investment limit.

(1) When analyzing an application for an additional investment in credit union premises, the Department will consider:

(A) Consistency with safe and sound credit union practices;

(B) The reasonableness of the amount of credit union premises and the annual expenditures required to carry them relative to the credit union's net worth and the nature and volume of operations; and

(C) The effect of the investment on future earnings.

(2) The Department will consider denying a request for an additional investment in credit union premises when:

(A) The additional investment would have a material negative effect on the credit union's earnings, capital, or liquidity; or

(B) The credit union has not demonstrated a reasonable need for the additional investment.

(3) The Department may impose appropriate special conditions for an approval of an additional credit union premises investment, if it determines that they are necessary or appropriate

to protect the safety and soundness of the credit union or to further other supervisory or policy considerations.

§91.402. Insurance for Members.

(a) Authority. A credit union may make insurance products available to its members, including insurance products at the individual member's expense, subject to the following conditions:

(1) Except as provided in paragraphs (2) and (3) of this subsection, the purchase of any type of insurance coverage by a member must be voluntary, and a copy of the signed and dated written election to purchase the insurance must be on file at the credit union.

(2) Insurance may be required on a loan if the coverage and the charges for the insurance bear a reasonable relationship to:

- (A) the value of the collateral;
- (B) the existing hazards or risk of loss, damage, or destruction; and
- (C) the amount, term, and conditions of the loan.

(3) if the insurance is a condition of a loan, the credit union shall give the member written notice that clearly and conspicuously states;

- (A) that insurance is required in connection with the loan; and
- (B) that the member may purchase or provide the insurance from a carrier of the member's choice, or the member [who is borrowing] may assign any existing insurance coverage.

(4) An officer, director, employee, or committee member of a credit union may not accept anything of value from an insurance agent, insurance company, or other insurance provider offered to induce the credit union to sell or offer to sell insurance or other related products or services to the members of the credit union.

(5) If a credit union replaces an existing loan or renews a loan and sells the member new credit life or disability insurance, the credit union shall cancel the prior insurance and provide the member with a refund or credit of the unearned premium or identifiable charge before selling the new insurance to the member.

(6) The person selling or offering for sale any insurance product in any part of a credit union's office or on its behalf must be at all times appropriately qualified and licensed under applicable State insurance licensing standards with regard to the specific products being sold or recommended.

(b) Unsafe and Unsound Practice. It is an unsafe and unsound practice for any director, officer, or employee of a credit union, who is involved in the sale of insurance products to members, to take advantage of that business opportunity for personal profit. Recommendations to members to buy insurance should be based on the benefits of the policy, not the compensation received from the sale.

(c) Prohibited Practices. A director, officer, or employee of a credit union may not engage in any practice that would lead a member to believe that a loan or extension of credit is conditional upon either:

- (1) The purchase of an insurance product from the credit union or any of its affiliates; or
- (2) An agreement by the member not to obtain, or a prohibition on the member from obtaining, an insurance product from an unaffiliated entity.

§91.403. Debt Cancellation Products; Federal Parity; Adoption by Reference.

(a) Authority. Provided it complies with this section, the Truth in Lending Act (15 U.S.C. 1601), and the applicable provisions of Regulation Z (12 C.F.R. Part 226), a credit union may offer any debt cancellation product, including a debt cancellation contract (DCC) and a debt suspension agreement (DSA), a federal credit union is permitted to offer. For the purposes of this section, a debt cancellation product is a two-party agreement between the credit union and the member under which the credit union agrees to waive, suspend, defer, or cancel all or part of a member's obligation to pay an indebtedness under a lease, loan, or other extension of credit upon the occurrence of a specified event. Debt cancellation products are considered loan products governed by this section and applicable provisions of the Finance Code, not insurance products and, consequently, are not regulated by the Texas Department of Insurance. The credit union may offer debt cancellation products for a fee pursuant to the authority set forth in Finance Code §123.003, relating to enlargement of powers and parity and the authority federal credit unions have to offer such products; the fee also is authorized by Finance Code §124.101, relating to borrower payment of loan expenses. If the debt cancellation product is offered for a fee, the member's participation in the debt cancellation program must be optional, and the member must be informed of the fee and that participation is optional.

(b) Anti-tying and Refund Rules. For any debt cancellation product offered by a credit union:

(1) The credit union may not extend credit nor alter the terms or conditions of an extension of credit conditioned upon the member entering into a debt cancellation product with the credit union; and

(2) If the debt cancellation product provides for a refund of unearned fees, the unearned fees must be calculated using a method that produces a result at least as favorable to the member as the actuarial method. Before the member purchases the debt cancellation product, the credit union must state in writing that the purchase of the debt cancellation product is optional, the conditions for and method of calculating any refund of the debt cancellation fee, including when fees are considered earned by the credit union, and that the member should carefully review all of the terms and conditions of the debt cancellation agreement prior to signing the agreement.

(c) Notice to Department. A credit union must notify the commissioner in writing of its intent to offer any type of debt cancellation product at least 30 days prior to the product being offered to members. The notice must contain a statement describing the type(s) of debt cancellation product(s) that the credit union will offer to its membership.

(d) Risk Management and Controls. Before offering any debt cancellation products, each credit union's board of directors, shall adopt written policies that establish and maintain effective risk management and control processes for these products. Such processes include appropriate recognition and financial reporting of income, expenses, assets and liabilities, and appropriate treatment of all expected and unexpected losses associated with the products. A credit union should

also assess the adequacy of its internal control and risk mitigation activities in view of the nature and scope of its debt cancellation program. In addition, the policies shall establish reasonable fees, if any, that will be charged, the appropriate disclosures that will be given, and the claims processing procedures that will be utilized.

(e) For purposes of this section “actuarial method” means the method of allocating payments made on a debt between the amount financed and the finance charge pursuant to which a payment is applied first to the accumulated finance charge and any remainder is subtracted from, or any deficiency is added to, the unpaid balance of the amount financed.

(f) Best Practices. The Commission seeks to preserve and promote parity with regard to federal credit unions, foreign credit unions, and other depository institutions, as referenced in Finance Code §§15.402(b-1) and 123.003. The National Credit Union Administration (NCUA) has provided as guidance for federal credit unions the standards set forth in the rules of the U.S. Office of the Comptroller of the Currency (OCC), related to DCCs and DSAs. The Commission, therefore, adopts by reference the guidance issued by NCUA in May 2003 (Letter No. 03-FCU-06). Credit unions should also look to OCC’s rules, codified at 12 C.F.R. Part 37, for guidance as to best practices in the industry regarding the offer and sale of DCCs and DSAs. A copy of the NCUA letter and of the OCC rules may be obtained on the Department website at: www.cud.texas.gov.

§91.404. Purchasing Assets and Assuming Deposits and Liabilities of another Financial Institution.

(a) Scope. A credit union must obtain the approval of the Department before purchasing all or substantially all of the assets and/or assuming certain deposits and other liabilities of another financial institution. This section does not apply to purchases of assets that occur as a result of a credit union’s ordinary and ongoing business of acquiring obligations of its members.

(b) Approval Requirement.

(1) A credit union must file an application and obtain the written approval of the Department before entering into any type of purchase and assumption agreement.

(2) In determining whether to approve an application under this section, the Department will consider the purpose of the transaction, its impact on the safety and soundness of the credit union, and any effect on the credit union’s existing members. The Department may deny the application if the transaction would have a negative effect on any of those factors.

§91.405. Records Retention and Preservation.

(a) General. Every credit union shall keep records of its transactions in sufficient detail to permit examination, audit and verification of financial statements, schedules, and reports it is

required to file with the Department or which it issues to its members. Credit union accounts, books and other records shall be maintained in appropriate form and for the minimum periods prescribed by this section. The retention period for each record starts from the last entry or final action date and not from the inception of the record.

(b) Manner of maintenance. Records may be maintained in whatever manner, or format a credit union deems appropriate; provided, however, the records must clearly and accurately reflect the information required, provide an adequate basis for the examination and audit of the information, and be retrievable easily and in a readable and useable format. A credit union may contract with third party service providers to maintain records required under this part.

(c) Permanent retention. It is recommended that the following records be retained permanently in their original form:

- (1) charter, bylaws, articles of incorporation, and amendments thereto; and
- (2) currently effective certificates or licenses to operate under programs of various government agencies.

(d) Ten year retention. Records which are significant to the continuing operation of the credit union must be retained until the expiration of ten years following the making of the record or the last entry thereon or the expiration of the applicable statute of limitations, whichever is later. The records are:

- (1) minutes of meetings of the members, the board of directors, and board committees;
- (2) journal and cash record;
- (3) general ledger and subsidiary ledgers;
- (4) for active accounts, one copy of each individual share and loan ledger or its equivalent;
- (5) comprehensive annual audit reports including evidence of account verification; and
- (6) examination reports and official correspondence from the department or any other government agency acting in a regulatory capacity.

(e) Five year retention. The following records must be retained until the expiration of five years following the making of the record or the last entry thereon or the expiration of the applicable statute of limitations, whichever is later:

- (1) records related to closed accounts including membership applications, joint membership agreements, payable on death agreements, signature cards, share draft agreements, and any other account agreements; loan agreements; and
- (2) for an active account, any account agreement which is no longer in effect.

(f) Other records. Subject to applicable law, any other type of document not specifically delineated in this rule may be destroyed after five years or upon expiration of an applicable statute of limitations, whichever is longer.

(g) Data processing records. Provisions of this section apply to records produced by a data processing system. Output reports that substitute for standard conventional records or that provide the only support for entries in the journal and cash record should be retained for the minimum period specified in this rule.

(h) Protection and storage of records. A credit union shall provide reasonable protection from damage by fire, flood and other hazards for records required by this section to be preserved and, in selection of storage space, safeguard such records from unnecessary exposure to deterioration from excessive humidity, dryness, or lack of proper ventilation.

(i) Records destruction. The board of directors shall adopt a written policy authorizing the destruction of specified records on a continuing basis upon expiration of specified retention periods.

(j) Records preservation. All state chartered credit unions are required to maintain a records preservation program to identify and store vital records in order that they may be reconstructed in the event the credit union's records are destroyed. Storage of vital records is the responsibility of the board but may be delegated to the responsible person(s). A vital records storage center should be established at some location that is far enough from the credit union office to avoid the simultaneous loss of both sets of records in the event of a disaster. Records must be stored every calendar quarter within 30 days following quarter-end at which time records stored for the previous quarter may be destroyed. Stored records may be in any form which can be used to reconstruct the credit union's records. This includes machine copies, microfilm, or any other usable copy. The records to be stored shall be for the most recent month-end and are:

(1) a list of all shares and/or deposits and loan balances for each member's account. Each balance on the list is to be identified by an account name or number. Multiple balances of either shares or loans to one account shall be listed separately;

(2) a financial statement/statement of financial condition which lists all the credit union's assets and liability accounts;

(3) a listing of the credit union's banks, insurance policies and investments. This information may be marked "permanent" and updated only when changes are made.

(k) Records preservation compliance. Credit unions that have some or all of their records maintained by an off-site data processor are considered to be in compliance so long as the processor meets the minimum requirements of this section. Credit unions that have in-house capabilities shall make the necessary provisions to safeguard the backup of data on a continuing basis.

(l) Reproduction of records. A credit union shall furnish promptly, at its own expense, legible, true and complete copies of any record required to be kept by this section as requested by the department.

§91.406. Credit Union Service Contracts.

A credit union may enter into contractual agreements with one or more credit unions or other organizations for the purpose of engaging in authorized activities that relate to electronic data processing, electronic fund transfers, or other member services on behalf of the credit union. Agreements must be in writing and shall advise all parties that the activities and services may be subject to commission rules and examination by the commissioner to the extent permitted by law.

§91.407. Electronic Notification.

A credit union may, in accordance with written board policy, satisfy any "written" member notification requirement of the Act, commission rules, or the credit union's bylaws by electronic means provided:

- (1) the member agrees in writing or electronically to use electronic instead of hard-copy notifications;
- (2) the member has the ability to print or download the notification;
- (3) evidence of the electronic notification is retained in accordance with §91.405 (relating to Records Retention); and
- (4) both the credit union and the member have the capacity to receive electronic messages.

Subchapter E. Direction of Affairs

§91.501. Director Eligibility and Disqualification.

- (a) Board Representation. The credit union's bylaws shall govern board selection and election procedures. No credit union shall adopt or amend its articles of incorporation or bylaws to designate or reserve one or more places on the board of directors for any classification that results in a restriction or infringement upon the equal rights of all members to vote for, or seek any position on, the board of directors of the credit union. In addition, each credit union shall adopt policies and procedures that are designed to assure that the elections of directors are conducted in an impartial manner.
- (b) Qualifications. A member may not serve as director of a credit union if that member:
 - (1) has been convicted of any criminal offense involving dishonesty or breach of trust;
 - (2) is not eligible for coverage by the blanket bond required under the provisions of the Act, or §91.510 of this title (relating to Bond and Insurance Requirements);
 - (3) has had a final judgment entered against him/her in a civil action upon the grounds of fraud, deceit, or misrepresentation;
 - (4) has a payment on a voluntary obligation to the credit union that is more than 90 days delinquent or has otherwise caused the credit union to suffer a financial loss;
 - (5) has been removed from office by any regulatory or government agency as an officer, agent, employee, consultant or representative of any financial institution;
 - (6) has been personally made subject to an operating directive for cause while serving as an officer, director, or senior executive management person of a financial institution; or has caused or participated in a prohibited activity or an unsafe or unsound condition at a financial

institution which resulted in the suspension or revocation of the financial institution's certificate of incorporation, or authority or license to do business;

(7) has failed to complete and return a director application in accordance with subsection (c) of this section; or

(8) refuses to take and subscribe to the prescribed oath or affirmation of office.

(c) Director application. Any member nominated for, or seeking election to, the board of directors shall submit a written application in such form as the credit union may prescribe. The application shall be submitted either to the nominating committee prior to its selection of nominees; or to the board chair within 30 days following the election of a member who was not nominated by the nominating committee or who was appointed by the board to fill a vacancy. The applications of the elected/appointed directors shall be incorporated into and made part of the minutes of the first board meeting following the election/appointment of those directors. Applications of unsuccessful candidates shall be destroyed or returned upon request. The commissioner may review and require that changes be made to any application form, which is deemed inadequate or unfairly discriminates against certain classes of members.

(d) Director continuing education. Directors must develop and maintain a fundamental, ongoing knowledge of the regulations and issues affecting credit union operations to assure a safe and sound institution. A credit union shall, by written board policy, establish appropriate continuing education requirements and provide sufficient resources for directors to achieve and maintain professional competence. The policy shall include a provision requiring the credit union to prepare, on an annual basis, a continuing education plan for its Directors that is appropriate to the size and financial condition of the credit union and the nature and scope of its operations.

(e) Prohibited conduct. A director shall not:

(1) Divulge or make use of, except in the performance of office duties, any fact, information, or document not generally available to the membership that is acquired by virtue of serving on the board of the credit union.

(2) Use the director's position to obtain or attempt to obtain special advantage or favoritism for the director, any relative of the director, or any person residing in the director's household.

(3) Accept, directly or indirectly, any gift, fee, or other present that is offered or could be reasonably be viewed as being offered to influence official action or to obtain information that the director has access to by reason of serving on the board of the credit union.

(f) Recall of director(s).

(1) Petition. Under procedures set out in the credit union's bylaws, members may request a special membership meeting to consider removing the entire board or individual directors for cause relating to serious mismanagement or a breach of fiduciary duties. The board shall conduct any resulting special meeting as prescribed in the credit union's bylaws.

(2) Membership Vote. The members of a credit union may remove a director by a vote of two-thirds of those members voting at the special meeting; provided, however, that:

(A) a separate vote is conducted for each director sought to be recalled;

(B) the members voting shall constitute not less than 10% of the membership eligible to vote in the recall election;

(C) all members are given at least 30 days notice of the meeting which shall state the reasons why the meeting has been called; and

(D) the affected director(s) is afforded an opportunity to be heard at such meeting prior to a vote on removal.

(3) Vacancy on the Board. If a vacancy occurs as a result of a recall, the vacancy shall be filled by the affirmative vote of a majority of the remaining directors. If the entire board

is removed as a result of the recall, the members shall fill the vacancies at the recall meeting. Directors elected to fill a recall vacancy shall hold office only until the next annual meeting when any unexpired terms shall be filled by vote of the members.

(g) Absences. Any director who fails to attend three (3) consecutive regularly scheduled meetings without an excuse approved by a majority vote of the board, or who fails to attend six (6) regularly scheduled meetings during any twelve-month period following the director's election or appointment is automatically removed from office. A new person shall be appointed to fill any vacancies resulting from poor attendance within sixty days of the date of the meeting that led to the automatic removal. The commissioner in the exercise of discretion may extend the deadline for filling the vacancy.

§91.502. Director/Committee Member Fees, Insurance, Reimbursable Expenses, and Other Authorized Expenditures.

(a) Expense reimbursement. A credit union may reimburse out-of-pocket travel and related expenses that are reasonable and appropriate for the business activity undertaken. A credit union shall adopt a written board policy to administer and control travel expenses paid or incurred in connection with directors or committee members carrying out official credit union business.

(b) Payment of fees. Subject to the provisions of this rule, a credit union may pay a reasonable meeting fee to any of its directors, honorary directors, advisory directors, (hereafter referred to as directors) or committee members for attending duly called meetings at which appropriate credit union business is conducted. Any credit union electing to pay any type of meeting fee shall annually disclose to the membership the fees paid in the prior calendar year and scheduled to be paid in the current calendar year. This disclosure may be provided to the members as part of the credit union's annual report as prescribed in §91.310 of this title (relating to annual report to membership). A credit union, however, may not pay any meeting fees to a director or committee member if the credit union is operating under a Net Worth Restoration Plan; or an order issued under Finance Code §122.257 or §122.258.

(c) Enforcement Authority; Prohibition. The commissioner may prohibit or otherwise limit or restrict the payment of meeting fees to directors or committee members if, in the opinion of the commissioner, the credit union has paid, is paying, or is about to pay meeting fees that are excessive as defined in §91.502(f).

(d) Use of credit union equipment. A credit union may provide personal computers, access to electronic mail, and other electronic conveniences to directors during their terms of office provided:

(1) the board of directors determines that the equipment and the electronic means are necessary and appropriate for the directors to fulfill their duties and responsibilities;

(2) the board of directors develops and maintains written policies and procedures regarding this matter; and

(3) the arrangement ceases immediately upon the person's leaving office.

(e) Insurance. A credit union may, in accordance with written board policy, provide health, life, accident, liability, or similar personal insurance protection for directors and committee members. The kind and amount of these insurance protections must be reasonable given the credit union's size, financial condition, and the duties of the director or committee member. The

insurance protection must cease upon the director or committee member's leaving office, without providing residual benefits beyond those earned during the individual's term on the board or committee.

(f) Review by board. A credit union shall implement and maintain appropriate controls and other safeguards to prevent the payment of fees or expenses that are excessive or that could lead to material financial loss to the institution. At least annually, the board, in good faith, shall review the director/committee member fees and director/committee member-related expenses incurred, paid or reimbursed by the credit union and determine whether its policy continues to be in the best interest of the credit union. The Board's review shall be included as part of the minutes of the meeting at which the policy and the fees and expenses were studied. Fees and expenses shall be considered excessive when amounts paid are disproportionate to the services performed by a director or committee member, or unreasonable considering the financial condition of the institution and similar practices at credit unions of a comparable asset size, geographic location, and/or operational complexity.

(g) Guest travel. A credit union's board may authorize the payment of travel expenses that are reasonable in relation to the credit union's financial condition and resources for one guest accompanying a director or committee member to an approved conference or educational program. The payment will not be considered compensation for purposes of Finance Code §122.062 if:

(1) it is determined by the board to be necessary or appropriate in order to carry out the official business of the credit union; and

(2) it is in accordance with written board policies and procedures.

§91.503. Change in Credit Union President

The board of directors, in executing its fiduciary responsibilities, may find it necessary to replace the credit union's president. The board shall submit written notification to the commissioner within ten days of any such personnel change. For purposes of this section, the term president refers to the individual responsible for the day-to-day operation of the credit union, irrespective of the actual title given to such individual.

§91.510. Bond and Insurance Requirements.

(a) Fidelity bond. Each credit union shall purchase and maintain a blanket fidelity bond covering the officers, directors, employees, committee members, and its agents, against loss caused by dishonesty, burglary, robbery, larceny, theft, holdup, forgery or alteration of instruments, misplacement or mysterious disappearance. All carriers writing credit union blanket bonds must be authorized by the Insurance Commissioner for the state of Texas as an acceptable fidelity on bonds in this state.

(1) Subject to approval by the credit union's board of directors, the amount of coverage to be required for each credit union shall be determined by the credit union, based on its assessment of the level that would be safe and sound in view of the credit union's potential exposure to risk.

(2) Each credit union may maintain bond coverage in addition to that provided by the insurance underwriter industry's standard forms, through the use of endorsements, riders, or other forms of supplemental coverage, if, in the judgment of the credit union's board of directors, additional coverage is warranted.

(3) The commissioner may require additional coverage of any credit union when, in his opinion, the fidelity bond in force is insufficient to provide adequate fidelity coverage. It shall be the duty of the board of directors to obtain the additional coverage within 30 days after the date of written notice of the findings by the commissioner.

(b) Cancellation. A fidelity bond must include a provision requiring written notification by the fidelity to the commissioner prior to cancellation of any or all coverages set out in the bond which includes a brief statement of cause for termination.

(c) Other insurance. Each credit union shall, subject to approval by the board, purchase appropriate insurance coverages to insure the credit union and its assets against loss or damage by fire, liability, casualty or any other insurance risks.

(d) Board review. The board of directors of each credit union shall formally approve the credit union's bond and insurance coverages. In deciding whether to approve the coverages, the board shall review the adequacy of the standard coverage and the need for supplemental coverage. Documentation of the board's approval shall be included as part of the minutes of the meeting at which the board approves coverages. Additionally, the board of directors shall review the credit union's bond and insurance coverages at least annually to assess the continuing adequacy of coverage.

(e) Review by fidelity company. Credit unions which are analyzed by a fidelity company shall notify the commissioner of the analysis within 30 days of the review commencement. The report of the review is to be provided to the commissioner upon request. The confidentiality of the report shall be preserved in the same manner afforded a report of examination conducted by the department.

(f) Insuring organization's bond requirements. A credit union shall also comply with all bond requirements imposed by an insuring organization as a condition to maintain insurance on share and deposit accounts. Any credit union that fails to meet the minimum fidelity bond specifications contained within Part 741.201 of the NCUA Rules and Regulations may be deemed to be engaged in an unsafe practice pursuant to Finance Code §122.255.

§91.515. Financial Reporting.

(a) Each credit union having assets of \$5 million or greater shall:

(1) prepare and maintain, on an accrual basis, accurate and complete records of its business transactions in accordance with generally accepted accounting principles, except as otherwise directed by regulatory requirements; and

(2) prepare its financial statements and reports, including reports to the members, board of directors, management and the department, in accordance with generally accepted accounting principles, except as otherwise directed by regulatory requirements.

(b) Credit unions having assets of less than \$5 million may use another comprehensive basis of accounting.

(c) In addition to the quarterly report to the department as prescribed by the Act, the commissioner may require from all credit unions or from selected categories of credit unions other financial and statistical reports relating to financial condition and accounting practices.

§91.516. Audits and Verifications.

(a) Audit requirements. At least once every calendar year, the board of directors shall obtain or cause to be performed an annual audit of the credit union which must cover the period elapsed since the last audit period. A summary of the audit must be reported to the members at the next membership meeting. The audit must be conducted in accordance with generally accepted auditing standards by a licensee of the Texas State Board of Public Accountancy or as permitted under the provisions of §741.202(a) of the National Credit Union Administration's Rules and Regulations (12 CFR, Chapter VII, Part 741).

(b) Definitions.

(1) A record-keeping deficiency is serious if the commissioner reasonably believes that the board of directors and management of the credit union have not timely met financial reporting objectives and established practices and procedures sufficient to safeguard members' assets.

(2) A serious recordkeeping deficiency is persistent when it continues beyond a usual, expected or reasonable period of time.

(c) Verification obligation. The board of directors shall, at least once every two years, cause the share, deposit, and loan accounts to be verified against the records of the credit union as prescribed in §741.202(b) of the National Credit Union Administration's Rules and Regulations (12 CFR, Chapter VII, Part 741).

(d) Remedies. The commissioner may compel a credit union to obtain an audit and/or a verification of members' accounts, performed by an independent person, for any year in which any one of the following conditions is present:

(1) the credit union has not obtained an annual audit or caused an audit/verification to be performed;

(2) the credit union has obtained an audit/verification or performed an audit/verification which does not meet the specified requirements; or

(3) the credit union has experienced serious and persistent recordkeeping deficiencies.

(e) Opinion audit required. The commissioner may compel a credit union to obtain an opinion audit performed in accordance with Generally Accepted Auditing Standards by an independent person who is licensed by the state for any year in which the credit union has experienced persistent serious recordkeeping deficiencies. The objective of such an audit is to obtain an unqualified opinion on the credit union's financial statements.

- (a) **Accounts.** A credit union may offer any type of share or deposit accounts and prescribe the terms and conditions relating to the accounts as established by written policies approved by the board of directors.
- (b) **Policies and procedures.** Each credit union, before accepting any funds for any share or deposit accounts, shall adopt, implement and maintain appropriate policies and procedures which address, at a minimum, asset liability management and adequate liquidity levels.
- (c) **Limitation on deposit accounts.** Acceptance of funds from a depositor authorized by the Act that is not within the credit union's field of membership is subject to the limitations prescribed by §123.201(b) of the Act. This restriction does not apply to a credit union accepting for deposit the money of:
 - (1) the United States or any agent or instrumentality of the United States;
 - (2) this or another state; or
 - (3) a political subdivision of this or another state.
- (d) **Nonmember deposit.** The written documentation evidencing a deposit under subsection (c) of this section shall clearly and conspicuously disclose that the funds are not insured. This section does not apply to insured deposits from other credit unions or deposits received by a credit union with a low-income designation.

- (a) **Definitions.**
 - (1) **Brokered deposit** means any deposit that is obtained, directly or indirectly, from or through the mediation or assistance of a deposit broker.
 - (2) **Deposit broker** means a person engaged in the business of placing deposits, or facilitating the placement of deposits, of third parties with financial institutions; or the business of placing funds with financial institutions for the purpose of selling interests in the deposit to third parties.
- (b) **Limitation.** A credit union that has a net worth ratio of less than six percent as defined in §91.901 of this title (relating to Reserve Requirements) or is not deemed adequately capitalized by its insuring organization may not accept, renew or roll over any brokered deposit unless it has been granted a waiver by the commissioner.
- (c) **Risk management and due diligence.** Credit unions utilizing brokered deposits shall ensure that proper risk management practices are in place, including appropriate written asset/liability management policies, business strategies, concentration limits, monitoring procedures, and contingency funding plans. In addition, credit unions must implement adequate due diligence procedures before entering into a business relationship with a deposit broker.

§91.608. Confidentiality of Member Records.

(a) Confidentiality of members' accounts. No credit union officer, director, committee member or employee may disclose to any person, other than the member, or to any company or governmental body the individual savings, shares, or loan records of any credit union member, contained in any document or system, by any means unless specifically authorized to do so in writing by such members, except as follows:

(1) reporting credit experience to a bona fide credit reporting agency, another credit union, or any other bona fide credit-granting business and/or merchants information exchange, provided that applicable state and federal laws and regulations pertaining to credit collection and reporting are followed;

(2) furnishing information in response to a valid request from a duly constituted government agency or taxing authority, or any subdivision thereof, including law enforcement agencies;

(3) furnishing information, orally or in written form, in response to the order of a court of competent jurisdiction or pursuant to other processes of discovery duly issuing from a court of competent jurisdiction;

(4) furnishing reports of loan balances to co-borrowers, co-makers, and guarantors of loans of a member and of share or deposit account balances, signature card information, and related transactions to joint account holders;

(5) furnishing information to and receiving information from check and draft reporting, clearing, cashing and authorization services relative to past history of a member's draft and checking accounts at the credit union; or

(6) as otherwise authorized by law, including access by examiners of the Department.

(b) Non-disclosure statement. Nothing in this rule shall prohibit the credit union from releasing the name and address of members to assist the credit union in its marketing efforts or sale of third party products, provided, however, that the credit union obtains a written non-disclosure statement providing assurances that the information will be used exclusively for the benefit of the credit union and no other.

(c) Privacy policy. Each credit union shall develop, implement and maintain a written policy on the protection of nonpublic personal information of individual members in its possession. This policy shall be consistent with the disclosure and reporting requirements applicable to federally insured credit unions as addressed in Part 716 of NCUA Rules and Regulations.

(d) Relation to federal laws. This section shall not be construed as altering or affecting any applicable federal statute, regulation, or interpretation that affords a member greater protection than provided under this section.

§91.610. Safe Deposit Box Facilities.

(a) Purpose. Finance Code §59.110 requires credit unions to imprint keys issued to safe deposit boxes with the institution's routing number. In addition, it requires a report to the

Department of Public Safety if the routing number is altered or defaced so that the correct routing number is illegible. The purpose of this section is to clarify the requirements of the noted section of the Finance Code.

(b) Definitions. The following words and terms, when used in this section, shall have the following meanings, unless the context clearly indicates otherwise.

(1) Credit union — This term includes all state or federal credit unions that have been assigned a routing number unique to that institution.

(2) Routing number — The number printed on the face of a share draft or check in fractional form or in nine-digit form that identifies a paying financial institution.

(c) Imprinting requirements. A credit union which has been issued a routing number shall imprint that routing number on safe deposit box keys on either the head of the key or the shank of the key if there is adequate room. The typical locations to be used are indicated in the following instructions and diagram. The imprint can be made anywhere on the key that has the required space available. When positioning the die on the key, be careful to place the die on the key where it will imprint on a flat surface and not in the area of the key cuts or on any of the shank ridges or grooves. Imprinting in these areas may interfere with the proper working of the key in the lock and may cause damage. In the event these standard areas for the location of the imprint are unavailable, either because of grooves on the key shank or the fact that the head of the key already has names and other numbers imprinted on it, then the credit union may attach to the key a tag imprinted with the routing number. The tag used must be of such a nature as to be secure. Thus, a paper or cardboard tag or a tag affixed with string will not be acceptable. However, any other medium such as plastic or metal which can retain an imprint of a number shall be acceptable. The tag may be attached in any way to assure its affixation to the key. Typically, this will mean inserting the tag or a device to affix the tag through the hole in the head of the key normally used for placing keys on key chains. The tag method shall not be used if there is adequate room on the key itself for imprinting the numbers. There are four standard areas for the location of the imprinted routing number. These include: the head of the key, the shank of the key, and either place on the reverse side of the key. The standard imprint areas are shown as follows.

(d) Branch designation. A credit union may, but is not required to, add a three-digit branch designation to its routing number. Thus, the main credit union facility should receive the designation "001" and branch facilities should receive numbers consecutively beginning with "002" with successive numbers as needed. However, the credit union may control the branch numbering system used provided that the credit union maintains a master list of branch designations used for this purpose. The master list should be maintained at the main office of the credit union and shall include the three-digit branch designation and address of facility. The

credit union then may imprint safe deposit box keys or tags with the routing number plus three-digit branch designation for full identification of the facility.

(e) Report of defaced or altered key. Within 10 days after an officer or employee of a credit union observes that a key used to access a safe deposit box has had the routing number altered or defaced or the tag removed, a report shall be prepared of such incident. The report shall be on a form promulgated by the Credit Union Department in the form of the attached **Exhibit A**. The report should be submitted to the Department of Public Safety, Attention: Criminal Law Enforcement, Box 4087, Austin, Texas 78773-0001. The report should be mailed no later than ten days after the incident. The credit union should retain one copy of the incident report for a period of three years. Nothing in this rule nor in the Finance Code §59.110 shall require a credit union to inspect routing numbers imprinted on a key or an attached tag to determine if the number has been altered or defaced.

(f) Effective date; applicability to existing keys. A credit union must imprint all safe deposit box keys on or after September 1, 1992. Additionally, the imprinting requirement applies to all keys issued prior to September 1, 1992. However, keys for boxes rented prior to September 1, 1992, need not be imprinted with the routing number unless and until a member presents a safe deposit box key at a credit union for access to a box. Nothing in this rule or the Finance Code §59.110 shall be construed to require a credit union to provide notice to its safe deposit box users or to otherwise require such members to present their keys for imprinting. However, on the first date after September 1, 1992, that a member presents a key which has not been imprinted, the credit union shall imprint the key with the routing numbers as required by Finance Code §59.110.

(g) Effect of change in routing number. In the event a credit union's routing number is changed as a result of a merger, acquisition, or other change, safe deposit box keys need not be replaced with a new routing number provided that the credit union maintains a master list of the routing numbers used to imprint keys.

Subchapter G. Lending Powers

§91.701. Lending Powers.

(a) Authorization. A credit union may originate, invest in, sell, purchase, service, or participate in loans or otherwise extend credit in accordance with the Act, these Rules, and other applicable law.

(b) Written Policies. Before engaging in any lending activity, each credit union shall establish written lending policies that set prudent credit underwriting and documentation standards for each specific type of lending activity. The lending policies shall contain a general outline of the manner in which loans are made, serviced, and collected. In addition the policies must:

- (1) Be consistent with safe and sound credit union practices;
- (2) Be appropriate to the size and financial condition of the credit union and the nature and scope of its operations;
- (3) Be compatible with the size and expertise of the credit union's lending staff;
- (4) Be compliant with all related laws and regulations;
- (5) Be reviewed and approved by the credit union's board of directors at inception and annually, thereafter;
- (6) Address loan portfolio diversification standards to avoid undue concentrations of risk;
- (7) Address loan documentation and underwriting standards that are clear and measurable;
- (8) Address loan administration procedures for monitoring the loss exposure from the loan portfolio;
- (9) Address loan pricing guidelines to ensure that the rate of return is consistent with the risk from the lending activity; and
- (10) State the lending authority delegated to any individuals or committees by the board of directors.

(c) Loan Documentation. The lending policies shall include loan documentation practices that:

- (1) Enable the credit union to make an informed lending decision and to assess risk, as necessary, on an ongoing basis;
- (2) Identify the purpose of a loan and the source of repayment, and assess the ability of the borrower to repay the indebtedness in a timely manner; and
- (3) Ensure that any claim against a member is legally enforceable.

(d) Credit Underwriting. A credit union shall establish and maintain prudent credit underwriting practices that:

- (1) Are commensurate with the types of loans the credit union will make and consider the terms and conditions under which they will be made;
- (2) Consider the nature of the markets in which loans will be made;
- (3) Provide for consideration of the member's overall financial condition and resources, the financial responsibility of any guarantor, the nature and value of any underlying collateral, and the member's character and willingness to repay as agreed;
- (4) Take adequate account of concentration of credit risk; and
- (5) Are appropriate to the size of the credit union and the nature and scope of its activities.

(e) Loan Maturity Limit. Except when a higher maturity date is provided for elsewhere in this chapter, the maturity of any loan or extension of credit to a member may not exceed 15

years. Minimum payments, on a line of credit balance must be sufficient to amortize the outstanding balance over a reasonable period of time and not cause negative amortization.

(f) Liquidity. In addition to establishing controls for credit risks, credit unions shall establish procedures and guidelines to monitor and limit the total volume of loans outstanding, to ensure adequate liquidity. In setting such guidelines, the credit union shall consider various factors such as credit demand, the volatility of shares and deposits, and availability of alternative funding sources.

(g) Waivers. The commissioner in the exercise of discretion may grant a waiver in writing of any lending requirement described in this chapter. A decision to deny a waiver, however, is not subject to appeal. A waiver request must contain the following:

- (1) The requirement to be waived, the higher limit or the ratio sought;
- (2) An explanation of the need for the waiver or to raise the limit or ratio; and
- (3) Documentation supporting the credit union's ability to manage the additional risk from this activity.

§91.703. Interest Rates.

(a) Loans made by each credit union shall bear interest at a rate or rates as may be determined by the credit union's board of directors. A board may delegate all or part of its power to determine the interest rates on any lending transactions. The board may also authorize a refund of interest on loans under the conditions it may prescribe.

(b) A loan may provide for variable interest rates, so long as the factor or index governing the extent of the variation is not under the control of the credit union and can be readily ascertained from sources available to the public or any other index approved in writing by the commissioner which is not available to the public.

§91.704. Real Estate Lending.

(a) Definitions. For the purposes of this section, the following words and terms shall have the following meanings, unless the context clearly indicates otherwise.

(1) First lien means any mortgage that takes priority over any other lien or encumbrance on the same property and that must be satisfied before other liens or encumbrances may share in proceeds from the property's sale.

(2) Home loan means a loan that is:

(A) made to one or more individuals for personal, family, or household purposes; and

(B) secured in whole or part by:

(i) a manufactured home, as defined by Finance Code <*>347.002, used or to be used as the borrower's principal residence; or

- (ii) real property improved by a dwelling designed for occupancy by four or fewer families and used or to be used as the borrower's principal residence.

(3) Improved residential real estate means residential real estate containing offsite improvements, such as access to streets, curbs, and utility connections, sufficient to make the property ready for residential construction, and real estate in the process of being improved by a building.

(4) Other acceptable collateral means any collateral in which the credit union has a perfected security interest, that has a quantifiable value, and is accepted by the credit union in accordance with safe and sound lending practices.

(5) Owner-occupied means that the owner of the underlying real property occupies a dwelling unit of the real property as a principal residence.

(6) Readily marketable collateral means insured deposits, financial instruments, and bullion in which the credit union has a perfected interest. Financial instruments and bullion must be saleable under ordinary circumstances with reasonable promptness at a fair market value determined by quotations based on actual transactions, on an auction or similarly available daily bid and ask price market.

(b) Written Policies. Before engaging in any real estate lending, a credit union shall adopt and maintain written policies that are appropriate for the size of the credit union and the nature and scope of its operation. When formulating the real estate lending policy, the credit union should consider both internal and external factors, such as its size and condition, expertise of its lending staff, avoidance of undue concentrations of risk, compliance with all real estate laws and rules, and general market conditions. Each policy must be consistent with safe and sound lending practices and establish appropriate limits and standards for extensions of credit that are secured by liens on or interests in real estate, or that are made for the purpose of financing permanent improvements to real estate. The policies shall, in addition to the general requirements of §91.701(b) of this title (relating to Lending Powers), address the following, as applicable:

- (1) Title insurance;
- (2) Escrow administration;
- (3) Loan payoffs;
- (4) Collection and foreclosure; and
- (5) Servicing and participation agreements.

(c) Loan to Value Limitations.

(1) The board of directors shall establish its own internal loan-to-value limits for real estate loans based on type of loan. These internal limits, however, shall not exceed the following regulatory limits:

- (A) Unimproved land held for investment/speculation--Loan to value limit 60%
- (B) Construction and Development: commercial, multifamily, and other nonresidential--Loan to value limit 75%
- (C) Interim Construction: owner-occupied residential real estate--Loan to value limit 90%
- (D) Owner occupied residential real estate (other than home equity)--Loan to value limit 95%
- (E) Other residential real estate such as a second or vacation home--Loan to value limit 90%
- (F) Home equity--Loan to value limit 80%
- (G) All Other--Loan to value limit 80%

(2) The regulatory loan-to-value limits should be applied to the underlying property that collateralizes the loan. In determining the loan to-value ratio, a credit union shall include the aggregate amount of all sums borrowed, including the outstanding balances, plus any unfunded commitment or line of credit from all sources on an item of collateral, divided by the market value of the collateral used to secure the loan.

(d) Maximum Maturities. Notwithstanding the general 15-year maturity limit on lending transactions to members, credit unions engaged in real estate lending are expected to have loan policies that establish prudent standards for loan structure including tenor and amortization that are within the risk parameters approved by the board of directors and consistent with the following regulatory limits:

- (1) Improved residential real estate loans (principal residence, first lien)--40 years
- (2) Improved residential real estate loans (secondary residence, first lien)--30 years
- (3) Improved residential real estate loans (investment property, first lien)--20 years
- (4) Interim construction loans--18 months
- (5) Manufactured home (first lien)--20 years
- (6) Home equity loans--20 years (second lien)--30 years (first lien)
- (7) Home improvement loans--20 years

(8) A loan secured in part, by the insurance or guarantee of, or with an advance commitment to purchase the loan, in full or in part, by the Federal Government or any agency of the Federal Government, may be made for the maturity specified in the law, regulations or program under which the insurance, guarantee or commitment is provided

(e) Mortgage Fraud Notice. A credit union must provide to each applicant for a home loan a written notice at closing. The notice must be provided on a separate document, be in at least 14-point type, and have the following or substantially similar language: "Warning: Intentionally or knowingly making a materially false or misleading written statement to obtain property or credit, including a mortgage loan, is a violation of §32.32, Texas Penal Code, and, depending on the amount of the loan or value of the property, is punishable by imprisonment for a term of 2 years to 99 years and a fine not to exceed \$10,000. "I/we, the undersigned home loan applicant(s), represent that I/we have received, read, and understand this notice of penalties for making a materially false or misleading written statement to obtain a home loan."I/we represent that all statements and representations contained in my/our written home loan application, including statements or representations regarding my/our identity, employment, annual income, and intent to occupy the residential real property secured by the home loan, are true and correct as of the date of loan closing." On receipt of the notice, the applicant shall verify the information and execute the notice. A credit union must keep the signed notice on file with the records required under §91.701 of this title.

(f) Excluded Transactions. It is recognized that there are a number of lending situations in which other factors significantly outweigh the need to apply the regulatory loan-to-value limits. As a result, an exception to the loan-to-value limits is permissible for the following loan categories:

(1) Loans that are covered through appropriate credit enhancements in the form of readily marketable collateral or other acceptable collateral.

(2) Loans guaranteed or insured by the U.S. government or its agencies, provided that the amount of the guaranty or insurance is at least equal to the portion of the loan that exceeds the regulatory loan-to-value limit.

(3) Loans guaranteed, insured, or otherwise backed by the full faith and credit of the state, a municipality, a county government, or an agency thereof, provided that the amount of the

guaranty, insurance, or assurance is at least equal to the portion of the loan that exceeds the regulatory loan-to-value limit.

(4) Loans that are to be sold promptly after origination, without recourse, to a financially responsible third party.

(5) Loans that are renewed, refinanced, or restructured without the advancement of new funds or an increase in the line of credit (except for reasonable closing costs) where consistent with safe and sound credit union practices and part of a clearly defined and well-documented program to achieve orderly liquidation of the debt, reduce risk of loss, or maximize recovery on the loan.

(6) Loans that facilitate the sale of real estate acquired by the credit union in the ordinary course of collecting a debt previously contracted in good faith.

(g) Loans to 100% of Value. A credit union may make a loan in an amount up to 100% of the value of real property security if that part of the loan that exceeds the regulatory loan-to-value limit is guaranteed or insured by a private corporation, organization, or other entity. The board of directors must ensure that the credit union exercises appropriate due diligence to ensure that any such guarantor or insurer has the financial capacity and willingness to perform under the terms of the guaranty or insurance agreement.

(h) Registration of residential mortgage loan originators. Title V of the Housing and Economic Recovery Act of 2008 (Public Law 110-289) requires employees of a credit union who engage in the business of a mortgage loan originator to register with the Nationwide Mortgage Licensing System and Registry and to obtain a unique identifier. A credit union must comply with the requirements imposed by Part 761 of the NCUA Rules and Regulations.

In the event of an irreconcilable conflict between any specific requirement contained in this section and a constitutional provision, the constitutional requirement shall prevail.

§91.708. Real Estate Appraisals or Evaluations.

(a) **Policies and Procedures.** A credit union's board of directors is responsible for reviewing and adopting policies and procedures that establish and maintain an effective, independent real estate appraisal and evaluation program. A credit union's selection criteria for individuals who may perform appraisals or evaluations must provide for the independence of the individual performing the evaluation. That is, the individual has neither a direct nor indirect interest, financial or otherwise, in the property or transaction. The individual selected must also be competent to perform the assignment based upon the individual's qualifications, experience, and educational background. An individual may be an employee of a credit union if the individual qualifies under the conditions and requirements contained in Part 722 of the National Credit Union Administration Rules and Regulations.

(b) **Loans Over \$250,000.** For real estate loans in which the amount of the loan or extension of credit exceeds \$250,000, the credit union shall obtain a professional appraisal report by a state certified or licensed appraiser. The appraisal report shall be in writing and conform to generally accepted appraisal standards as evidenced by the Uniform Standards of Professional Appraisal Practice promulgated by the Appraisal Standards Board of the Appraisal Foundation, in Washington, D.C.

(c) **Loans \$250,000 or Less.** For a real estate loans with an amount of the loan or extension of credit of \$250,000 or less, the services of a state certified or licensed appraiser is not necessary; however, the credit union must obtain an appropriate evaluation of real property collateral that is supported by a written estimate of market value either performed by a qualified individual who has demonstrated competency in performing evaluations or from tax appraisal data of a governmental entity.

(d) **Right to Require an Appraisal.** The commissioner may require an appraisal under this section, at the expense of the credit union, when the commissioner has reasonable cause to believe the value of the collateral is overstated.

(e) **Existing Loans.** In the case of renewal of a loan where there has been no obvious and material change in market conditions or physical aspects of the property that threatens the adequacy of the credit union's real estate collateral protection after the transaction, even with the advancement of additional funds, a written certification of current value by the original appraiser or an acceptable substitute shall satisfy this section.

(f) Other Appraisal Requirements. A credit union shall also comply with applicable real estate appraisal requirements contained within Part 722 of the National Credit Union Administration Rules and Regulations.

§91.709. Member Business and Commercial Loans.

(a) Definitions. Definitions in TEX. FIN. CODE §121.002, are incorporated herein by reference. As used in this section, the following words and terms shall have the following meanings, unless the context clearly indicates otherwise.

(1) “Borrower” means a member or any other person named as a borrower, obligor, or debtor in a loan or extension of credit; or any other person, including, but not limited to, a comaker, drawer, endorser, guarantor or surety who is considered to be a borrower under the requirements of subsection (i) of this section concerning aggregation and attribution for commercial loans.

(2) “Commercial loan” means a loan or an extension of credit to an individual, sole proprietorship, partnership, corporation, or business enterprise for commercial, industrial, agricultural, or professional purposes, including construction and development loans, any unfunded commitments, and any interest a credit union obtains in such loans made by another lender. A commercial loan does not include a loan made for personal expenditure purposes; a loan made by a corporate credit union; a loan made by a credit union to a federally insured credit union; a loan made by a credit union to a credit union service organization; a loan secured by a 1- to 4-family residential property (whether or not the residential property is the borrower’s primary residence); a loan fully secured by shares in the credit union making the extension of credit or deposits in another financial institution; a loan secured by a vehicle manufactured for household use; and a loan that would otherwise meet the definition of commercial loan and which, when the aggregate outstanding balance plus unfunded commitments less any portion secured by shares in the credit union to a borrower, is equal to less than \$50,000.

(3) “Control” means a person directly or indirectly, or acting through or together with one or more persons who:

(A) own, control, or have the power to vote twenty-five (25) percent or more of any class of voting securities of another person;

(C) have the power to exercise a controlling influence over the management or policies of another person.

(4) “Immediate family member” means a spouse or other family member living in the same household.

(5) “Loan secured by a lien on a 1- to 4-family residential property” means a loan that, at origination, is secured wholly or substantially by a lien on a 1- to 4-family residential property for which the lien is central to the extension of the credit; that is the borrower would not have been extended credit in the same amount or on terms as favorable without the lien. A loan is wholly or substantially secured by a lien on a 1- to 4-family residential property if the estimated value of the real estate collateral at origination (after deducting any senior liens held by others) is

greater than fifty (50) percent of the principal amount of the loan.

(6) “Loan secured by a lien on a vehicle manufactured for household use” means a loan that, at origination, is secured wholly or substantially by a lien on a new and used passenger car or other vehicle such as a minivan, sport-utility vehicle, pickup truck, and similar light truck or heavy-duty truck generally manufactured for personal, family, or household use and not used as a fleet vehicle or to carry fare-paying passengers, for which the lien is central to the extension of credit. A lien is central to the extension of credit if the borrower would not have been extended credit in the same amount or on terms as favorable without the lien. A loan wholly or substantially secured by a lien on a vehicle manufactured for household use if the estimated value of the collateral at origination (after deducting any senior liens held by others) is greater than fifty (50) percent of the principal amount of the loan.

(7) “Loan-to-value ratio for collateral” means the aggregate amount of all sums borrowed and secured by the collateral, including outstanding balances plus any unfunded commitment or line of credit from another lender that is senior to the credit union’s lien, divided by the current collateral value. The current collateral value must be established by prudent and accepted commercial loan practices and comply with all regulatory requirements.

(8) “Member business loan” has the meaning assigned by 12 C.F.R. Part 723.

(9) “Net worth” has the meaning assigned by 12 C.F.R. Part 702.2.

(10) “Readily marketable collateral” means financial instruments and bullion that are salable under ordinary market conditions with reasonable promptness at a fair market value determined by quotations based upon actual transactions on an auction or similarly available daily bid and ask price market.

(11) “Residential property” means a house, townhouse, condominium unit, cooperative unit, manufactured home, a combination of a home or dwelling unit and a business property that involves only minor or incidental business use, real property to be improved by the construction of such structures, or unimproved land zoned for 1- to 4-family residential use but does not include a boat, motor home, or timeshare property, even if used as a primary residence. This applies to such structure whether under construction or completed.

(b) Parity. A credit union may make, commit to make, purchase, or commit to purchase any member business loan it could make if it were operating as a federal credit union domiciled in this state, so long as for each transaction the credit union complies with all applicable regulations governing such activities by federal credit unions. However, all such loans must be documented in accordance with the applicable requirements of this chapter.

(c) Commercial Loan Responsibilities and Operational Requirements. Prior to engaging in the business of making commercial loans, a credit union must address the responsibilities and operational requirements under this subsection:

(1) Written policies. A credit union must establish comprehensive written commercial loan policies approved by its board of directors instituting prudent loan approval, credit underwriting, loan documentation, and loan monitoring standards in accordance with this paragraph. The board must review its policies at least annually and, additionally, prior to any material change in the credit union’s commercial lending program or related organizational structure, in response to any material change in the credit union’s overall portfolio performance, or in response to any material change in economic conditions affecting the credit union. The board must update its policies when warranted. Policies under this paragraph must be designed to identify:

(A) type(s) of commercial loans permitted;

(B) trade area;

(C) the maximum amount of assets, in relation to net worth, allowed in secured,

unsecured, and unguaranteed commercial loans and in any given category or type of commercial loan and to any one borrower;

(D) credit underwriting standards including potential safety and soundness concerns to ensure that action is taken to address those concerns before they pose a risk to the credit union's net worth; the size and complexity of the loan as appropriate to the size of the credit union; the scope of the credit union's commercial loan activities; the level and depth of financial analysis necessary to evaluate financial trends and the condition of the borrower and the ability of the borrower to meet debt service requirements; requirements for a borrower-prepared projection when historic performance does not support projected debt payments; the financial statement quality and degree of verification sufficient to support an accurate financial analysis and risk assessment; the methods to be used in evaluating collateral authorized, including loan-to-value ratio limits; the means to secure various types of collateral; and other risk assessment analyses including analysis of the impact of current market conditions on the borrower.

(E) loan approval standards including consideration, prior to credit commitment, of the borrower's overall financial condition and resources; the financial stability of any guarantor; the nature and value of underlying collateral; environmental assessment requirements; the borrower's character and willingness to repay as agreed; the use of loan covenants when warranted; and the levels of loan approval authority commensurate with the proficiency of the individuals or committee of the credit union tasked with such approval authority in evaluating and understanding commercial loan risk, when considered in terms of the level of risk the borrowing relationship poses to the credit union;

(F) loan monitoring standards including a system of independent, ongoing credit review and appropriate communication to senior management and the board of directors; the concentration of credit risk; and the risk management systems under subsection (d) of this section; and

(G) loan documentation standards including enabling the credit union to make informed lending decisions and assess risk, as necessary, on an ongoing basis; identifying the purpose of each loan and source(s) of repayment; assessing the ability of each borrower to repay the indebtedness in a timely manner; ensuring that any claim against a borrower is legally enforceable; and demonstrating appropriate administration and monitoring of each loan.

(2) Qualified Staff. A credit union must ensure that it is appropriately staffed with qualified personnel with relevant and necessary expertise and experience for the types of commercial lending in which the credit union is engaged, including appropriate experience in underwriting, processing, overseeing and evaluating the performance of a commercial loan portfolio, including rating and quantifying risk through a credit risk rating system and collections and loss mitigation activities for the types of commercial lending in which the credit union is engaged. At a minimum, a credit union making, purchasing, or holding any commercial loans must internally have a senior management employee that has a thorough understanding of the role of commercial lending in the credit union's overall business model and establish risk management processes and controls necessary to safely conduct commercial lending as provided by subsection (d) of this section.

(3) Use of Third-Party Experience. A third party may provide the requisite expertise and experience necessary for a credit union to safely conduct commercial lending if:

(A) the third party has no affiliation or contractual relationship with the borrower;

(B) the third party is independent from the commercial loan transaction and does not have a participation interest in a loan or an interest in any collateral securing a loan that the third party is responsible for reviewing, or an expectation of receiving compensation of any sort

that is contingent on the closing of the loan, with the following exceptions:

(i) the third party may provide a service to the credit union that is related to the transaction, such as loan servicing;

(ii) the third party may provide the requisite experience to a credit union and purchase a loan or a participation interest in a loan originated by the credit union that the third party reviewed; and

(iii) the third party is a credit union service organization and the credit union has a controlling financial interest in the credit union service organization as determined under generally accepted accounting principles.

(C) the actual decision to grant a commercial loan resides with the credit union; and

(D) qualified credit union staff exercise ongoing oversight over the third party by regularly evaluating the quality of any work the third party performs for the credit union.

(4) De Minimis Exception. The responsibilities and operational requirements described in paragraphs (1) and (2) of this subsection do not apply to a credit union if it meets all of the following conditions:

(A) the credit union's total assets are less than \$250 million;

(B) the credit union's aggregate amount of outstanding commercial loan balances (including any unfunded commitments, any outstanding commercial loan balances and unfunded commitments of participations sold, and any outstanding commercial loan balances and unfunded commitments sold and serviced by the credit union) total less than fifteen (15) percent of the credit union's net worth; and

(C) in a given calendar year, the amount of originated and sold commercial loans and the amount of originated and sold commercial loans the credit union does not continue to service, total fifteen (15) percent or less of the credit union's net worth.

(D) A credit union that relies on this de minimis exception is prohibited from engaging in any acts or practices that have the effect of evading the requirements of this subsection.

(d) Commercial Loan Risk Management Systems.

(1) Risk Management Processes. A credit union's risk management process must be commensurate with the size, scope and complexity of the credit union's commercial lending activities and borrowing relationships. The processes must, at a minimum, address the following:

(A) use of loan covenants, if appropriate, including frequency of borrower and guarantor financial reporting;

(B) periodic loan review, consistent with loan covenants and sufficient to conduct portfolio risk management, which, based upon current market conditions and trends, loan risk, and collateral conditions, must include a periodic reevaluation of the value and marketability of any collateral, and an updated loan-to-value ratio for collateral calculation;

(C) a credit risk rating system under paragraph (2) of this subsection; and

(D) a process to identify, report, and monitor commercial loans that are approved by the credit union as exceptions to the credit union's loan policies.

(2) Credit Risk Rating System. The credit risk rating system must be a formal process that identifies and assigns a relative credit risk rating to each commercial loan in a credit union's portfolio, using ordinal ratings to represent the degree of risk. The credit risk score must be determined through an evaluation of quantitative factors based on the financial performance of each commercial loan and qualitative factors based on the credit union's management, operational, market, and business environment factors. A credit risk rating must be assigned to

each commercial loan at the inception of the loan. A credit risk rating must be reviewed as frequently as necessary to satisfy the credit union's risk monitoring and reporting policies, and to ensure adequate reserves as required by generally accepted accounting principles.

(3) Independent Review. Periodic independent reviews should be conducted by a person who is both qualified to conduct such a review and independent of the function being reviewed. The review should provide an objective assessment of the overall commercial loan portfolio quality and verify the accuracy of ratings and the operational effectiveness of the credit union's risk management processes. A credit union is not required to hire an outside third party to conduct this independent review, if it can be done in-house by a competent person that is considered unconnected to the function being reviewed.

(e) Collateral and Security for Commercial Loans.

(1) Collateral. A commercial loan must be secured by collateral commensurate with the level of risk associated with the size and type of the commercial loan. The collateral must be sufficient to ensure the credit union is protected by a prudent loan-to-value ratio for collateral along with appropriate risk sharing with the borrower and principal(s). A credit union making an unsecured commercial loan must determine and document in the loan file that mitigating factors sufficiently offset the relevant risk of making an unsecured loan.

(2) Personal Guarantees. A credit union that does not require the full and unconditional personal guarantee from all principals of the borrower who have a controlling interest, as defined by subsection (a)(3) of this section, in the borrower must determine and document in the loan file that mitigating factors sufficiently offset the relevant risk.

(f) Construction and Development Loans.

(1) Terms. In this subsection:

(A) "construction or development loan" means any financing arrangement to enable the borrower to acquire property or rights to property, including land or structures, with the intent to construct or renovate an income producing property, such as residential housing for rental or sale, or a commercial building, that may be used for commercial, agricultural, industrial, or other similar purposes. It also means a financing arrangement for the construction, major expansion or renovation of the property types referenced in this subsection. The collateral valuation for securing a construction or development loan depends on the satisfactory completion of the proposed construction or renovation where the loan proceeds are disbursed in increments as the work is completed. A loan to finance maintenance, repairs, or other improvements to an existing income-producing property that does not change the property's use or does not materially impact the property is not a construction or development loan.

(B) "cost to complete" means the sum of all qualifying costs necessary to complete a construction project and documented in an approved construction budget. Qualifying costs generally include on- or off-site improvements; building construction; other reasonable and customary costs paid to construct or improve a project, including a general contractor's fees; other expenses normally included in a construction contract such as bonding and contractor insurance; the value of the land, determined as the sum of the cost of any improvements to the land and the lesser of appraised market value or purchase price; interest as provided by this subparagraph; project costs as provided by this subparagraph; a contingency account to fund unanticipated overruns; and other development costs such as fees and related pre-development expenses. Interest expense is a qualifying cost only to the extent it is included in the construction budget and is calculated based on the projected changes in the loan balance up to the expected "as-complete" date for owner-occupied non-income-producing commercial real property or the "as stabilized" date for income-producing real estate. Project costs for related parties, such as developer fees, leasing expenses, brokerage commissions and management fees, are included in

qualifying costs only if reasonable in comparison to the cost of similar services from a third party. Qualifying costs exclude interest or preferred returns payable to equity partners or subordinated debt holders, the developer's general corporate overhead, and selling costs to be funded out of sales proceeds such as brokerage commissions and other closing costs.

(C) "prospective market value" means the market value opinion determined by an independent appraiser in compliance with the relevant standards set forth in the Uniform Standards of Professional Appraisal Practice. Prospective value opinions are intended to reflect the current expectations and perceptions of market participants, based on available data. Two (2) prospective value opinions may be required to reflect the time frame during which development, construction, or occupancy occur. The prospective market value "as-completed" reflects the real property's market value as of the time that development is to be completed. The prospective market value "as-stabilized" reflects the real property's market value as of the time the real property is projected to achieve stabilized occupancy. For an income producing property, stabilized occupancy is the occupancy level that a property is expected to achieve after the real property is exposed to the market for lease over a reasonable period of time and at comparable terms and conditions to other similar real properties.

(2) Policies. A credit union that elects to make a construction or development loan must ensure that its commercial loan policies under subsection (c) of this section meets the following conditions:

(A) qualified personnel representing the interest of the credit union must conduct a review and approval of any line item construction budget prior to closing the loan;

(B) a requisition and loan disbursement process approved by the credit union is established;

(C) release or disbursement of loan funds occurs only after on-site inspections which are documented in a written report by qualified personnel who represents the interest of the credit union and certifies that the work requisitioned for payment has been satisfactorily completed, and the remaining funds available to be disbursed from the construction and development loan is sufficient to complete the project; and

(D) each loan disbursement is subject to confirmation that no intervening liens have been filed.

(3) Establishing Collateral Values. The current collateral value must be established by prudent and accepted commercial loan practices and comply with all regulatory requirements. The collateral value depends on the satisfactory completion of the proposed construction or renovation where the loan proceeds are disbursed in increments as the work is completed and is the lesser of the project's cost to complete or its prospective market value.

(4) Controls and Processes for Loan Advances. A credit union that elects to make a construction and development loan must have effective commercial loan control procedures in place to ensure sound loan advances and that liens are paid and released in a timely manner. Effective controls should include segregation of duties, delegation of duties to appropriate qualified personnel, and dual approval of loan disbursements.

(g) Commercial Loan Prohibitions.

(1) Ineligible borrowers. A credit union may not grant a commercial loan to the following:

(A) any senior management employee directly or indirectly involved in the credit union's commercial loan underwriting, servicing, and collection process, and any of their immediate family members;

(B) any person meeting the requirements of subsection (i) of this section concerning aggregations and attribution for commercial loans, with respect to persons identified

in subparagraph (A) of this paragraph; or

(C) any director, unless the credit union's board of directors approves granting the loan and the borrowing director was recused from the board's decision making process.

(2) Equity Agreements and Joint Ventures. A credit union may not grant a commercial loan if any additional income received by the credit union or its senior management employees is tied to the profit or sale of any business or commercial endeavor that benefits from the proceeds of the loan.

(3) Fees. No director, committee member, volunteer official, or senior management employee of a credit union, or immediate family member of such director, committee member, volunteer official, or senior management employee, may receive, directly or indirectly, any commission, fee, or other compensation in connection with any commercial loan made by the credit union. Employees, other than senior management, may be partially compensated on a commission or performance based incentive, provided the compensation is governed by a written policy and internal controls established by the board of directors. The board must review the policies and controls at least annually to ensure that such compensation is not excessive or expose the credit union to inappropriate risks that could lead to material financial loss. Loan origination employees are prohibited from receiving, in connection with any commercial loan made by the credit union, any compensation from any source other than the credit union. For the purposes of this paragraph, compensation includes non-monetary items and anything reasonably regarded as pecuniary gain or pecuniary advantage, including a benefit to any other person in whose welfare the beneficiary has a direct and substantial interest, but compensation does not include nonmonetary items of nominal value.

(h) Aggregate Member Business Loan Limit.

(1) Limits. The aggregate limit on a credit union's net member business loan balances is the lesser of 1.75 times the actual net worth of the credit union, or 1.75 times the minimum net worth required under 12 U.S.C. Section 1790d(c)(1)(A). For purposes of this calculation, member business loan means any commercial loan, except that the following commercial loans are not member business loans and are not counted toward the aggregate limit on member business loans:

(A) any loan in which a federal or state agency (or its political subdivision) fully insures repayment, fully guarantees repayment, or provides an advance commitment to purchase the loan in full;

(B) any non-member commercial loan or non-member participation interest in a commercial loan made by another lender, provided the credit union acquired the non-member loans or participation interest in compliance with applicable laws and the credit union is not, in conjunction with one or more other credit unions, trading member business loans to circumvent the aggregate limit under this subsection; and

(C) any loan that is fully secured by a lien on a 1- to 4- family dwelling.

(2) Exceptions. Any loan secured by a lien on a vehicle manufactured for household use that will be used for commercial, corporate, or other business investment property or venture, and any other loan for an agricultural purpose are not commercial loans (if the outstanding aggregate net member business loan balance is \$50,000 or greater), and must be counted toward the aggregate limit on a credit union's member business loans under this subsection.

(3) Exemption. A credit union that has a federal low-income designation, or participates in the federal Community Development Financial Institution program, or was chartered for the purpose of making member business loans, or which as of the date of the Credit Union Membership Access Act of 1998 had a history of primarily making commercial loans, is exempt from compliance with the aggregate member business loan limits in paragraph (1) of this

subsection.

(4) Method of Calculation for Net Member Business Loan Balance. For the purposes of NCUA form 5300 reporting (call report), a credit union's net member business loan balance is determined by calculating the sum of the outstanding loan balance plus any unfunded commitments and reducing that sum by any portion of the loan that is: secured by shares in the credit union, by shares or deposits in other financial institutions, or by a lien on a borrower's primary residence; insured or guaranteed by any agency of the federal government, a state, or any political subdivision of a state; or subject to an advance commitment to purchase by any agency of the federal government, a state, or any political subdivision of a state; or sold as a participation interest without recourse and qualifying for true sales accounting under generally accepted accounting principles.

(i) Aggregation and Attribution for Commercial Loans.

(1) General Rule. A commercial loan or extension of credit to one borrower is attributed to another person, and each person will be considered a borrower, when:

(A) the proceeds of the commercial loan or extension of credit are to be used for the direct benefit of the other person, to the extent of the proceeds so used, as provided by paragraph (2) of this subsection;

(B) a common enterprise is deemed to exist between the persons as persons as provided by paragraph (3) of this subsection; or

(C) the expected source of repayment for each commercial loan or extension of credit is the same for each person as provided by paragraph (3) of this subsection.

(2) Direct Benefit. The proceeds of a commercial loan or extension of credit to a borrower is considered used for the direct benefit of another person and attributed to the other person when the proceeds, or assets purchased with the proceeds, are transferred in any manner to or for the benefit of the other person, other than in a bona fide arm's length transaction where the proceeds are used to acquire property, goods, or services from such other person.

(3) Common Enterprise.

(A) Description. A common enterprise is considered to exist and commercial loans to separate borrowers will be aggregated when:

(i) the expected source of repayment for each loan or extension of credit is the same for each borrower and neither borrower has another source of income from which the loan (together with the borrower's other obligations) may be fully repaid. An employer will not be treated as a source of repayment under this subparagraph because of wages and salaries paid to an employee, unless the standards of clause (ii) of this subparagraph are met:

(ii) the loans or extension of credit are made:

(I) to borrowers who are related directly or indirectly through control as defined by subsection (a) of this section; and

(II) substantial financial interdependence exists between or among the borrowers. Substantial financial interdependence is deemed to exist when fifty (50) percent or more of one borrower's gross receipts or gross expenditures (on an annual basis) are derived from transactions with the other borrower. Gross receipts and expenditures include gross revenues/expenses, intercompany loans, dividends, capital contributions, and other similar receipts or payments;

(iii) separate persons borrow from a credit union to acquire a business of enterprise of which those borrowers will own more than fifty (50) percent of the voting securities of voting interest, in which case a common enterprise is deemed to exist between the borrowers for purposes of combining the acquisition loans; or

(iv) the Department determines, based upon an evaluation of the facts and

circumstances of particular transactions, that a common enterprise exists.

(B) Commercial Loans to Certain Entities. A commercial loan or extension of credit:

(i) to a partnership or joint venture is considered to be a commercial loan or extension of credit to each member of the partnership or joint venture. Excepted from this subdivision is a partner or member who: is not held generally liable, by the terms of the partnership or membership agreement or by applicable law, for the debts or actions of the partnership, joint venture, or association, provided those terms are valid against third parties under applicable law; and has not otherwise agreed to guarantee or be personally liable on the loan or extension of credit.

(ii) to a member of a partnership, joint venture, or association is generally not attributed to the partnership, joint venture, or associations, or to other members of the partnership, joint venture, or association, except as otherwise provided by paragraphs (2) and (3) of this subsection, provided that a commercial loan or extension of credit made to a member of a partnership, joint venture or association for the purpose of purchasing an interest in the partnership, joint venture or association, is attributed to the partnership, joint venture or association.

(C) Guarantors and Accommodation Parties. The derivative obligation of a drawer, endorser, or guarantor of a commercial loan or extension of credit, including a contingent obligation to purchase collateral that secures a commercial loan, is aggregated with other direct commercial loans or extensions of credit to such a drawer, endorser, or guarantor.

(j) Commercial Loans to One Borrower Limit. The total aggregate dollar amount of commercial loans by a credit union to any borrower at one time may not exceed the greater of fifteen (15) percent of the credit union's net worth or \$100,000, plus an additional ten (10) percent of the credit union's net worth if the amount that exceeds the credit union's fifteen (15) percent general limit is fully secured at all times with a perfected security interest in readily marketable collateral. Any insured or guaranteed portion of a commercial loan made through a program in which a federal or state agency (or its political subdivision) insures repayment, guarantees repayment, or provides an advance commitment to purchase the commercial loan in full, is excluded from this limit.

(k) Finance Code Limitation. In addition to the other limitations of this section, a credit union may not make a loan to a member or a business interest of the member if the loan would cause the aggregate amount of loans to the member and the member's business interests to exceed an amount equal to 10 percent of the credit union's total assets as provided by TEX. FIN. CODE §124.003.

(l) Commercial Loans Regarding Federal or State Guaranteed Loan Programs. A credit union may follow the loan requirements and limits of a guaranteed loan program for loans that are part of a loan program in which a federal or state agency (or its political subdivision) insures repayment, guarantees repayment, or provides an advance commitment to purchase the loan in full if that program has requirements that are less restrictive than those required by this section.

(m) Transitional Provisions.

(1) Waivers. Upon the effective date of this section, any waiver approved by the Department concerning a credit union's commercial lending activity is rendered moot, except for waivers granted for the commercial loan to one borrower limit. Borrowing relationships granted by waivers will be grandfathered however, the debt associated with those relationships may not be increased.

(2) Administrative Constraints. Limitations or other conditions imposed on a credit union in any written directive from the Department are unaffected by the adoption of this section.

As of the effective date of this section, all such limitations or other conditions remain in place until such time as they are modified by the Department.

§91.710. Overdraft Protection.

(a) **Written Policy.** A credit union may advance money to a member to cover an account deficit without having a credit application from the borrower on file if the credit union has written policies and procedures adequate to address the credit, operational, and other risks associated with this type of program. The policy must:

1. Set a cap on the total dollar amount of all overdrafts the credit union will honor consistent with the credit union's ability to absorb losses;
 2. Establish a time limit no later than 60 calendar days from the date first overdrawn to charge off the overdraft balance if the member does not repay the overdraft balance, or does not obtain an approved loan from the credit union;
 3. Limit the dollar amount of overdrafts the credit union will honor per account;
 4. Institute prudent practices related to suspension of overdraft protection services;
- and
5. Establish the fee, if any, the credit union will charge members for honoring overdrafts.

(b) **Safety and Soundness Requirements.** A credit union must manage the risks associated with an overdraft protection program in accordance with safe and sound credit union principles. Accordingly, a credit union must establish and maintain effective risk management and control processes over its program. Such processes include appropriate recognition, treatment, and financial reporting, in accordance with generally accepted accounting principles, of income, expenses, assets, liabilities, and all expected and unexpected losses associated with the program. A credit union also shall assess the adequacy of its internal control and risk mitigation activities in view of the nature and scope of its overdraft protection program.

(c) **Communications with Member.** A credit union shall carefully review its overdraft protection program to ensure that marketing and other communications concerning the program do not mislead members to believe that the program is a traditional line of credit or that payment of overdrafts is guaranteed. In addition, a credit union shall take reasonable precautions to make sure members are not misled about the correct amount of their account balance, or the costs or scope of the overdraft protection offered, and that it does not encourage irresponsible member financial behavior that potentially may increase risk to the credit union.

(d) **Other Requirements.** A credit union shall also comply with the overdraft service requirements contained within Part 205 of the Federal Reserve System Rules and Regulations (Regulation E).

§91.711. Purchase and Sale of Member Loans.

(a) Policies. A credit union may sell or purchase all or part of a participation interest in a member loan or pool of member loans in accordance with written policies adopted by the board of directors that address the following matters:

(1) The type of entities to which the credit union is authorized to sell participation interests in member loans;

(2) The types of member loans in which the credit union may purchase or sell a participation interest and the types of participation interests which may be purchased or sold;

(3) The underwriting standards to be applied in the purchase of participation interests in member loans;

(4) Limitations on the aggregate principal amount of participation interest in member loans that the credit union may purchase from a single entity as necessary to diversify risk, and limitations on the aggregate amount the credit union may purchase from all entities;

(5) Provision for the identification and reporting of member loans in which participation interests are sold or purchased; and

(6) Requirements for providing and securing in a timely manner adequate credit and other information needed to make an independent judgment.

(b) Purchase and Sale Agreements. The sale or purchase of a member loan or participation interest must be based on a written agreement between the parties. Agreements to purchase or sell a member loan or a participation interest shall, at a minimum:

(1) Identify the particular member loan(s) to be covered by the agreement;

(2) Provide for the transfer of credit and other borrower information on a timely and continuing basis;

(3) Provide for sharing, dividing, or assigning collateral;

(4) Identify the nature of the participation interest(s) sold or purchased;

(5) Set forth the rights and obligations of the parties and the terms and conditions of the sale; and

(6) Contain any terms necessary for the appropriate administration of the member loan and the protection of the participation interests of the credit union.

(c) Member Loan Servicing. A credit union may sell to or purchase from any participant the servicing of any member loan in which it owns a participation interest. If a party other than the credit union will be servicing the member loan(s), the credit union shall ensure that all contracts require the servicer to administer the member loan(s) in accordance with prudent industry standards, and provide for a possible change of the servicer if performance is inadequate.

(d) Definition. For purposes of this section, a member loan means a loan or extension of credit where the borrower(s) is a member of the credit union or a member of another participating credit union.

(e) Independent Credit Judgment. A credit union that purchases a participation interest in a member loan has the responsibility of conducting member loan underwriting procedures on the member loan to determine that it complies with the policies of the credit union and meets the credit union's credit standards. The credit union shall make a judgment on the creditworthiness of the borrower that is independent of the originating lender and any intermediary seller prior to the purchase of the participation interest and prior to any servicing action that alters the terms of the original agreement. This credit judgment may not be delegated to any person that is not an employee or independent agent of the credit union. A credit union that purchases a participation interest in a member loan may use information, such as appraisals or collateral inspections, furnished by the originating lender, or any intermediary seller; however, the purchasing credit

union shall independently evaluate such information when exercising its independent credit judgment. The independent credit judgment shall be documented by a credit analysis that considers the underwriting, documentation, and compliance standards that would be required by a prudent lender and shall include an evaluation of the capacity and reliability of the servicer.

(f) Other Requirements. A credit union purchasing a participation interest in a member loan from a lender that is not a credit union insured by the National Credit Union Share Insurance Fund, must also comply with applicable requirements contained within Part 741 of the National Credit Union Administration Rules and Regulations.

(g) Sales with Recourse. When a member loan or participation interest is sold with recourse, it shall be considered, to the extent of the recourse, an extension of credit by the purchaser to the seller, as well as an extension of credit from the seller to the borrower(s).

§91.712. Plastic Cards.

(a) Definitions. The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise.

(1) Card Activation – process of sending new plastic cards from the issuer to the legitimate cardholder in an “inactive” mode and making the card usable. Upon receiving the card, the legitimate cardholder must call or log on to the issuer/processor’s website and go through a member verification process before the card is “activated”.

(2) Card Security Code – a set of unique numbers encoded on the magnetic strip of plastic cards used to combat counterfeit fraud.

(3) Neural Network – a computer program that monitors usage patterns of an account and typical fraud patterns. The program analyzes activity to determine fraud risk scores to detect potentially fraudulent activity.

(4) Plastic Cards – includes credit cards, debit cards, automated teller machine (ATM) or specific network cards; and predetermined stored value and smart cards with micro-processor chips.

(b) Credit cards. A credit union may issue credit cards in accordance with the credit union’s written policies, which shall include at a minimum:

(1) Credit policies to set individual limits for credit card accounts:

(2) A process for reviewing each member’s payment and/or credit history periodically for the purpose of determining risk; and

(3) The credit underwriting standards for each type of card program offered.

(c) Program Review.

(1) A credit union shall review, on at least an annual basis, its plastic card program with particular emphasis on:

(A) The amount of losses caused by theft and fraud;

(B) The loss prevention measures (and their adequacy) currently employed by the credit union;

(C) The availability and possible implementation of other loss prevention measures such as card activation, card security codes, neural networks, and other evolving technology; and

(D) A cost benefit analysis of supplemental insurance coverage for theft and fraud related losses.

(2) The review shall be documented in writing, with any approved changes to the plastic card program being entered into the minutes of the board meeting.

§91.713. Indirect Lending.

(a) Indirect Lending Program. Credit unions may implement a program of indirect financing of motor vehicles and other tangible personal property. As used in this chapter, an indirect financing is the credit union's purchase of a member's retail installment contract that is originated by a seller to finance the purchase of the motor vehicle or other property.

(b) Contracts Treated as a Loan. For the purposes of this chapter, a retail installment contract purchased under this authority may be treated as a loan on the books and records of the credit union and is subject to the same limitations and restrictions imposed upon loan transactions. As with other lending, the credit union is responsible for making the final underwriting decision. The seller may initially determine whether the prospective buyer is a member or eligible for membership in the credit union, but the final determination of membership eligibility is the credit union's responsibility.

(c) Authorization. Credit unions may purchase or hold retail installment contracts when authorized by applicable law. The retail installment contract must provide for a rate or amount of time price differential that does not exceed a rate or amount authorized by applicable law.

(d) Written Policies. The board of directors shall establish, implement, and maintain prudent and reasonable written policies that are appropriate for the size and complexity of the credit union's indirect lending program. The board must also ensure that the credit union has sufficient staff with the expertise to purchase, service, and monitor the program and the contract portfolio consistent with safe and sound credit union practices. The policies must be specific and detailed enough to foster prudent and compliant credit practices.

(e) Third Party Providers. A credit union may rely on services provided by third parties to support its indirect lending activities. The board of directors must ensure that the credit union exercises appropriate due diligence before entering into third party arrangements, and maintains effective oversight and control throughout the arrangement. This oversight and control should include a periodic review of each material seller's retail installment contract statistics to ensure compliance with credit union credit criteria and to avoid undue concentrations of risk.

(f) Subprime Indirect Lending. If a credit union conducts a program that includes subprime indirect lending, it must perform comprehensive due diligence before engaging in and during that type of activity. At a minimum, due diligence shall focus on understanding the higher levels of credit, compliance, reputation, and other risks involved, plus the likelihood that origination, servicing, collections, operating, and capital costs will increase. The strategic decision to engage in subprime indirect lending must also be supported by a sound business plan that establishes measurable financial objectives as well as limitations on growth, volume, and concentrations. For the purposes of this section, "subprime indirect lending" refers to programs that target borrowers with weakened credit histories typically characterized by payment delinquencies, previous charge-offs, judgments, or bankruptcies. Such programs may also target borrowers with questionable repayment capacity evidenced by low credit scores or high debt-burden ratios.

§91.714. Leasing.

(a) Definitions. For the purposes of this section:

(1) The term net lease means a lease under which the credit union will not, directly or indirectly, provide or be obligated to provide for:

(A) the servicing, repair or maintenance of leased property during the lease term;

(B) the purchasing of parts and accessories for the leased property, except that improvements and additions to the leased property may be leased to the lessee upon its request in accordance with the full-payout requirements of subsection (c)(2)(A) of this section;

(C) the loan of replacement or substitute property while the leased property is being serviced;

(D) the purchasing of insurance for the lessee, except where the lessee has failed to discharge a contractual obligation to purchase or maintain insurance; or

(E) the renewal of any license, registration, or filing for the property unless such action by the credit union is necessary to protect its interest as an owner or financier of the property.

(2) The term full-payout lease means a lease transaction in which any unguaranteed portion of the estimated residual value relied on by the credit union to yield the return of its full investment in the lease property, plus the estimated cost of financing the property over the term of the lease, does not exceed 25% of the original cost of the property to the lessor. In general, a lease will qualify as a full payout lease if the scheduled payments provide at least 75% of the principal and interest payments that a lessor would receive if the finance lease were structured as a market-rate loan.

(3) The term realization of investment means that a credit union that enters into a lease financing transaction must reasonably expect to realize the return of its full investment in the leased property, plus the estimated cost of financing the property over the term of the lease from:

(A) Rentals; and

(B) The estimated residual value of the property at the expiration of the term of the lease.

(b) Permissible Activities. Subject to the limitations of this section, a credit union may engage in leasing activities. These activities include becoming the legal or beneficial owner of tangible personal property or real property for the purpose of leasing such property, obtaining an assignment of a lessor's interest in a lease of such property, and incurring obligations incidental to its position as the legal or beneficial owner and lessor of the leased property.

(c) Finance Leasing.

(1) A credit union may conduct leasing activities that are functional equivalent of loans made under those leases. Such financing leases are subject to the same restrictions that would be applicable to a loan.

(2) To qualify as the functional equivalent of a loan:

(A) The lease must be a net, full-payout lease representing a non-cancelable obligation of the lessee, notwithstanding the possible early termination of the lease;

(B) The portion of the estimated residual value of the property relied upon by the lessor to satisfy the requirements of a full-payout lease must be reasonable in light of the nature of the leased property and all relevant circumstances so that realization of the lessor's full investment plus the cost of financing the property depends primarily on the creditworthiness of the lessee, and not on the residual market value of the leased property; and

(C) At the termination of the financing lease, either by expiration or default, property acquired must be liquidated or released on a net basis as soon as practicable. Any property held in anticipation of releasing must be reevaluated and recorded at the lower of fair market value or the value carried on the credit union's books.

(d) General Leasing. A credit union may invest in tangible personal property, including vehicles, manufactured homes, equipment, or furniture, for the purpose of leasing that property. In contrast to financing leases, lease investments made under this authority need not be the functional equivalent of loans.

(e) Leasing Salvage Powers. If a credit union believes that there has been an unanticipated change in conditions that threatens its financial position by significantly increasing its exposure to loss, it may:

(1) As the owner and lessor, take reasonable and appropriate action to salvage or protect the value of the property or its interest arising under the lease;

(2) As the assignee of a lessor's interest in a lease, become the owner and lessor of the leased property pursuant to its contractual right, or take any reasonable and appropriate action to salvage or protect the value of the property or its interest arising under the lease; or

(3) Include any provision in a lease, or make any additional agreements, to protect its financial position or investment in the circumstances set forth in paragraphs (1) and (2) of this subsection.

(f) Written Policies. A credit union engaged in lease underwriting must adopt written policies and develop procedures that reflect lease practices that control risk and comply with applicable laws. Any leasing activity must be consistent with the lending policies and underwriting requirements in §91.701 of this title (relating to Lending Powers). Any credit union engaged in making or buying leases also must adopt written policies and procedures that address the additional risks associated with leasing.

(g) Insurance Requirements. A credit union must maintain a contingent liability insurance policy with an endorsement for leasing or be named as the co-insured if the credit union does not own the leased property. Contingent liability insurance protects the credit union if it is sued as the owner of the leased property. A credit union must use an insurance company with a nationally recognized industry rating of at least a B+. Credit union members must still carry the normal liability and property insurance on the leased property and the credit union must be named as an additional insured on the liability insurance policy and as the loss payee on the property insurance policy.

(h) Holding Period. At the expiration of the lease (including any renewals or extensions with the same lessee), or in the event of a default on a lease agreement prior to the expiration of the lease term, a credit union shall either liquidate the off-lease property or re-lease it under a conforming lease as soon as practicable. The credit union must value off-lease property at the lower of current fair market value or book value promptly after the property becomes off-lease property.

§91.715. Exceptions to the General Lending Policies.

- (a) Credit unions may provide for the consideration of loan requests from creditworthy members whose credit needs do not fit within the credit union's general lending policies. A credit union may provide for prudently underwritten exceptions to its lending policies. However, the Board is responsible for establishing written standards for the review and approval of exception loans.
- (b) Each credit union establishing exceptions to its general lending policies shall establish an appropriate internal process for the review and approval of loans that do not conform to its own internal policy standards. The approval of any such loan shall also be supported by a written justification that clearly sets forth all of the relevant credit factors that support the underwriting decision. The justification and approval documents for such loans will be maintained as a part of the permanent loan file. Each credit union shall monitor compliance with its lending policies and individually report exception loans of a significant size to its board of directors.
- (c) Exception loans shall be identified in the credit union's records and their aggregate amount reported at least annually to the board of directors. The aggregate amount of all such loans shall not exceed 10 percent of the credit union's net worth.

§91.716. Prohibited Fees.

A credit union shall not make any loan or extend any credit if, either directly or indirectly, any commission, fee, or other compensation from any person or entity other than the credit union is to be received by the credit union's directors, committee members, senior management employees, loan officers, or any immediate family members of such individuals, in connection with underwriting, insuring, servicing, or collecting the loan or extension of credit.

§91.718. Charging Off or Setting Up Reserves.

- (a) The commissioner, after a determination of value in accordance with generally accepted accounting principles, may order that assets in the aggregate, to the extent that such assets have

depreciated in value, or to the extent the value of such assets, including loans, are overstated in value for any reason, be charged off, or that a special reserve or reserves equal to such depreciation or overstated value be established.

(b) A credit union's financial statements shall provide for full and fair disclosure of all assets, liabilities, and members' equity, including such valuation allowance accounts as may be necessary to present fairly the financial position; and all income and expenses necessary to present fairly the results of operations for the period concerned.

(c) The Board of directors is responsible for ensuring that the credit union has controls in place to consistently determine the allowance for loan and lease losses (ALLL) in accordance with its written policies, generally accepted accounting principles, and relevant supervisory guidance. Policies shall be appropriately tailored to the size and complexity of the credit union and its loan and lease portfolio. As a minimum, a credit union shall develop, maintain, and document the methodology used to determine the amounts of an appropriate ALLL and provisions for loan and lease losses. Adjustments to the ALLL shall be made prior to the end of each calendar quarter in order to accurately reflect the loss exposure on the quarterly call reports.

§91.719. Loans to Officials and Senior Management Employees.

(a) **Prohibition on Preferential Rates, Terms, and Conditions.** The rates, terms, conditions, and availability of any loan or other extension of credit made to, or endorsed or guaranteed by, a director, senior management employee, member of the credit committee, or an immediate family member of any such individual shall not be more favorable than the rates, terms, conditions, and availability of comparable loans or credit to other credit union members.

(b) **Approval of Governing Board.** Before making a loan, extending credit, or becoming contractually liable to make a loan or extend credit to a director, senior management employee, member of the credit committee, or an immediate family member of such individual, the board of directors must approve the transaction if the loan or the extension of credit or aggregate of outstanding loans and extensions of credit to any one person, the person's business interests, and the members of the person's immediate family is greater than 15% of the credit union's net worth. A loan fully secured by shares in the credit union or deposits in other financial institutions shall not be subject to, or included in, the aggregate amounts included in this section.

(c) **Definition.** For purposes of this section, senior management employees shall include the chief executive officer, any assistant chief executive officers (e.g. vice presidents and above), and the chief financial officer; and immediate family members shall include a person's spouse or any other person living in the same household.

(d) **Aggregate Limit on Insider Loans.** The aggregate of all outstanding loans or extensions of credit made to, or endorsed or guaranteed by, all directors, credit committee members, senior management employees, and immediate family members of all such individuals, shall not exceed 20% of the credit union's total assets. The requirements described in this subsection shall apply unless waived in writing by the commissioner for good cause shown.

(e) **Reports to Governing Board.** At least annually, the president shall make a report to the board of directors on the outstanding indebtedness of all directors, credit committee members, senior management employees, and immediate family members of such individuals. The Board's

review shall be included as part of the minutes of the meeting at which the report was presented. The report required by this section shall include the following information:

- (1) The amount of each indebtedness; and
 - (2) A description of the terms and conditions (including the interest rate, the original amount and date, maturity date, payment terms, security, if any, and any other unusual term or condition) of each extension of credit.
- (f) Governing Board Option. At the discretion of the Board, the reporting requirement of subsection (e) of this section may be waived for any individual if the aggregate amount of all outstanding loans and extensions of credit to that person, the person's business interests, and the members of the person's immediate family do not exceed the greater of \$25,000 or one-quarter of one percent (.25%) of the credit union's net worth.

§91.720. Small-Dollar, Short-Term Credit.

- (a) General. Credit unions are encouraged to offer small-dollar credit products that are affordable, yet safe and sound, and consistent with applicable laws. The goal in offering these small-dollar credit products should be to help members avoid, or transition away from, reliance on high-cost debt. To accomplish this goal, credit unions should offer products with reasonable interest rates, low fees, and payments that reduce the principal balance of the loan or extension of credit.
- (b) Definition. For purposes of this section, small-dollar, short term credit product is defined as a low denomination loan or extension of credit having a term of 6 months or less, where the amount financed does not exceed \$1,100. Each credit union is responsible for establishing appropriate dollar limits and terms based upon its size and sophistication of operations, and its net worth.
- (c) Limitation. Accessibility and expediency are important factors for many members with emergency or other short-term needs. Therefore, small-dollar credit products must balance the need for quick availability of funds with the fundamentals of responsible lending. Sound underwriting criteria should focus on a member's history with the credit union and ability to repay a loan within an acceptable timeframe. Given the small dollar amounts of each individual credit request, documenting the member's ability to repay can be streamlined and may need to include only basic information, such as proof of recurring income. The aggregate total of streamlined underwritten small-dollar credit products outstanding, however, shall not exceed 20% of the credit union's net worth.
- (d) Fees. A credit union may require a member to pay reasonable expenses and fees incurred in connection with making or closing a loan. With respect to expenses and fees being assessed on small-dollar, short-term credit products, the expenses and fees are presumed to be reasonable if the aggregate total is \$20 or less. In addition, if the credit union refinances a small-dollar, short-term credit product, it may charge such expenses and fees only once in a 180-day period. Credit unions may also charge a late fee as permitted by Finance Code §124.153.
- (e) Payments. Credit unions should structure payment programs in a manner that reduces the principal owed. For closed-end products, loans should be structured to provide for affordable and amortizing payments. Lines of credit should require minimum payments that pay off principal. Excessive renewals or the prolonged failure to reduce the outstanding balance are signs

that the product is not meeting the member's credit needs and will be considered an unsound practice.

(f) Required Savings. Credit unions may structure small-dollar credit programs to include a savings component. The funds in this account may also serve as a pledge against the loan or extension of credit.

Subchapter H. Investments

§91.801. Investments in Credit Union Service Organizations.

(a) Definitions. As used in this section:

(1) A credit union service organization (CUSO) is an organization whose primary purpose is to strengthen or advance the credit union movement, serve or otherwise assist credit unions or their operations, and provide products or services authorized by this section to credit unions and their members.

(2) An investment in a CUSO includes the following:

(A) an investment in the stock, bonds, debentures, or other equity ownership interest of the CUSO; and

(B) loans granted by a third party to the CUSO which are guaranteed in writing by the credit union.

(3) A financing program is a plan, approved by the credit union's board of directors, that provides for multiple extensions of credit to a CUSO during the regular course of business.

(b) Authority. A credit union by itself, or with other parties, may organize, invest in or make loans to a CUSO only if it is structured and operated in a manner that demonstrates to the public that it maintains a legal existence separate from the credit union. A credit union and a CUSO must operate so that:

(1) their respective business transactions, accounts, and records are not intermingled;

(2) each observes the formalities of its separate corporate or other organizational procedures;

(3) each is adequately capitalized as a separate unit in light of normal obligations reasonably foreseeable in a business of its size and character;

(4) each is held out to the public as a separate and distinct enterprise;

(5) all transactions between them are at arm's length and consistent with sound business practices as to each of them;

(6) unless the credit union has guaranteed a loan to the CUSO, all borrowings by the CUSO indicate that the credit union is not liable; and

(7) their respective activities are in compliance with any licensing or registration requirements imposed by applicable federal or state law.

(c) Notice; Authorization; Supplemental Information; Written Objection.

(1) Required Notice. Before committing to any aggregate investment or loan to a CUSO in an amount greater than 15% of the credit union's net worth, a credit union shall provide at least thirty days' written notice to the commissioner of its intent to make or increase its investment in a CUSO, or make a loan to or enter into a financing program with a CUSO. Subject to the net worth threshold, a credit union shall also provide notice of its intent to engage

in additional or substitute activities in an existing CUSO or its intent to materially alter an existing loan or financing program with a CUSO. The written notice shall include as applicable:

(A) a description of the organizational and legal structure of the CUSO and the proposed method of capitalizing the organization;

(B) a description of the loan, including the purpose, terms, guarantors, and collateral;

(C) a description of the products or services to be offered by the CUSO and the customer base it will serve;

(D) an explanation of how the CUSO will primarily serve credit unions or members of credit unions, or how the activities of the CUSO could be conducted directly by a credit union or are incidental to the conduct of the business of a credit union; and

(E) a representation that the activities will be conducted in accordance with applicable law, the requirements of this section, and in a manner that will limit exposure of the credit union to no more than the loss of funds invested in, or loaned to, the CUSO.

(2) Authorization to Proceed. If the commissioner issues a non-objection letter, the credit union may proceed with the proposed transaction when it receives the letter. Otherwise, a credit union may proceed with the proposed transaction or the CUSO may engage in the new activities 30 days after the department receives the required notice, unless the commissioner takes one of the following actions before the expiration of that time period:

(A) the commissioner notifies the credit union that it must file additional information supplementing the required notice. If a credit union is required to file additional information, it may proceed with the proposed transaction or the CUSO may engage in the new activities 30 days after the department receives the requested information, unless the commissioner issues a written objection before the expiration of that time period; or

(B) the commissioner notifies the credit union of an objection to the proposed transaction or new activity.

(3) Request for Supplemental Information. A credit union shall provide any additional information reasonably requested by the commissioner.

(4) Action on a Notice. The commissioner shall object to a proposed transaction or activity if the commissioner finds that:

(A) there is inadequate capital to support the proposed transaction or activity;

(B) the proposed transaction or activity does not comply with this section;

(C) the credit union's concentrated exposures to the CUSO give rise to safety and soundness issues; or

(D) the credit union has regulatory or operational deficiencies which would materially affect its ability to properly and effectively manage and monitor the risk associated with the CUSO.

(5) Written Objection. If the commissioner determines that an objection should be interposed, the commissioner will notify the credit union in writing of the determination and the actions the credit union must take to proceed with the proposed transaction or activity. A credit union receiving notification of an objection may appeal the commissioner's finding to the commission in the manner provided by Chapter 93, Subchapter C of this title (relating to Appeals of Preliminary Determinations on Applications).

(d) Limitations. The board of directors of a credit union that organizes, invests in, or lends to any CUSO shall adopt and maintain written policies, which establish appropriate limits and standards for this type of investment including the maximum amount relative to the credit union's net worth, that will be invested in or loaned to any one CUSO. The maximum amount invested in any one CUSO may not exceed the statutory limit established by Texas Finance Code

§124.352(b). Total investments in and total loans to CUSOs shall not, in the aggregate, exceed 10% of the total unconsolidated assets of the credit union, unless the credit union receives the prior written approval of the commissioner. The amount of loans to CUSOs, cosigned, endorsed, or otherwise guaranteed by the credit union, shall be included in the aggregate for the purpose of determining compliance with the limitations of this section.

(e) Prohibitions. No credit union may invest in or make loans to a CUSO:

(1) if any officer, director, committee member, or employee of the credit union or any member of the immediate family of such persons owns or makes an investment in or has made or makes a loan to the CUSO;

(2) unless the organization is structured as a corporation, limited liability company, registered limited liability partnership, or limited partnership;

(3) unless the credit union has obtained written legal advice that the CUSO has been designed in a manner that will limit the credit union's potential exposure to no more than the amount of funds invested in or loaned to the CUSO;

(4) if the CUSO engages in any revenue-producing activity other than the performance of services for credit unions or members of credit unions, and such activity equals or exceeds one half (1/2) of the CUSO's total revenue;

(5) unless prior to investing in or making a loan to a CUSO the credit union obtains a written agreement which requires the CUSO to follow GAAP, render financial statements to the credit union at least quarterly, and provide the department, or its representatives, complete access to the CUSO's books and records at reasonable times without undue interference with the business affairs of the CUSO;

(6) unless the CUSO is adequately bonded or insured for its operations;

(7) unless the CUSO obtains an annual opinion audit, by a licensed Certified Public Accountant, on its financial statements in accordance with generally accepted auditing standards, unless the investment in or loan to the CUSO by any one or more credit unions does not exceed \$100,000, or the CUSO is wholly owned and the CUSO is included in the annual consolidated financial statement audit of its parent credit union; or

(8) if any director of the credit union is an employee of the CUSO, or anticipates becoming an employee of the CUSO upon its formation.

(f) Permissible activities and services. The commissioner may, based upon supervisory, legal, or safety and soundness reasons, limit any CUSO activities or services, or refuse to permit any CUSO activities or services. Otherwise, a credit union may invest in or loan to a CUSO that is engaged in providing products and services that include, but are not limited to:

(1) operational services including credit and debit card services, cash services, wire transfers, audits, ATM and other EFT services, share draft and check processing and related services, shared service center operations, electronic data processing, development, sale, lease, or servicing of computer hardware and software, alternative methods of financing and related services, other lending related services, and other services or activity, including consulting, related to the routine daily operations of credit unions;

(2) financial services including financial planning and counseling, securities brokerage and dealer activities, estate planning, tax services, insurance services, administering retirement, or deferred compensation and other employee or business benefit plans;

(3) internet-based or related services including sale and delivery of products to credit unions or members of credit unions; or

(4) any other product, service or activity deemed economically beneficial or attractive to credit unions or credit union members if approved, in writing, by the commissioner.

(g) Compensation. A credit union director, senior management employee, or committee member or immediate family member of any such person may not receive any salary, commission, or other income or compensation, either directly or indirectly, from a CUSO affiliated with their credit union, unless received in accordance with a written agreement between the CUSO and the credit union. The agreement shall describe the services to be performed, the rate of compensation (or a description of the method of determining the amount of compensation) and any other provisions deemed desirable by the CUSO and the credit union. The agreement, and any amendments, must be approved by the board of directors of the credit union and the board of directors (or equivalent governing body) of the CUSO prior to any performance of service or payment and annually thereafter. For purposes of this section, senior management employee shall include the chief executive officer, any assistant chief executive officers (vice presidents and above), and the chief financial officer. Immediate family shall include a person's spouse or any other person living in the same household.

(h) Examination fee. If the commissioner requests a CUSO to make its books and records available for inspection and examination, the CUSO shall pay a supplemental examination fee as prescribed in §97.113(e) of this title (relating to Supplemental examination fees). The commissioner may waive the supplemental examination fee or reduce the fee.

(i) Exception. A credit union which has a net worth ratio greater than six percent (6%) and is deemed adequately capitalized by its insuring organization may make an investment in or make loans to a CUSO that is not limited by the restriction set forth in subsection (e)(4) of this section, provided the activities of the CUSO are limited to activities which could be conducted directly by a credit union or are incidental to the conduct of the business of a credit union. Notwithstanding this exception, all other provisions of the act and this chapter applicable to a CUSO apply. In the event a credit union's net worth declines below the required thresholds, the credit union may not renew, extend the maturity of, or restructure an existing loan, advance additional funds, or increase the investment in the CUSO without the prior written approval of the commissioner.

(j) Change in Valuation. If the limitations established by this section are reached or exceeded solely because of the profitability of the CUSO and the related GAAP valuation of the investment under the equity method, divestiture is not required. A credit union may continue to invest up to the limitation without regard to the increase in the GAAP valuation resulting from a CUSO's profitability.

The investment policy may be part of a broader, asset-liability management policy. The board of directors must review and approve the investment policy at least annually to ensure that the policies adequately address the following issues:

(1) The types of investments that are authorized to be purchased.

(2) The aggregate limit on the amount that may be invested in any single investment or investment type, set as a percentage of net worth. This requirement does not apply to certificates of deposit or other accounts issued by a financial institution that are fully insured (including accumulated interest) by either the Federal Deposit Insurance Corporation or the National Credit Union Administration.

(8) The procedure for reporting to the board of directors investments and investment activities that become noncompliant with the credit union's investment policy subsequent to the initial purchase.

(c) Authorized activities.

(1) General authority. A credit union may contract for the purchase or sale of a security provided that delivery of the security is by regular-way settlement. Regular-way settlement means delivery of a security from a seller to a buyer within the time frame that the securities industry has established for that type of security. All purchases and sales of investments must be delivery versus payment (i.e., payment for an investment must occur simultaneously with its delivery).

(2) Cash forward agreements. A credit union may enter into a cash forward agreement to purchase or sell a security, provided that:

(A) the period from the trade date to the settlement date does not exceed 90 days;

(B) if the credit union is the purchaser, it has written cash flow projections evidencing its ability to purchase the security;

- (C) if the credit union is the seller, it owns the security on the trade date; and
 - (D) the cash forward agreement is settled on a cash basis at the settlement date.
- (3) Investment repurchase transactions. A credit union may enter an investment repurchase transaction provided:
 - (A) the purchase price of the security obtained in the transaction is at or below the market price;
 - (B) the repurchase securities are authorized investments under Texas Finance Code §124.351 or this section;
 - (C) the credit union has entered into signed contracts with all approved counterparties;
 - (D) the counterparty is rated in one of the three highest long-term or counterparty rating categories by a NRSRO; and
 - (E) the credit union receives a daily assessment of the market value of the repurchase securities, including accrued interest, and maintains adequate margin that reflects a risk assessment of the repurchase securities and the term of the transaction.
- (4) Borrowing repurchase transactions. A credit union may enter into a borrowing repurchase transaction, which is a borrowing transaction subject to §123.201 of the Texas Finance Code, provided:
 - (A) any investments purchased by the credit union with either borrowed funds or cash obtained by the credit union in the transaction are authorized investments under Texas Finance Code §124.351 and this section;
 - (B) the credit union has entered into signed contracts with all approved counterparties; and
 - (C) investments referred to in subparagraph (A) of this paragraph mature no later than the maturity date of the borrowing repurchase transaction; and
 - (D) the counterparty is rated in one of the three highest long-term or counterparty rating categories by a NRSRO.
- (5) Federal funds. A credit union may enter into a federal funds transaction with a financial institution, provided that the interest or other consideration received from the financial institution is at the market rate for federal funds transactions and that the transaction has a maturity of one or more business days or the credit union is able to require repayment at any time.
- (6) Yankee dollars. A credit union may invest in yankee dollar deposits.
- (7) Eurodollars. A credit union may invest in eurodollar deposits.
- (8) Bankers' acceptance. A credit union may invest in bankers' acceptances.
- (9) Open-end Investment Companies (Mutual Funds). A credit union may invest funds in an open-end investment company established for investing directly or collectively in any investment or investment activity that is authorized under Texas Finance Code §124.351 and this section, including qualified money market mutual funds as defined by Securities and Exchange Commission regulations.
- (10) U.S. Government-sponsored enterprises. A credit union may invest in obligations of U.S. Government sponsored enterprises such as, for example: the Federal Home Loan Bank System, the Federal Home Loan Mortgage Corporation, the Federal National Mortgage Association, and the Federal Farm Credit Bank.
- (11) Commercial paper. A credit union may invest in commercial paper issued by a corporation domiciled within the United States and having a short-term or commercial paper rating of no less than A1 or P1 by Standard & Poor's or Moody's, respectively, or an equivalent rating by a NRSRO.

(12) Corporate bonds. A credit union may invest in corporate bonds issued by a corporation domiciled in the United States. The bonds must be rated by a NRSRO in one of the two highest long-term rating categories and have remaining maturities of seven years or less.

(13) Municipal bonds. A credit union may invest in municipal bonds rated by a NRSRO in one of the two highest long-term rating categories with remaining maturities of seven years or less.

(14) Mortgage-related securities. With the exception of the residual interest of the mortgage-related security, a credit union may invest in mortgage-related securities backed by mortgages secured by real estate upon which is located a residential dwelling, a mixed residential and commercial structure, or a residential manufactured home. The security must be rated by a NRSRO in one of the two highest long-term rating categories.

(15) Asset-backed securities. Provided the underlying collateral is domestic- and consumer-based, a credit union may invest in asset-backed securities which are rated by a NRSRO in one of the two highest long-term rating categories.

(16) Small business-related securities. A credit union may invest in small business-related securities that represent an interest in one or more promissory notes or leases of personal property evidencing the obligation of a domestic small business concern and originated by a financial institution, insurance company, or similar institution which is regulated and supervised by a Federal or State authority. The securities must be rated by a NRSRO in one of the two highest long-term rating categories and have remaining maturities of seven years or less.

(17) Derivative authority. A credit union may enter into certain derivative transactions exclusively for the purpose of decreasing interest rate risk. The transaction is used to manage risk arising from otherwise permissible credit union activities and not entered into for speculative purposes. Permissible derivatives include interest rate swaps, options on swaps, interest rate caps, interest rate floors, and Treasury futures. Derivative authority is restricted to the provisions outlined under Subpart B of Part 703 of the National Credit Union Administration Rules and Regulations.

(d) Documentation. A credit union shall maintain files containing credit and other information adequate to demonstrate evidence of prudent business judgment in exercising the investment powers under the Act and this rule including:

(1) Except for investments that are issued, insured or fully guaranteed as to principal and interest by the U.S. Government or its agencies, enterprises, or corporations or fully insured (including accumulated interest) by the National Credit Union Administration or the Federal Deposit Insurance Corporation, a credit union must conduct and document a credit analysis of the issuing entity and/or investment before purchasing the investment. The credit union must update the credit analysis at least annually as long as the investment is held.

(2) Credit and other due diligence documentation for each investment shall be maintained as long as the credit union holds the investment and until it has been both audited and examined. Before purchasing or selling a security, a credit union must obtain either price quotations on the security (or a similarly-structured security) from at least two broker-dealers or a price quotation on the security (or similarly-structured security) from an industry-recognized information provider. If a credit union is unable to obtain a price quotation required by this subsection for a particular security, then it can compare prices using nominal or option-adjusted spreads, or spreads to TBA (to-be-announced) mortgage backed securities. This requirement to obtain a price quotation does not apply to new issues purchased at par or at original issue discount.

(3) The reference to and use of NRSRO credit ratings in this rules provides a minimum threshold and is not an endorsement of the quality of the ratings. Credit unions must conduct their own independent credit analyses to determine that each security purchased presents an acceptable credit risk, regardless of the rating.

(e) Classification. A credit union must classify a security as hold-to-maturity, available-for-sale, or trading, in accordance with generally accepted accounting principles and consistent with the credit union's documented intent and ability regarding the security.

(f) Purchase or Sale of Investments Through a Third-Party.

(1) A credit union may purchase and sell investments through a broker-dealer as long as the broker-dealer is registered with the Securities and Exchange Commission under the Securities Exchange Act of 1934 (15 U.S.C. 78a et seq.) or is a financial institution whose broker-dealer activities are regulated by a federal or state regulatory agency.

(2) Before purchasing an investment through a broker-dealer, a credit union must analyze and annually update the following information.

(A) The background of the primary sales representative and the local broker-dealer firm with whom the credit union is doing business, using information available from federal or state securities regulators and securities industry self-regulatory organizations, such as the Financial Industry Regulatory Authority and the North American Securities Administrators Association, about any enforcement actions against the broker-dealer firm, its affiliates, or associated personnel.

(B) If the broker-dealer is acting as the credit union's counterparty, the ability of the broker-dealer and its subsidiaries or affiliates to fulfill commitments, as evidenced by capital strength, liquidity, and operating results. The credit union should consider current financial data, annual reports, long-term or counterparty ratings that have been assigned by NRSROs, reports of NRSROs, relevant disclosure documents such as annual independent auditor reports, and other sources of financial information.

(3) Paragraphs (1) and (2) of this subsection do not apply when a credit union purchases a certificate of deposit or share certificate directly from a bank, credit union, or other financial institution.

(g) Discretionary Control Over Investments and Investment Advisers.

(1) Except as provided in paragraph (2) of this subsection, a credit union must retain discretionary control over its purchase and sale of investments. A credit union has not delegated discretionary control to an investment adviser when the credit union reviews all recommendations from the investment adviser and is required to authorize a recommended purchase or sale transaction before its execution.

(2) A credit union may delegate discretionary control over the purchase and sale of investments in an aggregate amount not to exceed 100% of its net worth at the time of delegation to persons other than the credit union's officials or employees, provided each such person is an investment adviser registered with the Securities and Exchange Commission under the Investment Advisers Act of 1940 (15 U.S.C. 80b).

(3) Before transacting business with an investment adviser to which discretionary control has been granted, and annually thereafter, a credit union must analyze the adviser's background and information available from federal and state securities regulators and securities industry self-regulatory organizations, including any enforcement actions against the adviser, associated personnel, and the firm for which the adviser works.

(4) A credit union may not compensate an investment adviser with discretionary control over the purchase and sale of investments on a per transaction basis or based on capital gains, capital appreciation, net income, performance relative to an index, or any other incentive basis.

(5) A credit union must obtain a report from its investment adviser at least monthly that details the investments under the adviser's control and their performance.

(h) Investment Practice Permitted to Federal Credit Unions.

If an applicant credit union proposes to make the same type of investment which a federally chartered credit union has been granted permission to make, the commissioner shall grant the application unless the commissioner finds that due to the financial position or the state of management of the applicant credit union, the proposed investments or deposits would not be sound or prudent investment practices for the applicant credit union. The commissioner may instead grant the application conditionally, grant in modified form, or deny the application.

(i) Modification or Revocation of Investment Authority.

If the commissioner finds that due to the financial condition or management of a credit union, an investment practice authorized by this section has ceased to be a safe and prudent practice, the commissioner shall inform the board of directors of the credit union, in writing, that the authority to engage in the practice has been revoked or modified. The credit union's directors and management shall immediately take steps to begin liquidating the investments in question or make the modification required by the commissioner. The commissioner for cause shown may grant the credit union a definite period of time to comply with the commissioner's orders. Credit unions which continue to engage in investment practices after their authority to do so has been revoked or modified will be treated as if the authority to engage in the practice had never been granted, and their actions may be deemed an unsound practice and a willful violation of an order of the commissioner and may be grounds for appropriate supervisory action against the credit union, its directors or officers.

(j) Waivers.

(1) The commissioner in the exercise of discretion may grant a written waiver, consistent with safety and soundness principles, of a requirement or limitation imposed by this subchapter. A decision to deny a waiver is not subject to appeal. A waiver request must contain the following:

- (A) A copy of the credit union's investment policy;
- (B) The higher limit or ratio sought;
- (C) An explanation of the need to raise the limit or ratio; and
- (D) Documentation supporting the credit union's ability to manage this activity;

(2) In determining action on a waiver request made under this subsection, the commissioner will consider the:

(A) Credit union's financial condition and management, including compliance with regulatory net worth requirements. If significant weaknesses exist in these financial and managerial factors, the waiver normally will be denied.

(B) Adequacy of the credit union's policies, practices, and procedures. Correction of any deficiencies may be included as conditions, as appropriate, if the waiver is approved.

(C) Credit union's record of investment performance. If the credit union's record of performance is less than satisfactory or otherwise problematic, the waiver normally will be denied.

(D) Credit union's level of risk. If the level of risk poses safety and soundness problems or material risks to the insurance fund, the waiver normally will be denied.

§91.803. Investment Limits and Prohibitions.

(a) **Limitations.** With the exception of deposits held by a Federal Reserve Bank, a credit union may invest no more than 50% of its net worth with any single obligor or related obligors. This limitation also does not apply to the extent that the investment is insured or guaranteed by the United States government, or an agency, sponsored enterprise, corporation, or instrumentality of the United States government, or to any trust or trusts established for investing, directly or collectively, in such securities, obligations, or instruments. For the purposes of this section, obligor is defined as an issuer, trust, or originator of an investment, including the seller of a loan participation.

(b) **Designated Depository.** As a single exception to subsection (a) of this section, a credit union's board of directors may establish the maximum aggregate deposit limit for a single financial institution approved by the board as the credit union's designated depository. This deposit limit shall be a percentage of net worth and must be based on the credit union's liquidity trends and funding needs as documented by its asset/liability management policy. This authority is contingent upon the credit union appropriately documenting its due diligence to demonstrate that the investments in this designated depository do not pose a safety and soundness concern. The credit union's board of directors shall review and approve at least annually the maximum aggregate deposit limit for its designated depository. The review shall include a current due diligence analysis of the financial institution.

(c) **Prohibited Activities.**

(1) **Definitions.**

(A) **Adjusted trading**--selling an investment to a counterparty at a price above its current fair value and simultaneously purchasing or committing to purchase from the counterparty another investment at a price above its current fair value.

(B) **Collateralized mortgage obligation (CMO)**--a multi-class bond issue collateralized by mortgages or mortgage-backed securities.

(C) **Commercial mortgage related security**--a mortgage related security except that it is collateralized entirely by commercial real estate, such as a warehouse or office building, or a multi-family dwelling consisting of more than four units.

(D) **Fair value**--the price at which a security can be bought or sold in a current, arm's length transaction between willing parties, other than in a forced or liquidation sale.

(E) **Real estate mortgage investment conduit (REMIC)**--a nontaxable entity formed for the sole purpose of holding a fixed pool of mortgages secured by an interest in real property and issuing multiple classes of interests in the underlying mortgages.

(F) **Residual interest**--the remainder cash flows from a CMO/REMIC, or other mortgage-backed security transaction, after payments due bondholders and trust administrative expenses have been satisfied.

(G) **Short sale**--the sale of a security not owned by the seller.

(H) **Stripped mortgage-backed security**--a security that represents either the principal-only or the interest-only portion of the cash flows of an underlying pool of mortgages or mortgage-backed securities.

(I) **Zero coupon investment**--an investment that makes no periodic interest payments but instead is sold at a discount from its face value. The holder of a zero coupon investment realizes the rate of return through the gradual appreciation of the investment, which is redeemed at face value on a specified maturity date.

(2) A credit union may not:

- (A) Use financial derivatives for replication, or for any purposes other than hedging;
- (B) Engage in adjusted trading or short sales;
- (C) Purchase stripped mortgage backed securities;
- (D) Purchase residual interests in CMOs/REMICs, or other structured mortgage backed securities;
- (E) Purchase mortgage servicing rights as an investment but may retain mortgage servicing rights on a loan originated by the credit union and sold on the secondary market;
- (F) Purchase commercial mortgage related securities of an issuer other than a U.S. Government sponsored enterprise;
- (G) Purchase any security that has the capability of becoming a first credit loss piece which supports another more senior security;
- (H) Purchase a zero coupon investment with a maturity date that is more than 10 years from the settlement date;
- (I) Purchase investments whereby the underlying collateral consists of foreign receivables or foreign deposits;
- (J) Purchase securities used as collateral by a safekeeping concern;
- (K) Purchase exchangeable mortgage backed securities, unless they are fully compliant with the provisions outlined in Part 703 of the National Credit Union Administration Rules and Regulations; or
- (L) Purchase securities convertible into stock at the option of the issuer.

(d) Investment pilot program.

(1) The commissioner may authorize a limited number of credit unions to engage in other types of investment activities under an investment pilot program. A credit union wishing to participate in an investment pilot program shall submit a request that addresses the following items:

- (A) Board policies approving the activities and establishing limits on them;
- (B) A complete description of the activities, with specific examples of how the credit union will conduct them and how they will benefit the credit union;
- (C) A demonstration of how the activities will affect the credit union's financial performance, risk profile, and asset-liability management strategies;
- (D) Examples of reports the credit union will generate to monitor the activities;
- (E) A projection of the associated costs of the activities, including personnel, computer, audit, etc.;
- (F) A description of the internal systems to measure, monitor, and report the activities, and the qualifications of the staff and/or official(s) responsible for implementing and overseeing the activities; and
- (G) The internal control procedures that will be implemented, including audit requirements.

(2) In connection with a request to participate in an investment pilot program, the commissioner will consider the general nature and functions of credit unions, as well as the specific financial condition and management of the applicant credit union, as revealed in the request, examinations, or such other information as may be available to the commissioner. The commissioner may approve the request, approve the request conditionally, approve it in modified form, or deny it in whole or in part. A decision by the commissioner concerning participation in an investment pilot program is not appealable.

(3) The commissioner may find that an investment pilot program previously authorized is no longer a safe and prudent practice for credit unions generally to engage in, or has become

inconsistent with applicable state or federal law, or has ceased to be a safe and prudent practice for one or more particular credit unions in light of their financial condition or management. Upon such a finding, the commissioner will send written notice informing the board of directors of any or all of the credit unions engaging in such a practice that the authority to engage in the practice has been revoked or modified. When the commissioner so notifies any credit union, its directors and officers shall forthwith take steps to liquidate the investments in question or to make such modifications as the commissioner requires. Upon demonstration of good cause, the commissioner may grant a credit union some definite period of time in which to arrange its affairs to comply with the commissioner's direction. Credit unions which continue to engage in investment practices where their authority to do so has been revoked or modified will be deemed to be engaging in an unsound practice.

§91.804. Custody And Safekeeping.

(a) A credit union's purchased investments and repurchased collateral must be in its possession, recorded as owned by the credit union through the federal reserve book-entry system, or be held by a board-approved safekeeper under a bailment for hire contract or a custodial arrangement subject to regulation by the Securities and Exchange Commission. Any safekeeper used by a credit union must be regulated and supervised by either the Securities and Exchange Commission or a federal or state financial institution regulatory agency. For the purposes of this section a bailment for hire contract has the same meaning as in §91.802 (relating to Other Investments). Annually, a credit union must analyze the ability of any safekeeper used by the credit union to fulfill its custodial responsibilities, as evidenced by capital strength and financial conditions. The credit union should consider current financial data, annual reports, reports of nationally-recognized statistical rating organizations (NRSROs), relevant disclosure documents such as annual independent auditor reports, and other sources of financial information. At least monthly, a credit union must obtain and reconcile a statement of purchased investments and repurchased collateral held in safekeeping.

(b) A credit union that invests funds in a certificate of deposit in a financial institution as defined in §91.802 (relating to Other Investments) shall hold such certificate of deposit in the name of the credit union or, if held by a safekeeper or registered broker-dealer, in the safekeeper's or registered broker-dealer's name as custodial nominee for a credit union. Any certificate of deposit held by a safekeeper or registered broker-dealer as custodial nominee for a credit union or the credit union's registered broker or dealer must be eligible for extended or flow-through insurance coverage to the credit union through either the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund.

§91.805. Loan Participation Investments.

(a) A credit union may purchase a participation interest in a loan, where the borrower is neither a member of the credit union or a member of another participating credit union, as permitted by §124.351(a)(8) of the Texas Finance Code, provided the following conditions are satisfied:

(1) the purchase complies with all regulatory requirements to the same extent as if the credit union had originated the loan;

(2) the originating lender retains at least 10 percent of the outstanding balance of the loan through the life of the loan;

(3) the purchase complies with the credit union's investment policy, which, at a minimum, must:

(A) establish the same degree of independent credit and collateral analysis as if the credit union was the originator; and

(B) establish commitment limits for aggregate purchased participations, out-of-area participations, and loans originated by individual lead institutions.

(4) the written loan participation agreement fully describes the lead institution's responsibilities, establishes requirements for obtaining timely borrower credit information, addresses remedies upon default, and outlines dispute resolution procedures.

(b) Financial Reporting. A participation interest in a non-credit union member loan purchased under this section shall be reported in accordance with generally accepted accounting principles.

(c) Other Requirements. A credit union purchasing a loan participation investment must also comply with applicable requirements contained within Part 741 of the National Credit Union Administration Rules and Regulations.

§91.808. Reporting Investment Activities to the Board of Directors.

(a) A credit union shall provide its board of directors a monthly comprehensive report of investment activities, including:

(1) investments purchased and sold during the month;

(2) unrealized market gains or losses compared to book value for each security at month's end;

(3) fair or market value of each security;

(4) total book value of investments outstanding at month's end;

(5) unrecorded and unreported obligations to buy or sell investments; and

(6) amount of investments, other than deposits and investments in designated depositories, that are not either issued by, or fully guaranteed as to principal and interest by, the Federal Deposit Insurance Corporation, the National Credit Union Administration, the United States or any agency, enterprise, corporation, or instrumentality of the United States, or in any trust or trusts established for investing, directly or collectively, in such securities, obligations or instruments.

(b) The credit union shall also provide a quarterly report to the board of directors that summarizes the volatility of the entire security portfolio, if the aggregate amount of securities with one or more of the features included below exceeds the credit union's net worth:

- (1) embedded options;
 - (2) remaining maturities greater than three years; or
 - (3) coupon formulas that are related to more than one index or are inversely related to, or multiples of, an index.
- (c) The report described in subsection (b) of this section must provide a reasonable and supportable estimate of the potential impact, in percentage and dollar terms, of an immediate and sustained parallel shift in market interest rates of plus and minus 300 basis points on the:
- (1) fair value of each security in the entire portfolio;
 - (2) fair value of the entire security portfolio as a whole; and
 - (3) credit union's net worth.
- (d) For the purposes of this section, an embedded option means a characteristic of an investment that gives the issuer or holder the right to alter the level and timing of the cash flows of the investment. Embedded options include call and put provisions and interest rate caps and floors. Since a prepayment option in a mortgage is a type of call provision, a mortgage-backed security composed of mortgages that may be prepaid is an example of an investment with an embedded option.

Subchapter I. Reserves and Dividends

§91.901. Reserve Requirements.

- (a) Definitions. The words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise.
- (1) Net worth means the retained earnings balance of the credit union as determined under generally accepted accounting principles. Retained earnings consist of undivided earnings, regular reserves, and any other appropriations designated by management, the insuring organization, or the commission. This means that only undivided earnings and appropriations of undivided earnings are included in net worth. Net worth does not include the allowance for loan and lease losses account.
 - (2) Net worth ratio means, with respect to a credit union, the ratio of the net worth of the credit union to the total assets of the credit union.
 - (3) Total assets means the average of the total assets as measured using one of the following methods:
 - (A) average quarterly balance. The average of quarter-end balances of the four most recent calendar quarters; or
 - (B) average monthly balance. The average of month-end balances over the three calendar months of the calendar quarter; or
 - (C) average daily balance. The average daily balance over the calendar quarter;or
 - (D) quarter-end balance. The quarter-end balance of the calendar quarter as reported on the credit union's call report.
- (b) In accordance with the requirements of §122.104 of the Act, state-chartered credit unions shall set aside a portion of their current gross income, prior to the declaration or payment of dividends, as follows:

(1) A credit union with a net worth ratio below 7.0% shall increase the dollar amount of its net worth reserves by the following amounts at the indicated intervals until its net worth ratio equals 7.0% of total assets:

(A) in the case of a monthly dividend period, net worth must increase monthly by an amount equivalent to at least 0.0334% of its total assets; and

(B) in the case of a quarterly, semi-annual or annual dividend period, net worth must increase quarterly by an amount equivalent to at least 0.1% per quarter of its total assets.

(2) For a credit union in operation less than ten years and having assets of less than \$10 million, a business plan must be developed that reflects, among other items, net worth projections consistent with the following:

(A) 2.0% net worth ratio by the end of the third year of operation;

(B) 3.5% net worth ratio by the end of the fifth year of operation;

(C) 6.0% net worth ratio by the end of the seventh year of operation; and

(D) 7.0% net worth ratio by the time it reaches \$10 million in total assets or by the end of the tenth year of operation, whichever is shorter.

(3) Whenever the net worth ratio falls below 7.0%, the credit union shall transfer a portion of its current period net income to its regular reserve in such amounts as described in paragraph (1) of this subsection.

(4) Special reserves. In addition to the regular reserve, special reserves to protect the interest of members may be established by board resolution or by order of the commissioner, from current income or from undivided earnings. In lieu of establishing a special reserve, the commissioner may direct that all or a portion of the undivided earnings and any other reserve fund be restricted. In either case, such directives must be given in writing and state with reasonable specificity the reasons for such directives.

(5) Insuring organization's capital requirements. As applicable, a credit union shall also comply with any and all net worth or capital requirements imposed by an insuring organization as a condition to maintaining insurance on share and deposit accounts. For federally-insured credit unions this includes all prompt corrective action requirements contained within Part 702 of the NCUA Rules and Regulations.

(6) Decrease in Required Reserve Transfer. The commissioner, on a case-by-case basis, and after receipt of a written application, may permit a credit union to transfer an amount that is less than the amount required under paragraph (1) of this subsection. A credit union shall submit such statements and reports as the commissioner may, in his discretion, require in support of a decreased transfer request. The application must be received no later than 10 days before the quarter end and shall include but not be limited to:

(A) An explanation of the need for the reduced transfer amount;

(B) Financial statement reflecting the fiscal impact of the required transfer; and

(C) Documentation supporting the credit union's ability to resume the required transfer at a future date certain.

(7) Financial Plan. A credit union that is not capable of making the prescribed reserve transfer under paragraph (1) of this subsection for three consecutive quarters, shall file a written financial plan detailing a quarterly timetable of steps the credit union will take to increase its net worth ratio and fully comply with this section in the future. A credit union shall file and implement the financial plan within 45 days of the triggering quarter end date. A credit union may, after prior written notice to the Department, amend its financial plan to reflect a change in circumstances. Failure to meet the terms of the financial plan may be considered a violation of a written agreement with the commissioner under §122.255 of the Finance Code.

(c) Revised business plan for new credit unions. A credit union that has been in operation for less than ten years and has assets of less than \$10 million shall file a written revised business plan within 30 calendar days of the date the credit union's net worth ratio has failed to increase consistent with its current business plan. Failure to submit a revised business plan, or submission of a plan not adequate to either increase net worth or increase net worth within a reasonable time; or failure of the credit union to implement its revised business plan, may trigger the regulatory actions described in subsection (b)(4) of this section.

(d) Unsafe practice. Any credit union which has less than a 6.0% net worth ratio may be deemed to be engaged in an unsafe practice pursuant to §122.255 of the Finance Code. The determination may be abated if, the credit union has entered into and is in compliance with a written agreement or order with the department or is in compliance with a net worth restoration or revised business plan approved by the department to increase its net worth ratio. If a credit union has a net worth ratio below 6.0% or is otherwise engaged in an unsafe practice, the department may impose the following administrative sanctions in addition to, or in lieu of, any other authorized supervisory action:

(1) all unencumbered reserves, undivided earnings, and current earnings are encumbered as special reserves;

(2) dividends and interest refunds may not be declared, advertised, or paid without the prior written approval of the commissioner; and

(3) any changes to the credit union's board of directors or senior management staff must receive the prior written approval of the commissioner.

(e) Supervisory action. Notwithstanding any requirements in this section, the department may take enforcement action against a credit union with capital above the minimum requirement if the credit union's circumstances indicate such action would be appropriate.

§91.902. Dividends.

(a) Dividend eligibility shall be prescribed by written board policy.

(b) When a credit union is subject to a cease and desist order or is otherwise notified that it is deemed to be in a troubled condition or engaged in an unsafe practice, the credit union must obtain prior written approval of the commissioner before it declares or pays any dividend or interest refund. A request for approval to pay a dividend or interest refund under this section must be in writing and must include the following supporting information:

(1) the proposed dividend and/or interest refund rate and the estimated total dollar amount of payment;

(2) an analysis of the credit union's ability to make the payment from current earnings without incurring an operating loss for the period; and

(3) an explanation of the progress in resolving the areas of concern detailed in the cease and desist order or the examiner's findings schedule of the most recent report of examination.

(b) Two or more credit unions organized under the laws of this state, another state, or the United States, may merge/consolidate, in whole or in part, with each other, or into a newly incorporated credit union to the extent permitted by applicable law, subject to the requirements of this rule. A credit union may not offer a merger inducement to another credit union's members as a means of promoting a merger of the two credit unions.

(c) **Notice of Intent to Merge/Consolidate.** The credit unions shall notify the commissioner in writing of their intent to merge/consolidate within ten days after the credit unions' boards of directors formally agree in principle to merge/consolidate.

(d) **Plan for Merger/Consolidation.** Upon approval of a proposition for merger/consolidation by the boards of directors, the credit unions must prepare a plan for the proposed merger/consolidation. The plan shall include:

(1) The terms and conditions of the merger/consolidation including a detailed description of any substantial remuneration, such as bonuses, deferred compensation, early payout of retirement benefits, severance packages, retainers, services agreements, or other substantial financial rewards or benefits that any board member or senior management employee of the acquiree credit union may receive in connection with the merger/consolidation;

(7) a summary of the advantages and disadvantages of the merger/consolidation;

- (9) any other items deemed critical to the merger/consolidation agreement by the boards of directors.
- (e) Submission of an Application to Merge/Consolidate to Department.

 - (B) a copy of the corporate resolution of each board of directors approving the merger/consolidation plan;
 - (C) the proposed Notice of Special Meeting of the members;
 - (D) a copy of the ballot form to be sent to the members;
 - (E) the current delinquent loan summaries for each credit union;

- (2) If the acquirer credit union is organized under the laws of another state or of the United States, the commissioner may accept an application to merge or consolidate that is prescribed by the state or federal supervisory authority of the acquirer credit union, provided that the commissioner may require additional information to determine whether to deny or approve the merger/consolidation. The application will be deemed complete upon receipt of all information requested by the commissioner.
- (3) Notice of the proposed merger must be published in the *Texas Register* and Department Newsletter as prescribed in §91.104 (relating to Notice of Applications).
- (f) Commissioner Action on the Application.
- (1) The commissioner may grant preliminary approval of an application for merger/consolidation conditioned upon specific requirements being met, but final approval shall not be granted unless such conditions have been met within the time specified in the preliminary approval.
- (2) The commissioner shall deny an application for merger/consolidation if the commissioner finds any of the following:
- (A) the financial condition of the acquirer credit union before the merger/consolidation is such that it will likely jeopardize the financial stability of the merging credit union or prejudice the financial interests of the members, beneficiaries or creditors of either credit union;
 - (B) the plan includes a change in the products or services available to members of the acquiree credit union that substantially harms the financial interests of the members, beneficiaries or creditors of the acquiree credit union;
 - (C) the merger/consolidation would probably substantially lessen the ability of the acquirer credit union to meet the reasonable needs and convenience of members to be served;
 - (D) the credit unions do not furnish to the commissioner all information requested by the commissioner which is material to the application;
 - (E) the credit unions fail to obtain any approval required from a federal or state supervisory authority; or
 - (F) the merger/consolidation would be contrary to law.
- (3) For applications to merge/consolidate in which the products and services of the acquirer credit union after merger/consolidation are proposed to be substantially the same as those

of the acquiree and acquirer credit unions, the commissioner will presume that the merger/consolidation will not significantly change or affect the availability and adequacy of financial services in the local community.

(g) Procedures for Approval of Merger/Consolidation Plan by the Members of Each Credit Union.

(1) The credit unions have the option of allowing their members to vote on the plan in person at a meeting of the members, by mail ballot, or both. With prior approval of the commissioner, a credit union may accept member votes by an alternative method that is reasonably calculated to ensure each member has an opportunity to vote.

(2) Members shall be given advance notice of the meeting in accordance with the credit union's bylaws. The notice of the meeting shall:

(A) specify the purpose of the meeting and state the date, time, and place of the special meeting;

(B) state the reasons for the proposed merger/consolidation;

(D) provide the name and location of the acquirer credit union;

(E) specify the methods permitted for casting votes; and

(F) if applicable, be accompanied by a mail ballot.

(h) Completion of Merger/Consolidation.

(1) Upon approval of the merger/consolidation plan by the membership, if applicable, the Certificate of Merger/Consolidation shall be completed, signed and submitted to the commissioner for final authority to combine the records. Necessary amendments to the acquirer credit union's articles of incorporation or bylaws shall also be submitted at this time.

(2) Upon receipt of the commissioner's written authorization, the records of the credit unions shall be combined as of the effective date of the merger/consolidation. The board of the directors of the acquirer credit union shall certify the completion of the merger/consolidation to the commissioner within 30 days after the effective date of the merger/consolidation.

(3) Upon receipt by the commissioner of the completion of the merger/consolidation certification, any article of incorporation or bylaw amendments will be approved and the charter of the acquiree credit union will be canceled.

Also, incorporated with the mailing of the notice, eligible members shall be provided with plain language disclosures of material facts and information to be used as a basis for reaching an informed decision to vote on the conversion. (4) The board's recommendation to dissolve and liquidate the credit union must be approved by the affirmative vote of a majority of members who submit ballots in person at the special membership meeting and by mail. If less than a majority vote to approve, the credit union may, subject to the commissioner's approval, resume normal business, resubmit the question of liquidation to the membership or request the appointment of a conservator under the Act and the rules adopted under it.

(5) After an affirmative vote by the members to dissolve and liquidate the credit union, the board of directors shall be responsible for conserving the assets, for expediting the liquidation, and for fair and equitable distribution of the assets to the members.

(6) Within 5 days after an affirmative vote to dissolve and liquidate the credit union the chairman shall notify the commissioner in writing of the intention to liquidate together with a list of the officers and directors.

(2) After all assets of the credit union have been converted to cash or found to be worthless, and all loans and debts owing to it have been collected or found to be uncollectible, and all obligations of the credit union have been paid/settled, except for shares/deposits due its members, the credit union shall close its books and compute the pro rata distribution to its members. The computation shall be based on the total amount in each share/deposit account as of the liquidation date or the date on which all share drafts have cleared, whichever is later.

(3) Payments must be made to members promptly after the pro rata distribution has been computed. The credit union may mail a check to the member's last known address, deliver the check personally to the member, or make the payment by wire or any other electronic means authorized by the member.

(4) Unclaimed share/deposit accounts, unpaid claims, and unpaid claims of members or creditors who failed to cash their final distribution checks shall be escheated in accordance with Texas laws.

(5) The Department shall be notified in writing within five days after the final distribution of assets to the members begins.

The commissioner may appoint a new liquidating agent and proceed to liquidate the affairs of the credit union as provided in the Finance Code, Title 3, Subtitle D, Subchapter E.

(j) Retention of records.

(1) The board of directors shall appoint a custodian for the credit union's records that are to be retained after the final distribution of assets.

(2) The custodian shall retain all records of the liquidating credit union that are necessary to establish that the credit union paid creditors, and distributed assets to the members fairly and equitably in accordance with the approved liquidation plan. The custodian shall retain the records for a period of five years following the date the Department cancels the credit union's charter.

(k) Certificate of dissolution and liquidation. Within 120 days after the credit union begins final distribution of assets to members, it shall file with the Department a duly executed Certificate of Dissolution and Liquidation.

(2) Limitations as to term and prepayment.

(A) No certificate of indebtedness issued by a credit union pursuant to this section shall have an original period to maturity of less than seven years. that have elapsed since the issuance of the certificate and the denominator of which is the number of years covered by the original period to maturity.

(B) No voluntary prepayment of principal shall be made and no payment of principal shall be accelerated without the approval of the commissioner if the credit union's net worth ratio is below 6% or, if after giving effect to such payment, the credit union's net worth ratio would fall below 6%.

(3) The ratio of subordinated debt included as equity capital to the credit union's net worth requirements exceeds one-third, after giving effect to the proposed issue.

(4) The proposed deployment of the proceeds of the proposed issue is contrary to the credit union's business plan, is unrealistic in its assumptions, or is inconsistent with the principles of safety and soundness.

(5) The credit union has failed to comply with the terms and conditions imposed upon previous subordinated debt issuances, or has failed to comply with any outstanding enforcement action, written agreement or any other significant supervisory requirement.

(f) Additional requirements. The commissioner may impose on the credit union such requirements or conditions with regard to certificates or the offering or issuance thereof as the commissioner may deem necessary or desirable for the protection of purchasers, the credit union, the National Credit Union Share Insurance Fund, or other insuring organization, as the case may be.

(g) Limitation on offering period. Following the date of the issuance of a non-objection letter, the credit union shall have an offering period of not more than one year in which to complete the sale of the certificates of indebtedness issued pursuant to this section. The commissioner may in his discretion extend such offering period if a written request showing good cause for such extension is filed with the Department not later than 30 days before the expiration of such offering period or any previous extension thereof.

(h) Policies and Procedures. Before any offers or sales of the certificates are made on the premises of the credit union or its credit union service organization, the credit union shall submit to the Department a set of policies and procedures for such sale of certificates that is satisfactory to the Department.

- (C) There is investment risk associated with the certificate of indebtedness, including the possible loss of value; and
- (D) The credit union may not condition an extension of credit on a person's purchase of a certificate of indebtedness.

(2) The disclosures required by paragraph (1) above must be provided orally and in writing before the completion of the sale of a certificate of indebtedness. If the sale of a certificate of indebtedness is conducted by telephone, the credit union may provide the written disclosure required by paragraph (1) by mail within three business days beginning the first business day after the sale, solicitation, or offer.

(3) A credit union may provide the written disclosures required by paragraph (1) through electronic media instead of on paper, if the person affirmatively consents to receiving the disclosures electronically and if the disclosures are provided in a format that the person may retain or obtain later, for example, by printing or storing electronically (such as by downloading).

(4) The disclosures provided shall be conspicuous and designed to call attention to the nature and significance of the information provided.

(l) Referrals. Any person who accepts deposits from members in an area where such transactions are routinely conducted in a credit union may refer a member who seeks to purchase a certificate of indebtedness to a qualified person who sells that product only if the person making the referral receives no additional compensation for making the referral.

(m) Reports. Within 30 days after completion of the sale of the subordinated debt issued pursuant to this section, the credit union shall transmit a written report to the Department stating the number of purchases, the total dollar amount of certificates sold, and the amount of net proceeds received by the credit union. The credit union's report shall clearly state the amount of subordinated debt, net of all expenses that the credit union intends to have counted as equity capital. In addition, the credit union, shall submit to the Department, certification of compliance with all applicable laws and regulations in connection with the offering, issuance, and sale of the certificates.

(n) Equity capital. When a certificate of indebtedness has a remaining maturity of 5 years, the amount of the certificates that may be considered equity capital shall be reduced by a minimum of 20% of the original amount of the certificate per year. The equity capital shall be reduced by a constant monthly amortization to ensure the recognition of subordinated debt is fully amortized when the certificate matures or is prepaid.

(o) Prohibited practices.

(1) A credit union may not engage in any practice or use any advertisement at any office of, or on behalf of, a credit union that could mislead any person or otherwise cause a reasonable person to reach an erroneous belief with respect to:

- (A) the fact that a certificate of indebtedness a credit union sells or offers for sale is not insured by the National Credit Union Share Insurance Fund or other insuring organization;
 - (B) the fact that there is an investment risk, including the potential that principal may be lost and that the certificate may decline in value; or
 - (C) the fact that the approval of an extension of credit to a person by the credit union or credit union service organization may not be conditioned on the purchase of a certificate of indebtedness from the credit union or credit union service organization.
- (2) No credit union shall directly or indirectly:
- (A) employ any device, scheme or artifice to defraud,

Subchapter Q. Access to Confidential Information

§91.8000. Discovery of Confidential Information.

- (a) Policy. The legislature has determined that certain information is confidential and, with limited exceptions, should not be disclosed. See Texas Finance Code, §126.002. Non-disclosure under this section protects the stability of credit unions by preventing disclosures that could adversely impact the institutions. Inappropriate disclosures can result in substantial harm to credit unions and to those persons and entities (including other financial institutions) that have relationships with them. For example, the department may criticize a credit union in an examination report for a financial weakness that does not currently threaten the solvency of the credit union. If improperly disclosed, the criticism can lead to adverse impacts such as the possibility of a "run," short-term liquidity problems, or volatility in costs of funds, which in turn can exacerbate the problem and cause the failure of the credit union. These failures lead to reduced access to credit and greater risk to depositors. Further, since specific loans may be criticized in an examination report, confidentiality of the information protects the financial privacy of borrowers. Finally, protecting confidential information from disclosure facilitates the free exchange of information between the credit union and the regulator, encourages candor, and promotes regulatory responsiveness and effectiveness. Information that does not fall within the meaning of confidential information as defined in this section may be confidential under other definitions and controlled by other laws, and is not subject to this section.
- (b) Disclosure prohibited. Pursuant to Finance Code §126.002, the department has an absolute privilege against disclosure of its confidential information. Discovery of confidential information from a person subject to §126.002 must comply with subsection (c) of this section. Only a person to whom confidential information has been released pursuant to §126.002 or this rule may disclose that information to another, and only in accordance with that section and this rule.
- (c) Discovery of confidential information. A credit union, governmental agency, credit union service organization, service provider, or insuring organization that receives a subpoena or other form of discovery for the release of information that is confidential under §126.002 of the Act shall promptly:

- (1) notify the department of the request;
- (2) provide the department with a copy of the discovery documentation and, if requested by the department, a copy of the requested information; and
- (3) move for a protective order, or its equivalent under applicable rules of procedure.

In addition, prior to the release of confidential information, such credit union, governmental agency, credit union service organization, service provider, or insuring organization must obtain a ruling on its motion in accordance with this section. Confidential information may be released only pursuant to a protective order, or its equivalent, in a form consistent with that set out in this section and only if a court with jurisdiction has found that:

(A) the party seeking the information has a substantial need for the information;

(B) the information is directly relevant to the legal dispute in issue; and

(C) the party seeking the information is unable without undue hardship to obtain its substantial equivalent by other means.

(d) Discretionary filings by department. On receipt of notice under subsection (c) of this section, the department may take action as may be appropriate to protect confidential information. The department has standing to intervene in a suit or administrative hearing for the purpose of filing a motion for protective order and in camera inspection in accordance with this section.

(e) Motion for protective order, or equivalent, and in camera inspection. The movant shall ask the court to enter an order in accordance with this section regarding the release of confidential information. If necessary to resolve a dispute regarding the confidential status or direct relevance of any information sought to be released, the party seeking the order shall move for an in camera inspection of the pertinent information. Until subject to a protective order, or its equivalent, confidential information may not be released, and, if necessary, the party seeking an order shall request the court officer to deny discovery of such confidential information.

(f) Protective order or equivalent. An order obtained pursuant to the terms of this section must:

(1) specifically bind each party to the litigation, including one who becomes a party to the suit after the order is entered, each attorney of record, and each person who becomes privy to the confidential information as a result of its disclosure under the terms of the order;

(2) describe in general terms the confidential information to be produced;

(3) state substantially the following in the body of the order:

(A) absent court order to the contrary, only the court reporter and attorneys of record in the cause may copy confidential information produced under the order in whole or part;

(B) the attorneys of record are custodians responsible for all originals and copies of confidential information produced under the order and must insure that disclosure is limited to those persons specified in the order;

(C) confidential information subject to the order and all information derived there from may be used only for the purposes of the trial, appeal, or other proceedings in the case in which it is produced;

(D) confidential information to be filed or included in a filing in the case must be filed with the clerk separately in a sealed envelope bearing suitable identification, and is available only to the court and to those persons authorized by the order to receive confidential information, and all originals and copies made of such documents and records must be kept under seal and disclosed only in accordance with the term of the protective order;

(E) confidential information produced under the order may be disclosed only to the following persons and only after counsel has explained the terms of the order to the person who will receive the information and provided that person with a copy of the order;

(i) to a party and to an officer, employee, or representative of a party, to a party's attorneys (including other members and associates of the respective law firms and contract attorneys in connection with work on the case) and, to the extent an attorney of record in good faith determines disclosure is necessary or appropriate for the conduct of the litigation, legal assistants, office clerks and secretaries working under the attorney's supervision;

(ii) to a witness or potential witness in the case;

(iii) to an outside expert retained for consultation or for testimony, provided the expert agrees to be bound by the terms of the order and the party employing the expert agrees to be responsible for the compliance by its expert with this confidentiality obligation; and

(iv) to the court or to an appellate officer or body with jurisdiction of an appeal in the case;

(F) at the request of the department or a party, only the court, the parties and their attorneys, and other persons the court reasonably determines should be present may attend the live testimony of a witness or discussions or oral arguments before the court that may include confidential information or relate to such confidential information. The parties shall request the court to instruct all persons present at such testimony, discussions, or arguments that release of confidential information is strictly forbidden;

(G) a transcript, including a deposition transcript, that may include confidential information subject to non-disclosure is subject to the order. The party requesting the testimony of a current or former department officer, employee, or agent shall, at its expense, furnish the department a copy of the transcript of the testimony once it has been transcribed.

(H) Upon ultimate conclusion of the case by final judgment and the expiration of time to appeal, or by settlement or otherwise, counsel for each party shall return all copies of every document subject to the order for which the counsel is custodian to the party that produced the confidential information; and

(I) Production of documents subject to the order does not waive a claim of privilege or right to withhold the documents from a person not subject to the order.

(4) Paragraph (3)(A), (B) and (E) - (H) of this subsection are subject to modification by the court for good cause before the conclusion of the proceeding, after giving the department notice and an opportunity to appear.

The failure of an applicant to furnish required information, data, professional opinions, and other material is considered an abandonment of the application.

The department shall perform an examination of each credit union authorized to do business under the Act at least once during each 12-month period. Annual examination intervals may be extended by the Department to a maximum 18 months, subject to safety and soundness considerations. In lieu of conducting an examination required by this rule, the commissioner in the exercise of discretion may accept examinations or reports from other credit union supervisory agencies or insuring organizations.

§97.107. Related Entities.

(a) Definition. For the purposes of this section, a related entity is defined as:

1. a credit union service organization in which a credit union has a material interest by contracting with, lending to or investing in the organization;
2. a subsidiary or affiliate of a credit union service organization that is wholly owned or controlled by a credit union;
3. an organization engaged primarily in the business of managing a credit union; and
4. third-party contractors providing electronic data processing, electronic fund transfers, or other member services to or on behalf of a credit union.

(b) General Supervision. A credit union should perform a thorough analytical assessment to identify, measure, monitor, and establish controls to manage the risks associated with related entities and avoid excessive risk-taking that may threaten the safety and soundness of a credit union. The department may review the risks associated with any related entity and its activities together with other credit union risks using its supervision-by-risk framework. The department shall assess the effectiveness of a credit union's oversight program of related entities, including its strategic planning, third-party selection process, and ongoing monitoring.

(c) Examination. A credit union's use of related entities to achieve its strategic goals does not diminish the responsibility of the department to ensure that the activity is conducted in a safe and sound manner and in compliance with applicable law. Although in most situations, these activities should be conducted in the same manner that would be expected if the credit union were conducting the activities directly, the department shall consider the following factors in determining whether to examine exam related entities:

1. the high risk or unusual nature of the activities conducted by the related entity for the credit union;
2. the significance of the activities conducted by the related entity for the credit union to the credit union's operations and income; and
3. the extent to which the credit union has sufficient systems, controls, and personnel to adequately monitor, measure, and control risks arising from activities conducted by the related entity. The department may examine a related entity, as the commissioner deems necessary to ensure that a credit union is not assuming excessive risk.

(d) Examination Fee. The related entity shall pay a supplemental examination fee as prescribed in §97.113(e) of this title (relating to Supplemental examination fees). A credit union may elect to pay the fee on behalf of the related entity. The supplemental examination fee for a related entity may be waived or reduced if the commissioner determines it is appropriate.

Subchapter B. Fees

§97.113. Fees and Charges.

(a) Remittance of fees.

(1) Each credit union authorized to do business under the Act shall remit to the department an annual operating fee. The fee shall be paid in semi-annual installments, billed effective September 1 and March 1 of each year. The final installment may be adjusted as provided by subsection (d) of this section. Installments received after September 30 or March 30 of each year will be subject to a monthly 10% late fee unless waived by the commissioner for good cause.

(2) Credit unions that exit the Texas credit union system on or before August 31 or February 28 of a given year, will not be subject to the semi-annual assessment for the period beginning September 1 or March 1, respectively. Only those credit unions leaving the state credit union system prior to the close of business on those dates avoid paying the semi-annual assessment for the period beginning September 1 or March 1, as applicable.

(b) Calculation of operating fees. The schedule provided in this section shall serve as the basis for calculating operating fees. The base date shall be June 30 of the year in which operating fees are calculated. The asset base may be reduced by the amount of reverse-repurchase balances extant on the June 30 base date. The commissioner is authorized to increase the fee schedule once each year as needed to match revenue with appropriations. An increase greater than 5% shall require prior approval of the commission. The commissioner shall notify the commission of any such adjustment at the first meeting of the commission following the determination of the fee schedule.

(c) Waiver of operating fees. The commissioner is authorized to waive the operating fee for an individual credit union when good cause exists. The commissioner shall document the reason(s) for each waiver of operating fees and report such waiver to the commission at its next meeting.

(d) Adjustment of an installment. The commissioner in the exercise of discretion may, after review and consideration of actual revenues to date and projected revenues for the remainder of the fiscal year, lower the amount of the final installment due from credit unions.

(e) Supplemental examination fees.

(1) If the commissioner or deputy commissioner schedules a special examination in addition to the regular examination, the credit union is subject to a supplemental charge to cover the cost of time and expenses incurred in the examination.

(2) The credit union shall pay a supplemental fee of \$50 for each hour of time expended on the examination. The commissioner may waive the supplemental fee or reduce the fee, individually or collectively, as he deems appropriate. Such waiver or reduction shall be in writing and signed by the commissioner. The department shall fully explain the time and charges for each special examination to the president or designated official in charge of operations of a credit union.

(f) Foreign credit union branches. Credit unions operating branch offices in Texas as authorized by §91.210 of this title (relating to Foreign Credit Unions) shall pay an annual operating fee of \$500 per branch office.

(g) Credit union conversion fee. A credit union organized under the laws of the United States or of another State that converts to a credit union organized under the laws of this State shall remit to the department an annual operating fee within 30 days after the issuance of a charter by the commissioner. The schedule provided in subsection (b) of this section shall serve as the basis for calculating the operating fee. All provisions set forth in subsection (b) of this section shall apply to converting credit unions with the following exceptions:

(1) Should the effective date of the conversion fall on or after October 31, the base date shall be the calendar quarter end immediately preceding the issuance date of a charter by the commissioner.

(2) The amount of the operating fee calculated under this section will be prorated based upon the number of full months remaining until September 1. For example, should the effective date of the conversion be January 31, the converting credit union will remit seven-twelfths of the amount of the operating fee calculated using December 31 base date.

(3) Any fee received more than 30 days after the issuance of a charter will be subject to a monthly 10% late fee unless waived by the commissioner for good cause.

(h) Mergers/Consolidations. In the event a credit union in existence as of June 30 merges or consolidates with another credit union and the merger/consolidation is completed on or before August 31, the surviving credit union's asset base, for purposes of calculating the operating fee prescribed in subsection (b) of this section, will be increased by the amount of the merging credit union's total assets as of the June 30 base date.

(i) Special assessment. The commission may approve a special assessment to cover material expenditures, such as major facility repairs and improvements and other extraordinary expenses.

(j) Foreign credit union fee for field of membership expansion. A foreign credit union applying to expand its field of membership in Texas shall pay a fee of \$200. This fee shall be paid at the time of filing to cover the cost of processing the application. In addition, the applicant shall pay any cost incurred by the department in connection with a hearing conducted at the request of the applicant.

(k) Foreign credit union examination fees.

(1) If the commissioner schedules an examination of a foreign credit union, the credit union is subject to supplemental charges to cover the cost of time and expenses incurred in the examination.

(2) The foreign credit union shall pay a fee of \$50 for each hour of time expended by each examiner on the examination. The commissioner may waive the examination fee or reduce the fee as he deems appropriate.

(3) The foreign credit union shall also reimburse the department for actual travel expenses incurred in connection with the examination, including mileage, public transportation, food, and lodging in addition to the fee set forth in paragraph (2) of this subsection. The commissioner may waive this charge at his discretion.

(l) Contract Services. In addition, the commissioner may charge, or otherwise cause to be paid by, a credit union, a foreign credit union or related entities the actual cost incurred by the department for an examination or a review of all or part of the operations or activities of a credit union, a foreign credit union or related entity that is performed under a personal services contract entered into between the department and third parties.

§97.114. Charges for Public Records.

(a) Reproduction Charges. Copies of documents not excepted from disclosure by the Texas Public Information Act (Government Code, Chapter 552) may be obtained upon written request to the department at rates established by the Office of the Attorney General in 1 TAC Sections §§70.1-70.12 (relating to Cost of Copies of Public Information) or other applicable law.

(b) Request for Information. The following guidelines apply to requests for records under the Public Information Act (Government Code, Chapter 552).

(1) Request must be in writing and reasonably identify the records requested.

(2) Records access will be by appointment only.

(3) Records access is available only during the regular business hours of the department.

(4) Generally, unless confidential information is involved, review may be by physical access or by duplication, at the requestor's option. Any person, however, whose request would be unduly disruptive to the ongoing business of the office may be denied physical access and will be provided only the option of receiving copies by duplication.

(5) When the safety of any public record is at issue, physical access may be denied, and the records will be provided by duplication as previously described.

(6) Confidential files will not be made available for inspection or for duplication unless required by a court order or Attorney General decision.

(c) **Waiver of Fees or Charges.** The commissioner may waive or reduce an established charge when, in his or her discretion, a waiver or reduction of the fee is in the public interest because furnishing the information primarily benefits the general public. The fee may also be waived if the cost of processing the collection of a charge will exceed the amount of the charge.

§97.115. Reimbursement of Legal Expenses.

(a) The commissioner may seek reimbursement of expenses from an individual credit union for legal fees incurred solely and necessarily because the credit union acted in an unreasonable or egregious manner or acted outside the course and scope of what is permitted by statute or regulation. To ensure that the rights and interest of all parties are protected, this section shall not apply to any adjudicative proceedings in which the legal rights, duties, or privileges of the credit union are being determined by the Department after an opportunity for hearing. This section also does not apply to court proceedings where the individual credit union's legal rights, duties, or privileges are being determined as against the Department.

(b) The credit union has thirty days from the date it receives the assessment to pay in full or to appeal in writing to the Commission.

(c) If a credit union files a written notice of appeal, the Commission shall hear the appeal at its next regularly scheduled meeting. In making its decision, the Commission shall consider whether the credit union acted reasonably under the circumstances or acted within its legal rights.

(d) When possible, the Department will notify a credit union before the Department requests legal assistance which may be charged to a credit union under this section.

§97.116. Recovery of Costs for Extraordinary Services Not Related to an Examination.

(a) The commissioner may seek reimbursement from an individual credit union for non examination-related expenses incurred solely and necessarily because the credit union acted in an unreasonable or egregious manner, or acted outside the course and scope of what is permitted by statute or regulation. Expenses can include personnel costs, transportation costs, meals, lodging, and other incidental expenses. If the commissioner determines that recovery of costs is appropriate, the Department shall provide advance notice to the credit union of its intention to recover the expenses.

(b) In seeking reimbursement, the commissioner shall consider the amount of the costs involved, the nature of the credit union's conduct, the service provided, the financial impact on the credit union, and the impact of the activity on other Department services. The commissioner may reduce the charges and bill the credit union less than the full amount of the costs.

(c) The credit union has thirty days from the date it receives the assessment to pay in full or to appeal in writing to the Commission.

(d) If a credit union files a written notice of appeal, the Commission shall hear the appeal at its next regularly scheduled meeting. In making its decision, the Commission shall consider whether the credit union acted reasonably under the circumstances or acted within its legal rights.

Subchapter C. Department Operations

§97.200. Employee Training Program.

(a) Components of program. The employee training program for the department consists of one or more of the following components:

(1) Agency-sponsored training to include in-house training sessions and on-the-job training;

(2) Formal training program conducted through the National Credit Union Administration as administrator of the National Credit Union Share Insurance Fund.

(3) Seminars and conferences; and

(4) Formal course of study at an accredited institution of higher education.

(b) In order for the cost of training and the time related to that training to be reimbursed by the department, the employee must demonstrate that the course has direct applicability to the employee's job with the department. Attendance at an approved training session described in subsection (a)(1)-(3) will be considered part of the employee's normal work duties and will not require the employee to use accrued leave to attend.

(c) Requests to attend an external training program, seminar or conference pursuant to this section must be approved by the commissioner. Approval of a request is contingent upon availability of funds. If limited funds are available, and more than one employee wishes to participate, a decision regarding who will attend will be based upon the extent of their previous use of funds, the training's merit and its value to the department's operations. (d) Continuing education courses. Continuing education courses required by licensing or certifying bodies for employees to maintain a professional license or designation will only be reimbursed if such courses relate directly to the employee's job duties with the department and there are funds available.

(e) Tuition reimbursement. The Commissioner must authorize in writing the reimbursement of tuition in accordance with this subsection.

(1) The department may reimburse full-time employees for part or all of tuition and required fees for formal courses of study described in subsection (a)(4) provided the eligibility criteria set forth below are met.

(A) An employee must have completed 24 consecutive months of full-time employment with the department prior to requesting approval to receive tuition reimbursement.

However, the 24-month requirement may be waived if the commissioner finds that the employee needs a particular course to fulfill his or her work duties.

(B) An employee must be performing consistently above that normally expected or required and must have achieved an overall performance rating of at least 3.50 on the employee's most recent performance evaluation.

(C) An employee must not have been subject to formal disciplinary action for at least twelve months prior to requesting approval. As used in this section, "disciplinary action" includes a formal written reprimand, suspension without pay, or salary reduction for disciplinary reasons.

(D) The course work must be related to a current or prospective duty assignment within the department.

(E) An employee, before the course begins, must agree in writing to the repayment requirement stated in this subsection.

(F) At the time of the request for approval to receive tuition reimbursement, comparable training must not be scheduled to be offered in-house or through the National Credit Union Administration during the period of time covered by the tuition reimbursement.

(G) The employee's participation must not adversely affect workload or performance.

(H) The employee must complete the course within the semester for which tuition reimbursement was requested.

(I) The employee must receive a passing grade in the course. A passing grade is a grade which will entitle the employee to receive credit for the course from the educational institution offering the course.

(2) Reimbursable costs. Criteria addressing the extent to which cost of tuition may be reimbursed are as follows:

(A) The maximum amount an employee may be reimbursed for an approved tuition reimbursement request is \$250 per semester, not to exceed \$500 per fiscal year. The maximum amount of reimbursement may be increased up to \$400 per semester for good cause shown upon approval by the commissioner.

(B) Reimbursable costs include tuition, related fees, and required textbooks and workbooks. Employees will not be reimbursed for auditing a course.

(C) Costs described in subparagraph (B) of this paragraph will be paid to the employee at the completion of the course upon the employee submitting proof that the course was completed and a passing grade was received.

(3) Repayment. Should an employee separate from department service within 12 months of completion of the course, the employee must reimburse the department for all reimbursable costs expended by the department for that course in accordance with section 656.103 of the Texas Government Code (relating to Restrictions on Certain Training Costs). The commission may adopt an order waiving this requirement upon finding that such action is in the best interest of the department or is warranted because of an extreme personal hardship suffered by the employee.

(4) Prohibition on use of state resources. Employees may not use department equipment, such as computers, calculators or typewriters to complete course work.

(a) Pursuant to section 2261.253 of the Texas Government Code, the Department will implement the following procedures for contracts for the purchase of goods or services from private vendors:

(1) The Department will list information pertaining to its contract with private vendors on its website. The information will include:

- (A) The name of the vendor with whom the contract is made;
- (B) A description of the competitive bidding process for the contract, or, if the contract did not involve competitive bidding, a citation and explanation of the legal authority supporting exemption from the competitive bidding process;
- (C) A link to a copy of the request for proposal for the contract, if applicable until the contract expires or is completed; and
- (D) A link to a copy of the contract with the vendor until the contract expires or is completed.

(2) Enhanced contract or performance monitoring procedure until the contract expires or is completed.

(10) Force-placed insurance – insurance purchased by the lender on the homestead when required insurance on the homestead is not maintained in accordance with the equity loan agreement.

(11) Interest – As used in Section 50(a)(6)(E), “interest” means the amount determined by multiplying the loan principal by the interest rate over a period of time.

(12) Lockout provision – a provision in a loan agreement that prohibits a borrower from paying the loan early.

(13) Owner – A person who has the right to possess, use, and convey, individually or with the joinder of another person, all or part of the homestead.

(14) Preclosing Disclosure – The written itemized disclosure required by Section 50(a)(6)(M)(ii).

(15) Two percent limitation – the limitation on fees in Section 50(a)(6)(E).

§153.2. Voluntary Lien: Section 50(a)(6)(A).

An equity loan must be secured by a voluntary lien on the homestead created under a written agreement with the consent of each owner and each owner's spouse.

(1) The consent of each owner and each owner's spouse must be obtained, regardless of whether any owner's spouse has a community property interest or other interest in the homestead.

(2) An owner or an owner's spouse who is not a maker of the note may consent to the lien by signing a written consent to the mortgage instrument. The consent may be included in the mortgage instrument or a separate document.

(3) The lender, at its option, may require each owner and each owner's spouse to consent to the equity loan. This option is in addition to the consent required for the lien.

§153.3. Limitation on Equity Loan Amount: Section 50(a)(6)(B).

An equity loan must be of a principal amount that when added to the aggregate total of the outstanding principal balances of all other indebtedness secured by valid encumbrances of record against the homestead does not exceed 80 percent of the fair market value of the homestead on the date the extension of credit is made. For example, on a property with a fair market value of \$100,000, the maximum amount of debt against the property permitted by Section 50(a)(6)(B) is \$80,000. Assuming existing debt of \$30,000, the maximum amount of the equity loan debt is \$50,000.

(1) The principal amount of an equity loan is the sum of:
(A) the amount of the cash advanced; and
(B) the charges at the inception of an equity loan to the extent these charges are financed in the principal amount of the loan.

(2) The principal balance of all outstanding debt secured by the homestead on the date the extension of credit is made determines the maximum principal amount of an equity loan.

(3) The principal amount of an equity loan does not include interest accrued after the date the extension of credit is made (other than any interest capitalized and added to the principal balance on the date the extension of credit is made), or other amounts advanced by the lender after closing as a result of default, including for example, ad valorem taxes, hazard insurance premiums, and authorized collection costs, including reasonable attorney's fees.

(4) On a closed-end multiple advance equity loan, the principal balance also includes contractually obligated future advances not yet disbursed.

§153.4. Nonrecourse: Section 50(a)(6)(C).

An equity loan must be without recourse for personal liability against each owner and the spouse of each owner, unless the owner or spouse obtained the extension of credit by actual fraud.

(1) If an owner or the spouse of an owner cosigns an equity loan agreement or consents to a security interest, the equity loan must not give the lender personal liability against an owner or an owner's spouse.

(2) A lender is prohibited from pursuing a deficiency except when the owner or owner's spouse has committed actual fraud in obtaining an equity loan.

(3) To determine whether a lender may pursue personal liability, the borrower or owner must have committed "actual fraud." To obtain personal liability under this section, the deceptive conduct must constitute the legal standard of "actual fraud." Texas case law distinguishes "actual fraud" from "constructive fraud." "Actual fraud" encompasses dishonesty of purpose or intentional breaches of duty that are designed to injure another or to gain an undue and unconscientious advantage.

§153.5. Two percent fee limitation: Section 50(a)(6)(E).

An equity loan must not require the owner or the owner's spouse to pay, in addition to any interest or any bona fide discount points used to buy down the interest rate, any fees to any person that are necessary to originate, evaluate, maintain, record, insure, or service the extension of credit that exceed, in the aggregate, two percent of the original principal amount of the extension of credit, excluding fees for an appraisal performed by a third party appraiser, a property survey performed by a state registered or licensed surveyor, a state base premium for a mortgagee policy of title insurance with endorsements established in accordance with state law, or a title examination report if its cost is less than the state base premium for a mortgagee policy of title insurance without endorsements established in accordance with state law.

(1) **Optional Charges.** Charges paid by an owner or an owner's spouse at their sole discretion are not fees subject to the two percent fee limitation. Charges that are not imposed or required by the lender, but that are optional, are not fees subject to the two percent limitation. The use of the word "require" in Section 50(a)(6)(E) means that optional charges are not fees subject to the two percent limitation.

(2) **Optional Insurance.** Insurance coverage premiums paid by an owner or an owner's spouse that are at their sole discretion are not fees subject to the two percent limitation. Examples of these charges may include credit life and credit accident and health insurance that are voluntarily purchased by the owner or the owner's spouse.

(3) **Charges that are Interest.** Charges an owner or an owner's spouse is required to pay that constitute interest under §153.1(11) of this title (relating to Definitions) are not fees subject to the two percent limitation.

(A) Per diem interest is interest and is not subject to the two percent limitation.

(B) Bona fide discount points are interest and are not subject to the two percent limitation. Discount points are bona fide if the discount points truly correspond to a reduced interest rate and are not necessary to originate, evaluate, maintain, record, insure, or service the equity loan. A lender may rely on an established system of verifiable procedures to evidence that the discount points it offers are bona fide. This system may include documentation of options that the owner is offered in the course of negotiation, including a contract rate without discount points and a lower contract rate based on discount points.

(4) **Charges that are not Interest.** Charges an owner or an owner's spouse is required to pay that are not interest §153.1 (11) of this title are fees subject to the two percent limitation.

(5) Charges Absorbed by Lender. Charges a lender absorbs, and does not charge an owner or an owner's spouse that the owner or owner's spouse might otherwise be required to pay are unrestricted and not fees subject to the two percent limitation.

(6) Charges to Originate. Charges an owner or an owner's spouse is required to pay to originate an equity loan that are not interest under §153.1(11) of this title are fees subject to the two percent limitation.

(7) Charges Paid to Third Parties. Charges an owner or an owner's spouse is required to pay to third parties for separate and additional consideration for activities relating to originating an equity loan are fees subject to the two percent limitation. For example, these charges include attorneys' fees for document preparation to the extent authorized by applicable law. Charges that third parties absorb, and do not charge an owner or an owner's spouse that the owner or owner's spouse might otherwise be required to pay are unrestricted and not fees subject to the two percent limitation.

(8) Charges to Evaluate. Charges an owner or an owner's spouse is required to pay to evaluate the credit decision for an equity loan, that are not interest under §153.1(11) of this title, are fees subject to the two percent limitation. Examples to these charges include fees collected to cover the expenses of a credit report, flood zone determination, tax certificate, inspection, or appraisal management services.

(9) Charges to Maintain. Charges paid by an owner or an owner's spouse to maintain an equity loan that are not interest under §153.1(11) of this title are fees subject to the two percent limitation if the charges are paid at the inception of the loan, or if the charges are customarily paid at the inception of an equity loan but are deferred for later payment after closing.

(10) Charges to Record. Charges an owner or an owner's spouse is required to pay for the purpose of recording equity loan documents in the official public record by public officials are fees subject to the two percent limitation.

(11) Charges to Insure an Equity Loan. Premiums an owner or an owner's spouse is required to pay to insure an equity loan are fees subject to the two percent limitation. Examples of these charges include title insurance and mortgage insurance protection, unless the premiums are otherwise excluded under paragraph (15) of this section.

(12) Charges to Service. Charges paid by an owner or an owner's spouse for a party to service an equity loan that are not interest under §153.11(11) of this title are fees subject to the two percent limitation if the charges are paid at the inception of the loan, or if the charges are customarily paid at the inception of an equity loan but are deferred for later payment after closing.

(13) Exclusion for Appraisal Fee. A fee for an appraisal performed by a third party appraiser is not a fee subject to the two percent limitation. The appraisal must be performed by a person who is not an employee of the lender. The excludable appraisal fee is limited to the amount paid to the appraiser for the completion of the appraisal, and does not include an appraisal management services fee described by Texas Occupations Code, §1104.158(a)(2).

(14) Exclusion for Property Survey Fee. A fee for a property survey performed by a state registered or licensed surveyor is not a fee subject to the two percent limitation. The property survey must be performed by a person who is licensed or registered under Texas Occupations Code, Chapter 1071.

(15) Exclusion for Title Insurance Premium. A state base premium for a mortgagee policy of title insurance with endorsements established in accordance with state law is not a fee subject to the two percent limitation.

(A) The excludable premium is limited to the applicable basic premium rate for title insurance published by the Texas Department of Insurance, plus authorized premiums for applicable endorsements.

(B) Any mortgagee policy for the equity loan must be provided by a company authorized to do business in this state.

(C) If additional premiums for endorsements are charged, the endorsements must be applicable to the mortgagee policy for the equity loan. Rules adopted by the Texas Department of Insurance govern the applicability of endorsements and the authorized amount of the premium for each endorsement.

(16) Exclusion for Title Examination Report Fee. A fee for a title examination report is not a fee subject to the two percent limitation if its cost is less than the state base premium for a mortgagee policy of title insurance without endorsements established in accordance with state law.

(A) The excludable fee must be less than the applicable basic premium rate for title insurance published by the Texas Department of Insurance, not including any additional premiums for endorsements.

(B) The fee for a title examination report may not be excluded from the two percent limitation if the equity loan is covered by a mortgagee policy of title insurance.

(C) The fee must comply with applicable law. If the equity loan is a secondary mortgage loan under Texas Finance Code, Chapter 342, then the fee is limited to a reasonable fee for a title examination and preparation of an abstract of title by an attorney who is not an employee of the lender, or a title company or property search company authorized to do business in this state, as provided by Texas Finance Code, §342.308(a)(1).

(17) Secondary Mortgage Loans. A lender making an equity loan that is a secondary mortgage loan under Texas Finance Code, Chapter 342 may charge only those fees permitted in Texas Finance Code, §§342.307, 342.308, and 342.502. A lender must comply with the provisions of Texas Finance Code, Chapter 342 and the constitutional restrictions on fees in connection with a secondary mortgage loan made under Texas Finance Code, Chapter 342.

(18) Escrow Funds. A lender may provide escrow services for an equity loan. Because funds tendered by an owner or an owner's spouse into an escrow account remain the property of the owner or the owner's spouse those funds are not fees subject to the two percent limitation. Examples of escrow funds include account funds collected to pay taxes, insurance premiums, maintenance fees, or homeowner's association assessments. A lender must not contract for a right of offset against escrow funds pursuant to Section 50(a)(6)(H).

(19) Subsequent Events. The two percent limitation pertains to fees paid or contracted for by an owner or owner's spouse at the inception or at the closing of an equity loan. On the date the equity loan is closed an owner or an owner's spouse may agree to perform certain promises during the term of the equity loan. Failure to perform an obligation of an equity loan may trigger the assessment of costs to the owner or owner's spouse. The assessment of costs is a subsequent event triggered by the failure of the owner's or owner's spouse to perform under the equity loan agreement and is not a fee subject to the two percent limitation. Examples of subsequent event costs include contractually permitted charges for force-placed homeowner's insurance costs, returned check fees, debt collection costs, late fees, and costs associated with foreclosure.

(20) Property Insurance Premiums. Premiums an owner or an owner's spouse is required to pay to purchase homeowner's insurance coverage are not fees subject to the two percent limitation. Examples of property insurance premiums include fire and extended coverage insurance and flood insurance. Failure to maintain this insurance is generally a default provision of the equity loan agreement and not a condition of the extension of credit. The lender may

collect and escrow premiums for this insurance and include the premium in the periodic payment amount or principal amount. If the lender sells insurance to the owner, the lender must comply with applicable law concerning the sale of insurance in connection with a mortgage loan.

§153.7. Prohibition on Prepayment Penalties: Section 50(a)(6)(G).

An equity loan may be paid in advance without penalty or other charge.

(1) A lender may not charge a penalty to a borrower for paying all or a portion of an equity loan early.

(2) A lockout provision is not permitted in an equity loan agreement because it is considered a prepayment penalty.

§153.8. Security of the Equity Loan: Section 50(a)(6)(H).

An equity loan must not be secured by any additional real or personal property other than the homestead. The definition of "homestead" is located at Section 51 of Article XVI, Texas Constitution, and Chapter 41 of the Texas Property Code.

(1) A lender and an owner or an owner's spouse may enter into an agreement whereby a lender may acquire an interest in items incidental to the homestead. An equity loan secured by the following items is not considered to be secured by additional real or personal property:

(A) escrow reserves for the payment of taxes and insurance;
(B) an undivided interest in a condominium unit, a planned unit development, or the right to the use and enjoyment of certain property owned by an association;
(C) insurance proceeds related to the homestead;
(D) condemnation proceeds;
(E) fixtures; or
(F) easements necessary or beneficial to the use of the homestead, including access easements for ingress and egress.

(2) A guaranty or surety of an equity loan is not permitted. A guaranty or surety is considered additional property for purposes of Section 50(a)(6)(H). Prohibiting a guaranty or surety is consistent with the prohibition against personal liability in Section 50(a)(6)(C). An equity loan with a guaranty or surety would create indirect liability against the owner. The constitutional home equity lending provisions clearly provide that the homestead is the only allowable collateral for an equity loan. The constitutional home equity provisions prohibit the lender from contracting for recourse of any kind against the owner or owner's spouse, except for provisions providing for recourse against the owner or spouse when the extension of credit is obtained by actual fraud.

(3) A contractual right of offset in an equity loan agreement is prohibited.

(4) A contractual cross-collateralization clause in an equity loan agreement is prohibited.

(5) Any equity loan on an urban homestead that is secured by more than ten acres is secured by additional real property in violation of Section (50)(a)(6)(H).

§153.9. Acceleration: Section 50(a)(6)(J).

An equity loan may not be accelerated because of a decrease in the market value of the homestead or because of the owner's default under other indebtedness not secured by a prior valid encumbrance against the homestead.

(1) An equity loan agreement may contain a provision that allows the lender to accelerate the loan because of a default under the covenants of the loan agreement. Examples of these provisions include a promise to maintain the property or not remove improvements to the property that indirectly affects the market value of the homestead.

(2) A contractual cross-default clause is permitted only if the lien associated with the equity loan agreement is subordinate to the lien that is referenced by the cross default clause.

Source: The provisions of this §153.9 adopted to be effective January 7, 2004, 29 TexReg 86; reviewed and readopted to be effective June 20, 2008, 33 TexReg 5352; reviewed and readopted to be effective June 21, 2013, 38 TexReg 4393; reviewed and readopted to be effective July 28, 2016, 41 TexReg 5448.

§153.10. Number of Loans: Section 50(a)(6)(K).

An equity loan must be the only debt secured by the homestead at the time the extension of credit is made unless the other debt was made for a purpose described by Section 50(a)(1)-(a)(5) or (a)(8).

(1) Number of Equity Loans. An owner may have only one equity loan at a time, regardless of the aggregate total outstanding debt against the homestead.

(2) Loss of Homestead Designation. If under Texas law the property ceases to be the homestead of the owner, then the lender, for purposes of Section 50(a)(6)(K), may treat what was previously a home equity mortgage as a non-homestead mortgage.

Source: The provisions of this §153.10 adopted to be effective January 7, 2004, 29 TexReg 86; reviewed and readopted to be effective June 20, 2008, 33 TexReg 5352; reviewed and readopted effective June 21, 2013, 38 TexReg 4393; reviewed and readopted to be effective July 28, 2016, 41 TexReg 5448.

§153.11. Repayment Schedule: Section 50(a)(6)(L)(i).

Unless an equity loan is a home equity line of credit under Section 50(a)(6)(t), the loan must be scheduled to be repaid in substantially equal successive periodic installments, not more often than every 14 days and not less often than monthly, beginning no later than two months from the date the extension of credit is made, each of which equals or exceeds the amount of accrued interest as of the date of the scheduled installment.

(1) The two month time period contained in Section 50(a)(6)(L)(i) begins on the date of closing.

(2) For purposes of Section 50(a)(6)(L)(i), a month is the period from a date in a month to the corresponding date in the succeeding month. For example, if a home equity loan closes on March 1, the first installment must be due no later than May 1. If the succeeding month does not have a corresponding date, the period ends on the last day of the succeeding month. For example, if a home equity loan closes on July 31, the first installment must be due no later than September 30.

(3) For a closed-end equity loan to have substantially equal successive periodic installments, some amount of principal must be reduced with each installment. This requirement prohibits balloon payments.

(4) Section 50(a)(6)(L)(i) does not preclude a lender's recovery of payments as necessary for other amounts such as taxes, adverse liens, insurance premiums, collection costs, and similar items.

§153.12. Closing Date: Section 50(a)(6)(M)(i).

An equity loan may not be closed before the 12th calendar day after the later of the date that the owner submits an application for the loan to the lender or the date that the lender provides the owner a copy of the required consumer disclosure. One copy of the required consumer disclosure may be provided to married owners. For purposes of determining the earliest permitted closing date, the next succeeding calendar day after the later of the date that the owner submits an application for the loan to the lender or the date that the lender provides the owner a copy of the required consumer disclosure is the first day of the 12-day waiting period. The equity loan may be closed at any time on or after the 12th calendar day after the later of the date that the owner submits an application for the loan to the lender or the date that the lender provides the owner a copy of the required consumer disclosure.

(1) Submission of a loan application to an agent acting on behalf of the lender is submission to the lender.

(2) A loan application may be given orally or electronically.

Source: The provisions of this §153.12 adopted to be effective January 7, 2004, 29 TexReg 86; reviewed and amended to be effective November 13, 2008, 33 TexReg 9075; reviewed and readopted to be effective June 21, 2013, 38 TexReg 4393; reviewed and readopted to be effective July 28, 2016, 41 TexReg 5448.

§153.13. Preclosing Disclosure: Section 50(a)(6)(M)(ii).

An equity loan may not be closed before one business day after the date that the owner of the homestead receives a copy of the loan application, if not previously provided, and a final itemized disclosure of the actual fees, points, interest, costs, and charges that will be charged at closing. If a bona fide emergency or another good cause exists and the lender obtains the written consent of the owner, the lender may provide the preclosing disclosure to the owner or the lender may modify the previously provided preclosing disclosure on the date of closing.

(1) For purposes of this section, the "preclosing disclosure" consists of a copy of the loan application, if not previously provided, and a final itemized disclosure of the actual fees, points, interest, costs, and charges that will be charged at closing.

(2) The copy of the loan application submitted to the owner in satisfaction of the preclosing disclosure requirement must be the most current version at the time the document is delivered. The lender is not obligated to provide another copy of the loan application if the only difference from the version previously provided to the owner is formatting. The lender is not obligated to give another copy of the loan application if the information contained on the more recent application is the same as that contained on the application of which the owner has a copy.

(3) A lender must deliver to the owner a final itemized disclosure of the actual fees, points, interest, costs, and charges that will be charged at closing.

(A) For a closed-end equity loan, the lender may satisfy this requirement by delivering a properly completed closing disclosure under Regulation Z, 12 C.F.R. Section 1026.19(f) and Section 1026.38.

(B) For a home equity line of credit, the lender may satisfy this requirement by delivering properly completed account-opening disclosures under Regulation Z, 12 C.F.R. Section 1026.6(a).

(4) Bona fide emergency.

(A) An owner may consent to receive the preclosing disclosure or a modification of the preclosing disclosure on the date of closing in the case of a bona fide emergency occurring before the date of the extension of credit. An equity loan secured by a homestead in an area designated by Federal Emergency Management Agency (FEMA) as a disaster area is an example of a bona fide emergency if the homestead was damaged during FEMA's declared incident period.

(B) To document a bona fide emergency modification, the lender should obtain a written statement from the owner that:

- (i) describes the emergency;
- (ii) specifically states that the owner consents to receive the preclosing disclosure or a modification of the preclosing disclosure on the date of closing;
- (iii) bears the signature of all of the owners entitled to receive the preclosing disclosure; and
- (iv) affirms the owner has received notice of the owner's right to receive a final itemized disclosure containing all actual fees, points, costs, and charges one day prior to closing.

(5) Good cause. An owner may consent to receive the preclosing disclosure or a modification of the preclosing disclosure on the date of closing if another good cause exists.

(A) Good cause to modify the preclosing disclosure or to receive a subsequent disclosure modifying the preclosing disclosure on the date of closing may only be established by the owner.

(i) The term "good cause" as used in this section means a legitimate or justifiable reason, such as financial impact or an adverse consequence.

(ii) At the owner's election, a good cause to modify the preclosing disclosure may be established if:

(I) the modification does not create a material adverse financial consequence to the owner; or

(II) a delay in the closing would create an adverse consequence to the owner.

(iii) The term "de minimis" as used in this section means a very small or insignificant amount.

(B) At the owner's election, a de minimis good cause standard may be presumed if:

(i) the total actual disclosed fees, costs, points, and charges on the date of closing do not exceed in the aggregate more than the greater of \$100 or 0.125 percent of the principal amount of the loan (e.g. 0.125 percent on a \$80,000 principal loan amount equals \$100) from the initial preclosing disclosure; and

(ii) no itemized fee, cost, point, or charge exceeds more than the greater of \$100 or 0.125 percent of the principal amount of the loan than the amount disclosed in the initial preclosing disclosure.

(C) To document a good cause modification of the disclosure, the lender should obtain a written statement from the owner that:

(i) describes the good cause;

(ii) specifically states that the owner consents to receive the preclosing disclosure on the date of closing;

(iii) bears the signature of all of the owners entitled to receive the preclosing disclosure; and

(iv) affirms the owner has received notice of the owner's right to receive a final itemized disclosure containing all fees, costs, points, or charges one day prior to closing.

(6) An equity loan may be closed at any time during normal business hours on the next business day following the calendar day on which the owner receives the preclosing disclosure or any calendar day thereafter.

(7) The owner maintains the right of rescission under Section 50(a)(6)(Q)(viii) even if the owner exercises an emergency or good cause modification of the preclosing disclosure.

§153.14. One Year Prohibition: Section 50(a)(6)(M)(iii).

An equity loan may not be closed before the first anniversary of the closing date of any other equity loan secured by the same homestead property.

(1) Section 50(a)(6)(M)(iii) prohibits an owner who has obtained an equity loan from:

(A) refinancing the equity loan before one year has elapsed since the loan's closing date; or

(B) obtaining a new equity loan on the same homestead property before one year has elapsed since the previous equity loan's closing date, regardless of whether the previous equity loan has been paid in full.

(2) Section 50(a)(6)(M)(iii) does not prohibit modification of an equity loan before one year has elapsed since the loan's closing date. A modification of a home equity loan occurs when one or more terms of an existing equity loan is modified, but the note is not satisfied and replaced. A home equity loan and a subsequent modification will be considered a single transaction. The home equity requirements of Section 50(a)(6) will be applied to the original loan and the subsequent modification as a single transaction.

(A) A modification of an equity loan must be agreed to in writing by the borrower and lender, unless otherwise required by law. An example of a modification that is not required to be in writing is the modification required under the Servicemembers Civil Relief Act, 50 U.S.C. app. Sections 501-597b.

(B) The advance of additional funds to a borrower is not permitted by modification of an equity loan.

(C) A modification of an equity loan may not provide for new terms that would not have been permitted by applicable law at the date of closing of the extension of credit.

(D) The two percent limitation required by Section 50(a)(6)(E) applies to the original home equity loan and any subsequent modification as a single transaction.

§153.15. Location of Closing: Section 50(a)(6)(N).

An equity loan may be closed only at an office of the lender, an attorney at law, or a title company. The lender is anyone authorized under Section 50(a)(6)(P) that advances funds directly to the owner or is identified as the payee on the note.

(1) An equity loan must be closed at the permanent physical address of the office or branch office of the lender, attorney, or title company. The closing office must be a permanent physical address so that the closing occurs at an authorized physical location other than the homestead.

(2) Any power of attorney allowing an attorney-in-fact to execute closing documents on behalf of the owner or the owner's spouse must be signed by the owner or the owner's spouse at an office of the lender, an attorney at law, or a title company. A lender may rely on an established system of verifiable procedures to evidence compliance with this paragraph. For example, this system may include one or more of the following:

(A) a written statement in the power of attorney acknowledging the date and place at which the power of attorney was executed;

(B) an affidavit or written certification of a person who was present when the power of attorney was executed, acknowledging the date and place at which the power of attorney was executed; or

(C) a certificate of acknowledgement signed by a notary public under Chapter 121, Civil Practice and Remedies Code, acknowledging the date and place at which the power of attorney was executed.

(3) The consent required under Section 50(a)(6)(A) must be signed by the owner and the owner's spouse, or an attorney-in-fact described by paragraph (2) of this subsection, at an office of the lender, an attorney at law, or a title company.

§153.16. Rate of Interest: Section 50(a)(6)(O).

A lender may contract for and receive any fixed or variable rate of interest authorized under statute.

(1) An equity loan that provides for interest must comply with constitutional and applicable law. Interest rates on certain first mortgages are not limited on loans subject to the federal Depository Institutions Deregulation and Monetary Control Act of 1980 and the Alternative Mortgage Transaction Parity Act. Chapter 342 of the Texas Finance Code provides for a maximum rate on certain secondary mortgage loans. Chapter 124 of the Texas Finance Code and federal law provide for maximum rates on certain mortgage loans made by credit unions. These statutes operate in conjunction with Section 50(a) and other constitutional sections.

(2) An equity loan must amortize and contribute to amortization of principal.

(3) The lender may contract to vary the scheduled installment amount when the interest rate adjusts on a variable rate equity loan. A variable-rate loan is a mortgage in which the lender, by contract, can adjust the mortgage's interest rate after closing in accordance with an external index.

(4) The scheduled installment amounts of a variable rate equity loan must be:

(A) substantially equal between each interest rate adjustment; and

(B) sufficient to cover at least the amount of interest scheduled to accrue between each payment date and a portion of the principal.

(5) An equity loan agreement may contain an adjustable rate of interest that provides a maximum fixed rate of interest pursuant to a schedule of steps or tiered rates or provides a lower initial interest rate through the use of a discounted rate at the beginning of the loan.

§153.17. Authorized Lenders: Section 50(a)(6)(P).

An equity loan must be made by one of the following that has not been found by a federal regulatory agency to have engaged in the practice of refusing to make loans because the applicants for the loans reside or the property proposed to secure the loans is located in a certain area: a bank, savings and loan association, savings bank, or credit union doing business under the laws of this state or the United States; including a subsidiary of a bank, savings and loan association, savings bank, or credit union described by this section; a federally chartered lending instrumentality or a person approved as a mortgagee by the United States government to make federally insured loans; a person licensed to make regulated loans, as provided by statute of this state; a person who sold the homestead property to the current owner and who provided all or part of the financing for the purchase; a person who is related to the homestead owner within the second degree of affinity and consanguinity; or a person regulated by this state as a mortgage banker or mortgage company.

(1) An authorized lender under Texas Finance Code, Chapter 341 must meet both constitutional and statutory qualifications to make an equity loan.

(2) A HUD-approved mortgagee is a person approved as a mortgagee by the United States government to make federally insured loans for purposes of Section 50(a)(6)(P)(ii). Loan correspondents to a HUD-approved mortgage are not authorized lenders of equity loans unless qualifying under another provision of Section 50(a)(6)(P).

(3) A person who is licensed under Texas Finance Code, Chapter 156 is a person regulated by this state as a mortgage company for purposes of Section 50(a)(6)(P)(vi). A person who is registered under Texas Finance Code, Chapter 157 is a person regulated by this state as a mortgage banker for purposes of Section 50(a)(6)(P)(vi).

(4) A person who is licensed under Texas Finance Code, Chapter 342 is a person licensed to make regulated loans for purposes of Section 50(a)(6)(P)(iii). If a person is not described by Section 50(a)(6)(P)(i),(ii),(iv),(v), or (vi), then the person must obtain a license under Texas Finance Code, Chapter 342 in order to be authorized to make an equity loan under Section 50(a)(6)(P)(iii).

§153.18. Limitation on Application of Proceeds: Section 50(a)(6)(Q)(i).

An equity loan must be made on the condition that the owner of the homestead is not required to apply the proceeds of the extension of credit to repay another debt except debt secured by the homestead or debt to another lender.

(1) The lender may not require an owner to repay a debt owed to the lender, unless it is a debt secured by the homestead. The lender may require debt secured by the homestead or debt to another lender or creditor be paid out of the proceeds of an equity loan.

(2) An owner may apply for an equity loan for any purpose. An owner is not precluded from voluntarily using the proceeds of an equity loan to pay on a debt owed to the lender making the equity loan.

§153.20. No Blanks in Any Instrument: Section 50(a)(6)(Q)(iii).

A home equity loan must be made on the condition that the owner of the homestead not sign any instrument in which blanks are left to be filled in.

(1) This Section of the Constitution prohibits the owner of the homestead from signing any instrument in which blanks are "left to be filled in". This Section is intended to prohibit a person other than the owner from completing one or more blanks in an instrument after the owner has signed the instrument and delivered it to the lender, thereby altering a party's obligation created in the instrument. Not all documents or records executed in connection with an equity loan are instruments, and not all blanks contained in an instrument are "blanks that are left to be filled in" as contemplated by this Section.

(2) As used in this Section, the term instrument means a document or record that creates or alters a legal obligation of a party. A disclosure required under state or federal law is not an instrument if the disclosure does not create or alter the obligation of a party.

(3) If at the time the owner signs an instrument, a blank is completed or box checked which indicates the owner's election to select one of multiple options offered (such as an election to select a fixed rate instead of an adjustable rate) and the owner therefore by implication has

excluded the non-selected options, the instrument does not contain "blanks left to be filled in" when the non-selected option is left blank.

§153.22. Copies of Documents: Section 50(a)(6)(Q)(v).

At closing, the lender must provide the owner with a copy of the final loan application and all executed documents that are signed by the owner at closing in connection with the equity loan. One copy of these documents may be provided to married owners. This requirement does not obligate the lender to give the owner copies of documents that were signed by the owner prior to or after closing.

§153.24. Release of Lien: Section 50(a)(6)(Q)(vii).

The lender must cancel and return the note to the owner and give the owner a release of lien or a copy of an endorsement and assignment of the lien to another lender refinancing the loan within a reasonable time after termination and full payment of the loan. The lender or holder, at its option, may provide the owner a release of lien or an endorsement and assignment of the lien to another lender refinancing the loan.

(1) The lender will perform these services and provide the documents required in 50(a)(6)(Q)(vii) without charge.

(2) This section does not require the lender to record or pay for the recordation of the release of lien.

(3) Thirty days is a reasonable time for the lender to perform the duties required under this section.

(4) An affidavit of lost or imaged note, or equivalent, may be returned to the owner in lieu of the original note, if the original note has been lost or imaged.

§153.25. Right of Rescission: Section 50(a)(6)(Q)(viii).

The owner of the homestead and any spouse of the owner may, within three days after the extension of credit is made, rescind the extension of credit without penalty or charge.

(1) This provision gives the owner's spouse, who may not be in record title or have community property ownership, the right to rescind the transaction.

(2) The owner and owner's spouse may rescind the extension of credit within three calendar days. If the third calendar day falls on a Sunday or federal legal public holiday then the right of rescission is extended to the next calendar day that is not a Sunday or federal legal public holiday.

(3) A lender must comply with the provisions of the Truth-in-Lending Act permitting the borrower three business days to rescind a mortgage loan in applicable transactions. Lender compliance with the right of rescission procedures in the Truth-in-Lending Act and Regulation Z, satisfies the requirements of this section if the notices required by Truth-in-Lending and Regulation Z are given to each owner and to each owner's spouse.

§153.41. Refinance of a Debt Secured by a Homestead: Section 50(e).

A refinance of debt secured by a homestead and described by any subsection under Subsections (a)(1)-(a)(5) of Section 50 of the Texas Constitution that includes the advance of additional funds may not be secured by a valid lien against the homestead unless: (1) the refinance of the debt is an extension of credit described by Subsection (a)(6) or (a)(7) of Section 50 of the Texas Constitution; or (2) the advance of all the additional funds is for reasonable costs necessary to refinance such debt or for a purpose described by Subsection (a)(2), (a)(3), or (a)(5) of Section 50 of the Texas Constitution.

- (1) Reasonableness and necessity of costs relate to the type and amount of the costs.
- (2) In a secondary mortgage loan, reasonable costs are those costs which are lawful in light of the governing or applicable law that authorizes the assessment of particular costs. In the context of other mortgage loans, reasonable costs are those costs which are lawful in light of other governing or applicable law.
- (3) Reasonable and necessary costs to refinance may include reserves or impounds (escrow trust accounts) for taxes and insurance, if the reserves comply with applicable law.

§153.45. Refinance of an Equity Loan: Section 50(f).

A refinance of debt secured by the homestead, any portion of which is an extension of credit described by Subsection (a)(6) of Section 50, may not be secured by a valid lien against the homestead unless either the refinance of the debt is an extension of credit described by Subsection (a)(6) or (a)(7) of Section 50, or all of the conditions in Section 50(f)(2) are met.

(1) One Year Prohibition. To meet the condition in Section 50(f)(2)(A), the refinance may not be closed before the first anniversary of the closing date of the equity loan. For purposes of this section, the closing date of the refinance is the date on which the owner signs the loan agreement for the refinance.

(2) Advance of Additional Funds. To meet the condition in Section 50(f)(2)(B), the refinance may not include the advance of any additional funds other than funds advanced to refinance a debt described by Subsections (a)(1) through (a)(7) of Section 50, or actual costs and reserves required by the lender to refinance the debt.

(A) In order to be included in the funds advanced for the refinance, actual costs must be identifiable, must be actually required by the lender to refinance the debt, and must comply with any applicable limitations on costs.

(B) In order to be included in the funds advanced for the refinance, reserves (e.g., an escrow account for taxes and insurance) must be actually required by the lender to refinance the debt, and must comply with applicable law.

(C) Amounts that the owner pays before or at closing (e.g., through cash, check, or electronic funds transfer) are not advanced by the lender, and are not subject to the limitation on the advance of additional funds.

(3) 80 Percent Limitation on Loan Amount. To meet the condition in Section 50(f)(2)(C), the refinance of the extension of credit must be of a principal amount that when added to the aggregate total of the outstanding principal balances of all other indebtedness secured by valid encumbrances of record against the homestead does not exceed 80 percent of the fair market value of the homestead on the date the refinance of the extension of credit is made.

(A) The principal amount of the refinance is the sum of the amount advanced and any charges at the inception of the refinance, to the extent these charges are financed in the principal amount of the refinance.

(B) The principal balance of all outstanding debt secured by the homestead on the date the refinance is made determines the maximum principal amount of the refinance.

(C) The principal amount of the refinance does not include interest accrued after the date the refinance is made (other than any interest capitalized and added to the principal balance on the date the refinance is made), or other amounts advanced by the lender after closing as a result of default, including for example, ad valorem taxes, hazard insurance premiums, and authorized collection costs, including reasonable attorney's fees.

(4) Refinance Disclosure. To meet the condition in Section 50(f)(2)(D), the lender must provide the refinance disclosure described in Section 50(f)(2)(D) to the owner on a separate document not later than the third business day after the date the owner submits the loan application to the lender and at least 12 days before the date the refinance of the extension of credit is closed.

(A) Submission of a loan application to an agent acting on behalf of the lender is submission to the lender. A loan application may be given orally or electronically.

(B) For purposes of Section 50(f)(2)(D), the application is submitted on the date the owner submits a loan application specifically for a refinance of a home equity loan to a non-home-equity loan. If the owner initially applies for another type of loan, then the application is considered submitted on the earliest of:

(i) the date the owner modifies the application, orally or in writing, to specify that it is for a refinance of a home equity loan to a non-home-equity loan; or

(ii) the date the owner submits a new application specifically for a refinance of a home equity loan to a non-home-equity loan.

(C) For purposes of determining the earliest permitted closing date, the next succeeding calendar day after the date that the lender provides the owner a copy of the required refinance disclosure is the first day of the 12-day waiting period. The refinance may be closed at any time on or after the 12th calendar day after the lender provides the owner a copy of the required refinance disclosure.

(D) The lender must deliver the refinance disclosure or place it in the mail no later than the third business day after the owner submits the loan application. The refinance disclosure must be delivered to the owner at least 12 days before the refinance is closed. If a lender mails the refinance disclosure to the owner, the lender must allow a reasonable period of time for delivery. A period of three calendar days, not including Sundays and federal legal public holidays, constitutes a rebuttable presumption for sufficient mailing and delivery.

(E) One copy of the required refinance disclosure may be provided to married owners.

(F) The refinance disclosure is only a summary of the owner's rights, which are governed by the substantive terms of the constitution. The substantive requirements prevail regarding a lender's responsibilities in an equity loan or refinance. A lender may supplement the refinance disclosure to clarify any discrepancies or inconsistencies.

(G) A lender may rely on an established system of verifiable procedures to evidence compliance with this paragraph.

(H) The Finance Commission will publish a Spanish translation of the refinance disclosure on its website. A lender whose discussions with the owner are conducted primarily in Spanish may provide the Finance Commission's Spanish translation to the owner, although the Spanish translation is not required by Section 50(f)(2).

§153.51. Consumer Disclosure: Section 50(g).

An equity loan may not be closed before the 12th day after the lender provides the owner with the consumer disclosure on a separate instrument.

(1) If a lender mails the consumer disclosure to the owner, the lender shall allow a reasonable period of time for delivery. A period of three calendar days, not including Sundays and federal legal public holidays, constitutes a rebuttable presumption for sufficient mailing and delivery.

(2) Certain provisions of the consumer disclosure do not contain the exact identical language concerning requirements of the equity loan that have been used to create the substantive requirements of the loan. The consumer notice is only a summary of the owner's rights, which are governed by the substantive terms of the constitution. The substantive requirements prevail regarding a lender's responsibilities in an equity loan transaction. A lender may supplement the consumer disclosure to clarify any discrepancies or inconsistencies.

(3) A lender may rely on an established system of verifiable procedures to evidence compliance with this section.

(4) A lender whose discussions with the borrower are conducted primarily in Spanish for a close-end loan may rely on the translation of the consumer notice developed under the requirements of Texas Finance Code, §341.502. Such notice shall be made available to the public through publication on the Finance Commission's webpage.

(5) If the owner has executed a power of attorney described by §153.15(2) of this title (relating to Location of Closing: Section 50(a)(6)(N)), then the lender may provide the consumer disclosure to the attorney-in-fact instead of providing it to the owner.

§153.82. Owner Requests for HELOC Advance: Section 50(t)(1).

A home equity line of credit (HELOC) is a form of an open-end account that may be debited from time to time, under which credit may be extended from time to time and under which the owner requests advances, repays money, and reborrows money. Any owner who is also a named

borrower on the HELOC may request an advance. A HELOC agreement may contain provisions that restrict which borrowers may request an advance or require all borrowers to consent to the request.

§153.84. Restrictions on Devices and Methods to Obtain a HELOC Advance: Section 50(t)(3).

A HELOC is a form of an open-end account that may be debited from time to time, under which credit may be extended from time to time and under which an owner is prohibited from using a credit card, debit card, or similar device, or preprinted check unsolicited by the borrower to obtain a HELOC advance.

(1) A lender may offer one or more non-prohibited devices or methods for use by the owner to request an advance. Permissible methods include contacting the lender directly for an advance, telephonic fund transfers, and electronic fund transfers. Examples of devices that are not prohibited include prearranged drafts, preprinted checks requested by the borrower, or written transfer instructions. Regardless of the permissible method or device used to obtain a HELOC advance, the amount of the advance must comply with:

- (A) the advance requirements in Section 50(t)(2); and
- (B) the loan to value limits in Section 50(t)(5).

(2) A borrower may from time to time specifically request preprinted checks for use in obtaining a HELOC advance but may not request the lender to periodically send preprinted checks to the borrower. A borrower may use a check reorder form, which may be included with preprinted checks, as a means of requesting a specific number of preprinted checks.

(3) An owner may, but is not required to, make in-person contact with the lender to request preprinted checks or to obtain a HELOC advance.

§153.85. Time the Extension of Credit is Established: Section 50(t)(4).

(a) A HELOC is a form of an open-end account that may be debited from time to time, under which credit may be extended from time to time and under which fees described in Section 50(a)(6)(E) are charged and collected only at the time the extension of credit is established and no fee is charged or collected in connection with any debit or advance.

(b) For the purpose of this section, the time the extension of credit is established for a HELOC refers to the date of closing.

§153.86. Maximum Principal Amount Extended under a HELOC: Section 50(t)(5).

A HELOC is a form of an open-end account that may be debited from time to time, under which credit may be extended from time to time and under which the maximum principal amount that may be extended under the account, when added to the aggregated total of the outstanding principal balances of all indebtedness secured by the homestead on the date the extension of credit is established, cannot exceed 80 percent of the fair market value of the homestead on the date the extension of credit is made.

(1) At the time the initial or subsequent advance is made, the principal amount of the advance must comply with Section 50(t)(5). The following amounts when added together must be equal to or less than 80 percent of the fair market value:

- (A) the amount of the advance;
- (B) the amount of the principal balance of the HELOC at the time of the advance; and
- (C) the principal balance outstanding of all other debts secured by the homestead on the date of the closing of the HELOC.

(2) An advance under Section 50(t)(5) must meet the requirements of Section 50(t)(2).

(3) The maximum principal balance of the HELOC that may be outstanding at any time must be determined on the date of closing and will not change through the term of the HELOC.

(4) For purposes of calculating the maximum principal balance under Section 50(t)(5), the outstanding principal balance of all other debts secured by the homestead is the principal balance outstanding of all other debts secured by the homestead on the date of the closing of the HELOC.

§153.88. Repayment Terms of a HELOC: Section 50(t)(8).

(a) A HELOC is a form of an open-end account that may be debited from time to time, under which credit may be extended from time to time and under which repayment is to be made in regular periodic installments, not more often than every 14 days and not less often than monthly, beginning not later than two months from the date the extension of credit is established, and during the period during which the owner may request advances, each installment equals or exceeds the amount of accrued interest; and after the period during which the owner may request advances, installments are substantially equal.

(b) Repayment of a HELOC is not required to begin until two months after the initial advance. For example, if an advance is not made at the time of closing, the repayment period is not required to begin until after the first advance. If there is no outstanding balance, then a payment is not required.

(c) Nothing in this section prohibits a borrower from voluntarily making payments on a schedule that is more frequent or earlier than is required by a lender.

§153.91. Adequate Notice of Failure to Comply.

(a) A borrower notifies a lender or holder of its alleged failure to comply with an obligation by taking reasonable steps to notify the lender or holder of the alleged failure to comply. The notification must include a reasonable:

- (1) identification of the borrower;
- (2) identification of the loan; and
- (3) description of the alleged failure to comply.

(b) A borrower is not required to cite in the notification the section of the Constitution that the lender or holder allegedly violated.

§153.93. Methods of Notification.

(a) At closing, the lender or holder may make a reasonably conspicuous designation in writing of the location where the borrower may deliver a written or oral notice of a violation under 50(a)(6)(Q)(x). The designation may include a mailing address, physical address, and telephone number. In addition, the lender or holder may designate an email address or other point of contact for delivery of a notice.

(b) If the lender or holder chooses to change the designated delivery location as provided in subsection (a) of this section, the address change does not become effective until the lender or holder sends conspicuous written notice of the address change to the borrower.

(c) The borrower may always deliver written notice to the registered agent of the lender or holder even if the lender or holder has named a delivery location.

(d) If the lender or holder does not designate a location where the borrower may deliver a notice of violation, the borrower may deliver the notice to any physical address or mailing address of the lender or holder.

(e) Delivery of the notice by borrower to lender or holder's designated delivery location or registered agent by certified mail return receipt or other carrier delivery receipt, signed by the lender or holder, constitutes a rebuttable presumption of receipt by the lender or holder.

(f) If the borrower opts for a location or method of delivery other than set out in subsection (e), the borrower has the burden of proving that the location and method of delivery were reasonably calculated to put the lender or holder on notice of the default.
